ADVISING: “STUDENT PLANNING ADVISING SESSION”

(MELISSA) Hello. I’m **Melissa Bova**. Welcome to Academic Advising. How can I help you today?

(STUDENT) Hi. I’m Carmen. I’d like to register, but I need help figuring out which classes I should take.

(MELISSA) Have you ever used Student Planning?

(STUDENT) No, what’s that?

(MELISSA) Student Planning is an online resource that provides students and advisors the tools they need to plan and track progress toward degree completion. Seeing your degree requirements in real time, and tracking which courses you have remaining, will empower you to take ownership of your education.

(STUDENT) How does it work?

(MELISSA) The “My Progress” screen shows you all the requirements you need to take in order to complete your degree, allowing you to plan courses for graduation, and even see how your credits would fit into a different degree program. Student Planning shows you which courses you’ve completed and those that are in progress ... in addition to which courses you still need to complete.

(STUDENT) But can I register with Student Planning?

(MELISSA) Absolutely! You can add specific course sections, and yes, you can register right from the “Plan and Schedule” page.

(STUDENT) This sounds great! Is it hard to learn?

(MELISSA) You’ll find tutorials and step by step videos at go.ocean.edu/studentplanning. If you need additional help, just stop by the Advising Office ... we’re happy to show you how to use Student Planning.

For more information, give us a call at 732-255-0300.

I hope to see you in the Advising Office soon!
