ACADEMIC CALENDAR

SUMMER 2013

FIRST FIVE-WEEK & TEN-WEEK SESSIONS
Mon., May 20.................................................................Classes Begin
Thurs., May 23..............................................................No Classes - Commencement
Mon., May 27..............................................................No Classes - College Closed
Tues., June 25..............................................................Last Day of Classes (1st 5-week)
Thurs., July 4..............................................................No Classes - College Closed
Wed., July 31..............................................................Last Day of Classes (10-week)

SECOND FIVE-WEEK & SIX-WEEK SESSIONS
Wed., June 26..............................................................Classes Begin
Thurs., July 4..............................................................No Classes - College Closed
Wed., July 31..............................................................Last Day of Classes (2nd 5-week)
Wed., August 7..............................................................Last Day of Classes (6-week)

POST SESSION (FOUR-DAY WEEK)
Monday, August 5..........................................................Classes Begin
Wednesday, August 28................................................Last Day of Classes

FALL 2013

Wed., September 4..........................................................Classes Begin
Wed., November 27-Fri., November 29...............................No Classes
Fri., December 20...........................................................Last Day of Classes

SPRING 2014

Wed., January 22..............................................................Classes Begin
Mon., February 17..........................................................No Classes
Mon., March 24-Sun., March 30.............................No Classes-Spring Break
Wed., May 14..............................................................Last Day of Classes
Thurs., May 22..............................................................Commencement

The information contained herein is for academic years 2013-2014. The college reserves the right to change, add or delete courses, policies, fees and procedures. Ocean County College is a public two-year community college funded by Ocean County and the State of New Jersey.

Ocean County College prohibits discrimination on the basis of race, color, creed, sex, national origin, age, religion, marital status, sexual orientation, disability, ancestry, veteran’s status, or Vietnam-era veteran status. This institution complies with the provisions of Section 504 of the Rehabilitation Act of 1973.

The Ocean County College 2013-2014 Catalog is published by the OCC Office of College Relations Department and the Division of Academic Affairs.

New Jersey Association of Colleges and Universities
New Jersey Council of County Colleges

Documents verifying licensing and accreditation of Ocean County College by the State of New Jersey and by the Middle States Association of Colleges and Schools are available upon request in the Office of the President, Administration Building, second floor.

LOCATION
Located in the demographic center of Ocean County, in Toms River, the college is within 40 minutes commuting distance of all Ocean County citizens.

The relatively close proximity of the county to the metropolitan areas of New York, Philadelphia, Baltimore and Washington, D.C. makes it possible for students to take advantage of cultural offerings in these centers.

TRANSPORTATION
New Jersey Transit provides bus transportation to the college campus. For specific bus routes and schedules, call 800-772-2222 between 6:00am and midnight or go to NJtransit.com

OFF-CAMPUS COURSES
The college sponsors off-campus credit courses at various public school sites throughout the county. These classes are usually conducted in the evening hours from Monday through Thursday, during the regular semesters. There is an off-campus site within 20 minutes driving time of any location in Ocean County.

SOUTHERN EDUCATION CENTER (SEC)
The Southern Education Center is a full service OCC facility located at 195 Cedar Bridge Road in Manahawkin, NJ; near the Ocean County Vocational Technical MATES Building and Southern Regional High School. A variety of services are offered at the SEC including: Enrollment Services (Applications & Registrations, Transcripts, Advising/Counseling, Cashier & Financial Aid), Tutoring, and Student Life. The SEC affords residents of Southern Ocean County the opportunity to pursue credit and non-credit courses by offering day and evening classes year-round. The SEC has a state-of-the-art computer lab, classrooms, conference rooms and a student lounge where special events are often held.
For more information, call 732-255-0400 extension 680 or 609-978-2077.
HISTORY

The interest in establishing a facility for higher education in Ocean County dates back to 1957 when the Ocean County Board of Chosen Freeholders went on record favoring a study of the need for such a facility within the county.

In accordance with the provisions of the New Jersey State Law of 1962, which enabled counties to establish and operate colleges; the Board of Chosen Freeholders authorized an in-depth feasibility study. The research indicated a need and recommended that a two-year college for 900 students be established. Subsequently, a study by the State Department of Education supported these findings. Thereafter, the State Board of Education officially approved Ocean County’s request to establish a two-year college and substantiated the ability of the county to support it financially.

On November 5, 1963, the citizens of the county approved the establishment of a college in Ocean County by public referendum. Immediately thereafter on January 15, 1964, the Board of Chosen Freeholders adopted a resolution that established in Ocean County the first county college in the State of New Jersey. On March 4, 1964, the nine members of the Board of Trustees were appointed.

The selection of the college president, the architect and the campus site in fall of 1964 enabled the Board of Trustees and the Administration to plan for the educational programs and facilities to accommodate 900 full-time students. Key members of the administrative staff were appointed in September of 1965 to engage in the detailed planning necessary for the opening of the college in the fall of 1966.

Ocean County College has been accredited by the Middle States Association of Colleges and Secondary Schools since May 1969. In fall 2011, the college had an enrollment of more than 10,300 full- and part-time students. Many take advantage of courses offered in the evenings, on weekends, and at off-campus sites throughout the county.

In the face of continuing expansion of the student body and increasing instructional and service activities, the college continues to expend every effort to maintain the high quality programs that resulted in early accreditation.

CULTURAL STATEMENTS

"AN EXCEPTIONAL EDUCATION AT A PREMIER PUBLIC COLLEGE"

Vision Statement

Ocean County College aspires to be an institution of distinction where faculty and staff serve to awaken students to a love of learning. We foster educational innovation through effective teaching/learning strategies designed to develop and nurture intentional learners who are informed and empowered.

We employ technology and learning outcomes assessment to enhance student success. We offer quality life-enhancing cultural and athletic activities and take full advantage of our seacoast and Pineland environment to enhance the curriculum.

Our nationally recognized planning and resource management model, our institutional effectiveness design, and our continuing creation of strategic partnerships signify our intention of reinventing the collegiate structure and taking a leadership position in the academic community.

Our ultimate vision is to ensure that our students have what they need to transfer well, to find meaningful career opportunities, and to thrive in an increasingly diverse and complex world. Our vision is, very simply, to be the best.
PLANNING ASSUMPTIONS

Institutional growth will continue to a maximum total of 20,000 students on the main campus (developed to 30 percent of its land mass) by 2025, 8,000 students at the SEC by 2025, and an estimated 4,000 at the 2nd (WEC) extension site to be developed in 2020 for a total campus unduplicated enrollment of 32,000. Distance Learning enrollments will increase exponentially as we explore new markets and create new partnerships.

The major mission of the College will continue to be to serve the transfer needs of the students using specialized career and jobs programs, work partnerships, certificate programs, and vo-tech alliances to serve the career needs of the county, as they present themselves.

The major academic partnerships the College pursues will be to make transfer baccalaureate and masters programs available on the College’s main campus or create alliances with schools that offer our graduates distinct academic advantages. We will continue to work to arrange articulation agreements that allow our students to transfer seamlessly to quality schools with financial assistance opportunities.

The major values of the College will continue to be academic quality, variety and excellence of teaching/learning, and a national reputation for the academic preparedness and success of our graduates.

The educational delivery modes will continue to blend traditional classroom education with cutting edge technology in distance learning modes.

The College will continue to partner with the county and with business enterprises to develop resources that benefit the students and the citizens of Ocean County. We will continue to affirm a culture of assessment leading to improved accountability, transparency, and overall institutional quality, utilizing data-based decision making practices whenever they are effective.

Increasing globalization will require further internationalization of the curriculum.

Social and cultural change in the larger society will continue to place demands on the College for organizational flexibility.

We assume continuing fiscal support from the state and county, but we recognize the need to expand the College’s capital position through effective and low-risk leveraging.

MISSION & GOALS 2010-2015

Goal 1 Implement all appropriate recommendations for the advancement of Developmental Learning at the College;

Goal 2 Implement all appropriate recommendations for the integrated academic engagement of first-year students;

Goal 3 Advance student articulation needs;

Goal 4 Develop programs that will serve needs generated by current economic conditions in collaboration with community, educational, and business partners;

Goal 5 Develop a Teaching/Learning Institute on Campus for the improvement of teaching/learning as identified by learning assessment outcomes;

Goal 6 Enhance our distance learning potential;

Goal 7 Continue to recast the academic calendar for increased productivity.

Goal 8 Implement appropriate recommendations for the integrated campus engagement of all students;

Goal 9 Use results of the SENSE and CCSSE survey to assist with engagement assessment;

Goal 10 Continue to expand outreach to NJ STARS students and expand outreach to other targeted student demographic populations;

Goal 11 Transition to the new one-stop, enrollment management facility;

Goal 12 Join the effort for career services targeted at special populations;

Goal 13 Expand and enhance the College’s athletic program.

Goal 14 Use PACE or other appropriate instrument to measure employee attitudes and develop recommendations for improvement based on the outcomes;

Goal 15 Develop faculty subcommittees to create action plans based on 2010 CCSSE outcomes.

Goal 16 Continue to implement the Facilities Master Plan based on enrollment growth and the development of a campus for Kean at Ocean;

Goal 17 Explore innovative uses of technology in the classroom for both teaching/learning and classroom assessment techniques;

Goal 18 Complete ongoing technological upgrades identified in the IT plan.

Goal 19 Develop and implement as appropriate an employee succession plan for vacated positions;

Goal 20 Address the need to employ more diverse faculty and staff and to create bonds in the Mexican-American community;

Goal 21 Continue to use a mutual gains approach to collective bargaining and develop training programs to educate mid-management in the administration of labor contracts

Goal 22 Implement College-wide staff development and training programs with particular emphasis on comprehensive new employee orientation and services for troubled employees;

Goal 23 Undertake a comprehensive analysis of compensation, starting salary guidelines, and a classification system for non-represented employees;

Goal 24 Complete a comprehensive review of all current performance evaluation systems and make replacements with interactive, meaningful systems where needed.

Goal 25 Continue to refine the long-term capital financial plan to support expansion and refurbishment of the campus; ensure capital and operating budgets are properly aligned and revenue stream estimates are realistic;

Goal 26 Review outsourcing of services; assess efficiency and ROI; add or subtract as needed;

Goal 27 Use this strategic plan as a major measure for new money requests to the Planning and Budgeting Council.

Goal 28 Provide periodic professional development for the leadership team to continue to function effectively as a team;

Goal 29 Continue to meaningfully expand the use of an in-house electronic Board document management system for greater efficiency;

Goal 30 Restructure leadership meeting schedules for maximized efficiency.

Goal 31 Extend educational partnerships with Kean University, New Jersey City State University, Stockton College, and others, as appropriate;

Goal 32 Create an institution-based initiative using effective technology to engage alumni as active participants in fundraising.
ADMISSIONS

New Jersey's community colleges are "open door" institutions that admit all high school graduates, those holding graduate equivalency diplomas (GED), and all other persons 18 years of age or older who have the ability to benefit from post secondary education. The student applying for admission to Ocean County College is required to submit an application and credentials to the Office of Registration and Records as early as possible during the 6 months immediately prior to entrance. Applications will be considered when all the necessary steps have been completed.

The candidate is responsible for the completion of all admission requirements. These are listed below.

1. If a student attended a secondary school, an official transcript from the secondary school showing subjects completed and grades earned is requested. If the student is a high school graduate, the transcript must include the date of graduation. A State General Education Diploma (GED) may be submitted as evidence of high school graduation. Note: Financial aid programs require students to submit a high school transcript.

2. A completed application for admission. Application forms may be obtained from the high school guidance counselor, from the college Office of Registration and Records or from the college website. An online application for admission is available on our website.

All information to be filled in by the candidate should be completed and returned to the Office of Registration and Records.

3. Official transcripts forwarded to the Office of Registration and Records from any college previously attended.

4. A medical examination by a physician is required only of those individuals accepted into the nursing program.

5. Proof of residency.

Signing the application after listing the address may be sufficient. A copy of a valid New Jersey voter registration, driver's license, county I.D. card or official Ocean County high school transcripts are acceptable documents. Proof of residence must be satisfactory to college officials.

In order to qualify as a resident, an adult must have established legal, permanent domicile within the county for 1 year prior to the date of registration. Adjustments to residency status can only be made prior to the first day of class each semester.

6. Applicants for the NURSING PROGRAM are required to take the American College Test (ACT) or the Scholastic Aptitude Test (SAT). This requirement is waived if the applicant has a Bachelor's degree from a regionally accredited college or university and successful completion of A&P I & II with a minimum of a “C” within the last ten years or have a 2.7 college GPA which includes the General Education component of the Nursing Program.

REGISTRATION FOR COURSES

The registration dates and course schedules for each term are available on our website or from the Registration and Records Office. Registration forms are available in this office as well. Full time students must see an academic advisor before registering for classes, and obtain the advisor’s signature on the registration form. Part time students can obtain advising if they choose, but it is not required. Completed registration forms can be processed in the Registration and Records Office.

WebAdvisor

WebAdvisor is an online service for students that allows students to view semester schedules, check grades, register for courses (if approved), access transcripts, pay bills, and run program evaluations to detail exactly what courses are required for a particular degree. No login is required to view the semester schedules. WebAdvisor is available via Ocean Cruiser, our college portal.

STUDENT IMMUNIZATION REQUIREMENTS

New Jersey law requires that all students attending colleges in New Jersey show proof of immunization for measles, mumps, and rubella. This law requires all students born after 1956, who are matriculated in a degree program, and who did not attend an elementary or secondary school in New Jersey, to provide the college with a Certificate of Immunization.

ACADEMIC INFORMATION

OCC ONLINE SERVICES

There are a variety of online sites and services you will find helpful and/or be required to use while a student at OCC. Some require a login and password.

College Website

Almost any information a student might need can be found on the website at www.ocean.edu. From there you can browse through the many pages of information (the “Current Students” link is a good place to begin) or use our quick links or search feature to find something specific.

College Portal – Ocean Cruiser

Ocean Cruiser is the college portal and can be accessed via our main web page by clicking “Ocean Cruiser” at the top of the page. Ocean Cruiser contains a vast amount of information, and it is advised that a new student click on “first time user” (on the left side of the page) to become familiar with the many features this system provides. Some of this information is accessible without logging in, but to access all the system has to offer, you must log in. Your individual account should be available within 2 weeks of your application to the college being entered into our system. Your login is your firstname_lastname, all lower case and no spaces. Your password for initial access will be your 7-digit college ID#, which can be found either at the bottom of your acceptance letter to the college, your OCC ID card, or on the bill/schedule you received upon registration. Upon your first access, you will be required to choose a private password. Please make note of it and utilize the password hint feature!
Contained within Ocean Cruiser, you will find:

- **Email:** All students will receive an email account through the college. This can be accessed within Ocean Cruiser (after logging in) by clicking on the envelope icon at the top of the screen. Please be certain to check for email periodically as this is the college’s main method of communication with you. Your email address will be in the format firstname_lastname@ocmailcruiser.com.
- **WebAdvisor:** An online service that allows students to view semester course schedules, check official final course grades, register for courses, pay bills, get unofficial transcripts, and run program evaluations. The system can be accessed within Ocean Cruiser by clicking on the “WebAdvisor” tab at the top of the screen.
- **Coursework:** Some instructors will utilize Ocean Cruiser to post assignments or test grades within a course. Your individual instructor will let you know if this is utilized within a particular course.

### E-Learning/Online Classes

Ocean Online, OCC’s E-learning division, currently offers 5 COMPLETE online Associate Degree programs: Business, Criminal Justice, Homeland Security, General Studies, and Computer Science. Class offerings can be taken as part of a degree program or on a course by course basis according to student needs. Our online courses emphasize active participatory learning. Our courses are designed to engage students at the highest level of participation. Students are fully engaged in their coursework and scheduling. Online courses follow the same academic rigor and calendar as traditional on campus courses.

Ocean Online courses are designated on OCC’s Webadvisor by the section label DL. Easy access to your courses is provided through the OCC Portal, Campus Cruiser.

Questions? For more information contact the E-learning Office at 732-255-0514.

### Bookstore

Our Bookstore is located on our main campus, but it is also possible to shop at the Bookstore online. From the main web page of www.ocean.edu, click on the word “Bookstore” or from other pages, the link is http://bookstore.ocean.edu. You can set up your own online access by clicking first on “Log In” on the left, and then clicking “Register here” to establish a login and password for online purchases.

The college has so many names in our database that it is possible someone with your same first and last name already has a login. In that instance, the system will assign 4 random numbers after your name, which you will need to use as part of your Ocean Cruiser login ID, your email address, and your WebCT username. In order to find out if you have numbers after your name, and what they are, go to www.ocean.edu/username.htm. By inputting other information, you will find out if you are john_doe or john_doe1234.

### Academic Progress

The academic sanctions for failing to maintain satisfactory academic standards/progress may include probation, special probation, academic restriction, and academic suspension. These sanctions will be imposed on students who either fail to earn sufficient grade points or who continue to withdraw excessively from classes. More specifically, any student who has completed 12 or more semester hours with a cumulative grade point average below 2.0 (C average) or who has failed to earn at least 50 percent of all credits registered for on the official day of counting student enrollment for two or more consecutive semesters will have an academic sanction of probation, special probation, academic restriction or academic suspension imposed.

A student placed on academic restriction or suspension may appeal the action to the Academic Standards Committee.

### Academic Standing

In order to remain in good standing and become eligible for graduation, the student must maintain a C average or a grade-point average of 2.0. The cumulative grade-point average is computed by dividing the total grade points earned by the total semester hours attempted.

A student will be placed on academic probation if he/she earns a cumulative grade-point average of less than 2.0.

If the number of grade points is 12 or more below the points required to maintain a 2.0 average the student will be considered for academic restriction.

### EXAMPLE

<table>
<thead>
<tr>
<th>Course</th>
<th>Semester Hours</th>
<th>Letter Grade</th>
<th>Grade Points</th>
<th>Total Points</th>

<td>4</td>
<td>(D)</td>
<td>1</td>
<td>4</td>
</tr>
<tr>
<td>Course 4</td>
<td>3</td>
<td>(F)</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td>Course 5</td>
<td>2</td>
<td>(D)</td>
<td>1</td>
<td>2</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td></td>
<td></td>
<td>21</td>
<td></td>
</tr>
</tbody>
</table>

This student took 15 semester hours and received 21 grade points, a grade-point average of 1.4. This is below 2 so the student is on probation. However, since the total grade points are only 9 grade points short of the 30 required for a 2 average, the student is not academically restricted. A comparable report in two consecutive semesters would leave the student 18 points short and eligible for academic restriction. A student may continue on probation as long as the grade-point deficiency does not go below 12, but a 2 index is required for graduation.

If a restricted student fails to make appreciable progress, a one year suspension may be imposed during which no credit courses may be taken.

### Class Attendance

Ocean County College, recognizing that class attendance must be consistent with the objectives of the institution, will develop and maintain student attendance regulations and procedures that are consistent with these objectives.

Attendance at all classes and appointments is expected. Following Policy # 5162, at the beginning of each course, the instructor will state the attendance policy for that course. Individual instructors determine the attendance policies for their courses; however, if an instructor chooses to make absence a component of course grading procedures, grade penalties for absence may be imposed only when a student exceeds a 10% absence rate.

A student may withdraw without academic penalty at any time up to the 60% point of the semester. After that deadline, students cannot withdraw.

### Changes in Schedule

A student may drop a course at any time prior to the first date of the term and receive a full tuition refund. (See section on refunds concerning drops after the first date of classes.)

A student may add a course or change a schedule only during the designated Drop/Add time period after classes have begun. **No registration will be allowed after the attendance census date of the term.**
Schedule changes must be initiated on an official Add/Drop form. Instructors cannot accept changes in registration that have not been properly authorized. **Add/Drop forms can be obtained from the Registration and Records Office and must be submitted to Registration and Records prior to the attendance census date.**

After a semester begins, students who drop and add courses within the same day, even if done as separate transactions at different times of the day, will have tuition and fees processed on an even exchange concept. If the drop and add are on separate dates, tuition and fees for the drop will be processed according to the Refund Policy. The added courses will be billed at full rate.

A student may withdraw at any time up to the 60% point of the semester; a grade of "W" will be assigned. No withdrawals are allowed after that time. Exact withdrawal deadline dates are available on our website and posted in the Registration and Records office.

**Auditing a Course**

Students registered for audit are entitled to participate in all course activities but receive no credit. Permission to Audit forms are due to Registration & Records before the attendance census date of the term. In special circumstances a student may appeal in writing to the Academic Standards Committee for permission to change to audit after the census date, if he/she is passing at the time. No student may change from audit to credit. Audit students not fulfilling all course requirements may be required to withdraw from the course. The grade of "R" (registered for audit) will be recorded.

Any student who is auditing a course will still be financially responsible to the college for all tuition and fees.

**Incomplete Work**

A grade of "I" (Incomplete) may be awarded by an instructor if he/she approves a request received from the student no later than the day of the final examination. A valid reason for the request must be offered. Approval of the request will allow 30 days from the beginning of the next regular semester for the work to be completed (five days for prerequisites). However, if the student is enrolled in a course for which the "I" grade is a prerequisite, the work for the incomplete course must be made up by the fifth day of the next regular semester or the student must withdraw from the higher level course. Extensions in both cases may be granted by the instructor with the consent of the Vice President of Academic Affairs. When the work is completed, a change of grade form will be prepared by the instructor and forwarded to the Office of Registration and Records after all required signatures are obtained. If the work is not completed within 30 days of the following semester, the grade of "F" will automatically be recorded.

**Grading System**

The student is at all times responsible for his/her own academic progress and standing, for contributing by preparation for and participation in those classes in which he/she is enrolled and for maintaining an academic achievement record commensurate with his/her ability.

Reports showing the grades received by the student will be issued at the end of each semester. These reports will be available on WebAdvisor.

---

The following marks, with their value in grade points per semester hour of credit are used:

<table>
<thead>
<tr>
<th>GRADE POINTS PER SEMESTER HOUR</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
</tr>
<tr>
<td>B+</td>
</tr>
<tr>
<td>B</td>
</tr>
<tr>
<td>C+</td>
</tr>
<tr>
<td>C</td>
</tr>
<tr>
<td>D</td>
</tr>
<tr>
<td>F</td>
</tr>
<tr>
<td>W</td>
</tr>
<tr>
<td>I</td>
</tr>
<tr>
<td>R</td>
</tr>
<tr>
<td>P</td>
</tr>
<tr>
<td>NC</td>
</tr>
</tbody>
</table>

Incomplete grades (I) must be resolved prior to 30 days into the following semester (five days for prerequisites). Meanwhile, the initial grade report will indicate the "I" grade but will not affect the semester and grade point average. If the work is not complete within 30 days into the next regular semester or an extension is not granted by the Vice President of Academic Affairs, the grade of "F" will be recorded.

Any course may be repeated. Note that the second grade received is the one that counts toward the grade point average and the credits earned (even if the second grade is lower than the first).

**Nursing Program Requirements**

The minimum passing grade for nursing (NURS) courses is "C" (75%). All required courses in the nursing curriculum must also be passed at the "C" level or higher.

Students may not continue or reenter the program upon failure on the second attempt of a required nursing course or failure of a second required nursing course.

**Pass/No Credit Grading**

One free elective course outside the major field of study may be taken each semester during the sophomore year on a pass/no credit basis. A part-time student who has earned a minimum of twenty-eight (28) semester hours of credit may register on a pass-no credit basis for one elective course during any succeeding semester for a maximum of three courses. Students so registered shall be expected to complete all course requirements. The grade of P will be recorded for successful completion of each course with semester hours of credit applied toward a degree. A grade of "NC" - No Credit will be used to indicate unsuccessful completion of the course and will appear on the permanent record. In neither case will the grade point average be affected.
President’s List & Honors
The President’s Honors List is official recognition by the faculty of outstanding academic achievement. A student who has completed a minimum of 12 credits, with no grade lower than C in a given semester, and has achieved a semester grade point average of 3.50 or better qualifies for this honor. The President’s Honors List is compiled each semester. Part-time students are eligible for this honor at the completion of 16, 32, 48 and 64 credit hours respectively, having a cumulative grade point average of 3.50 or better.

A candidate whose final cumulative grade-point average is 3.50 or better will be graduated with honors:
- Cum Laude (3.50-3.79)
- Magna Cum Laude (3.80-3.89)
- Summa Cum Laude (3.90-4)

Enrollment on a full-time or part-time basis does not have to be maintained during consecutive semesters to qualify. If a student stops attending for one semester or more, the cumulative average will be the determinant.

Student Classification
In deciding on a credit-hour load, the student must consider the pressures of part-time jobs and other limiting factors. One method is to estimate that each credit hour carried will require two hours of out-of-class preparation.

1. A full-time student is one who is in good academic standing and who carries 12 or more hours of credit. The full-time student will normally carry 15 to 18 credit hours in order to graduate after four semesters. Full-time students must be enrolled as degree candidates.

2. A probationary student is one who has a grade-point deficiency or other academic deficiency and will normally carry no more than 12 hours of credit in a semester.

3. A part-time student is one who carries 11 or fewer semester hours of credit in a semester.

4. A non-degree student is one who has not been admitted to a degree program.

5. A sophomore student is a regular student who has earned a minimum of 30 semester hours. All other degree candidates are considered freshmen.

6. A visiting student is one who is matriculated at another school while enrolled at OCC.

Course Withdrawal
A student who wishes to withdraw during a semester must do so on the Add/Drop Form provided by the Registration and Records Office. The student is still financially responsible to the college for all tuition and fees, subject to the applicable refund percentage. (See also Refunds and Changes in Schedule). Failure to attend class will not relieve you of your financial responsibility, even if you have not paid your bill.

A student may withdraw or be withdrawn from a course without academic penalty at any time up to the 60% point of the semester (exact dates for each semester are available on our website and posted in the Registration and Records Office). If a student stops attending or is administratively withdrawn after this date, an "F" will be assigned. Students wishing to withdraw from courses are responsible to submit properly completed and signed Add/Drop Forms to the Registration and Records Office on the first floor of the Administration Building by the deadline date. Late withdrawals cannot be accepted.

Students receiving financial aid or VA educational benefits must, under the law, notify the Office of Registration and Records and the Financial Aid Office of their withdrawal from the college or of changing from full-time to part-time status. Failure to do so may result in reimbursing the government agency.

If physically unable to withdraw in person, notify the Office of Registration and Records immediately by telephone. You will not be officially withdrawn until a follow-up written request is received.

### DEADLINES FOR WITHDRAWALS

<table>
<thead>
<tr>
<th>If you come in to Registration and Records to drop a course by**:</th>
<th>The result will be:</th>
</tr>
</thead>
<tbody>
<tr>
<td>The day before the first day of the semester</td>
<td>Full tuition refund (minus fees), and course does not appear on the transcript.</td>
</tr>
<tr>
<td>The attendance census date of the semester</td>
<td>50% tuition refund (minus fees), and course does not appear on the transcript; if adding a course at the same time, no loss of 50% tuition.</td>
</tr>
<tr>
<td>The 60% point of the semester</td>
<td>No refund, instructor signature required, and course with a “W” grade appears on the transcript.</td>
</tr>
<tr>
<td>After the 60% point of the semester</td>
<td>No withdrawals of any kind will be accepted. The course, with earned grade, appears on the transcript.</td>
</tr>
</tbody>
</table>

*Exact dates for each semester are available on our website and posted in the Registration and Records Office. Failure to be aware of dates is not grounds for a refund.

### ACCEPTANCE OF CREDITS

Acceptance of Credits from an Accredited Institution
Credits granted for work completed at other regionally accredited institutions may be applied to a degree student’s record at Ocean County College if requested. It is the responsibility of the student if requested to provide the Registration and Records Office with a catalog of the institution from which the credits are expected to be transferred.

Advanced Standing
Students who have demonstrated outstanding achievement in certain subjects while in high school (e.g., English or foreign language) and who meet specific college departmental criteria, may be considered for advanced placement and/or credit. Advanced placement/credit will be considered on the basis of grades attained in the College Entrance Examination Board Advanced Placement Program examinations.

Challenge Examination
With instructor approval, challenge examinations may be offered to qualified students who apply. This policy may be implemented only for those courses in which objectives can be measured by examination. An examination may not be requested earlier than the end of the third week from the beginning of classes, nor later than three weeks prior to the end of classes. Grading will be on a Pass/Fail basis only. Students who successfully complete the challenge examination will be awarded a Pass grade and credit for the course at the end of the semester.
College Level Examination Program (CLEP)
In accordance with established departmental criteria, credit may be granted for the General Examination or the Subject Examinations of the College Level Examination Program (CLEP). Questions concerning the examinations accepted at this college and minimum scores required are available in the Registration & Records and Advising offices.

Credit By Examination
Credit from non-accredited institutions and/or credit for work and other experiences may be granted on the basis of credit by examination in accordance with established departmental criteria. The Vice President of Academic Affairs will approve the granting of such credit upon recommendation of the appropriate department administrator in accordance with College policy. This policy applies only to fully matriculated students who have not transferred in the maximum credits acceptable. A fee shall be assessed for each examination. A grade of Pass/No Credit will be issued for Credit By Examination.

Portfolio Assessment
Students may earn credit through portfolio assessment for experiential learning in certain academic programs.

ASSESSMENT

College Placement Test
The college tests incoming freshmen in reading, writing, and mathematics skills. The results of these tests have no effect on admission to Ocean County College. Their purpose is to help the college place students in courses appropriate to their academic backgrounds and needs. The Placement Test should be taken as soon as possible after admissions applications are submitted to avoid delays in the scheduling of courses. Also, early testing may enable students to complete developmental courses during summer sessions. Students with the following scores will be exempt from the corresponding segments of the Placement Test:

SAT: 540+ Critical Reading; 530+ Math
PSAT: 54+ Critical Reading; 53+ Math
HSPA: 235+ Critical Reading & Literacy; 250+ Math
ACT: 23+ English/Writing; 22+ Math

Students may challenge (retake) the Placement Test once, but must do so before beginning the developmental courses. Placement Test scores are valid for three years. For additional information and practice sites, visit the Testing Center on the OCC website: www.ocean.edu/admissions/testing.htm.

After students are accepted by the college, they can call the Testing Center at 732-255-0401 to schedule to take the College Placement Test. Walk-in testing, with no advance appointment, is also available. Please see the Testing Center webpage for hours of operation. The test should be taken as soon as possible, since a delay in testing could result in a delay in the scheduling of courses. Also, early testing may enable students to complete developmental courses during summer sessions.

College Level Math Test
Students who wish to register in the Mathematics course sequence MATH 191 or higher and who have not met the course prerequisites must take the College Level Math Test. This placement test assesses current mathematical ability in areas such as algebra, trigonometry, and functions. For additional details on this test, visit the Mathematics Department page on the OCC website, or stop by the Mathematics Department Office (Russell Building, room 113).

DEVELOPMENTAL POLICY

College policy states that full-time students must take the Placement Test before registering for their first semester. Part-time students must take this test before attempting their 12th credit and before registering for an English or math course. Also, prior to taking the Placement Test, a part-time student may not enroll in more than three courses in a semester.

A student needing developmental English must enroll in the course immediately. A student needing developmental mathematics must enroll in the course before completing 24 credits. The passing grade for a developmental course is "C". New full-time students needing ENGL 091 are limited to a maximum of 13 credits.

The required courses are:
- ENGL 091 (4 cr.)
- ACAD 155: Student Success (3 cr.)
- Developmental Math (if needed)
- Courses identified on a limited load course list (if needed for the 12-13 credit maximum)

Part-time students who need ENGL 091 and who wish to take additional courses will be restricted to a limited load and must select from the limited load course list.

Students enrolled in developmental courses may need to attend Ocean County College for one or more additional semesters in order to satisfy specific program degree requirements. The college will not award a diploma to any student who has not demonstrated competency in the developmental skills.

Developmental Courses
The developmental courses offered by the college are:
- ENGL 091: Developmental Reading & Writing I
- ENGL 095: Developmental Reading & Writing II
- MATH 011: Introduction to Algebra I
- MATH 012: Introduction to Algebra II

The minimum passing grade for a developmental course is "C".

Developmental courses cannot be used to satisfy degree requirements but are prerequisites to advanced courses.
Developmental Probation, Restriction & Suspension

A. Developmental Probation - Math
Students failing to attain a minimum grade of "C" in the mathematics developmental courses will be placed on remedial probation.

1. FULL-TIME students are limited to 12 semester hours and must re-enroll immediately in the developmental course.

2. PART-TIME students must include the developmental course as part of their course load in the next semester in which they enroll.

B. Developmental Restriction - English
Students failing to attain a minimum grade of "C" in English developmental courses will be placed on developmental restriction. (Developmental restriction takes priority over Developmental Probation).

1. Students placed on developmental restriction are limited to a maximum credit load of 12-13 credits, which must include the needed developmental course. The remainder of courses must be selected from the limited load list.

2. Students placed on developmental restriction who fail to pass the developmental course on the next attempt, are limited to 6-7 credits, which must include the developmental course.

3. Students placed on developmental restriction who fail to pass the developmental course after having been limited to 6-7 credits, can only register for that developmental course.

Academic Skills - ACAD 155 Student Success

This course will assist students in building a solid foundation for a successful college experience through development of critical thinking, information literacy, interpersonal communication, communication in an academic environment, and resource acquisition. ACAD 155 is designed to meet three critical needs: 1) to engage the student in learning opportunities, both in and out of the classroom, 2) to develop the appreciation of critical thought among all disciplines, and 3) to improve the student/faculty interactions at Ocean County College.

Disability Services

Disability Services provides academic adjustments for OCC students with all types of disabilities. Students must contact the CAE, complete an intake process including providing documentation of a disability. An Accommodation Plan for eligible students is developed in accordance with the Americans with Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973. Both full and part-time students, including students attending distance learning classes, are encouraged to inquire about disability services at 732-255-0456. Academic advising is available for students with disabilities.

NJ Stars Enrichment Services

New Jersey Stars Enrichment Program, mandated by legislature, is required for all NJ Stars students who do not earn a 3.0 GPA during their first semester. Students in the Enrichment Program are required to take our ACAD 155 Student Success course to maintain their scholarship. The program also provides students with valuable resources and services such as advising, course scheduling, and tutoring to help NJ Stars students build a foundation for success in college.

Peer Mentors

Peer Mentors assist first year students in striving for excellence in their college endeavors at OCC by helping with orientation and registration, providing information about campus and academic supports, encouraging club and extracurricular involvement, and presenting in the ACAD 155 course. Mentors develop their own leadership and communication skills while focusing on the needs of first year students at OCC.

Peer Tutors

Peer Tutors are available in various content areas, such as mathematics, science, humanities, and social sciences. OCC students, under the recommendation of faculty, are able to become peer tutors and help students succeed in college. This is a valuable experience for the tutors as well as the tutees. Training and certification is available through the CAE/College Reading and Learning Association (CRLA).

Testing Center

A placement test is required for all incoming first year students to identify the appropriate college level in the areas of math and English.

Office Information

Location: Library Building, Room 124
Phone: 732-255-0456
Fax: 732-864-3860
TTY/TDD & Voice: NJ Relay 711
Hours: Monday through Friday, 8:00am-4:00pm
SPECIALIZED PROGRAMS

English-as-a-Second-Language Program
Students entering Ocean County College who are non-native speakers of English, identified as needing English language instruction, will be referred to the English as a Second Language Program for testing and placement. The ESL Program offers language instruction at the beginning, intermediate, and advanced levels. In addition, it offers a studies-skills course for students who have completed their ESL course work and are taking reading and writing courses with native speakers. Courses for each level are listed below.

BEGINNING LEVEL:
ENSL 002: ESL Elementary English II
ENSL 003: ESL Elementary English III

INTERMEDIATE LEVEL:
ENSL 004: ESL Intermediate Listening & Speaking
ENSL 005: ESL Intermediate Reading & Vocabulary
ENSL 006: ESL Intermediate Writing
ENSL 007: ESL Intermediate Grammar

ADVANCED LEVEL:
ENSL 008: ESL Advanced Grammar
ENSL 009: ESL Advanced Reading & Writing

These classes are for institutional credit only; they do not count toward graduation.

High School Students
Participation in the following programs is arranged through the high school guidance department, and students must be recommended by a high school guidance counselor. For more detailed guidelines, contact your high school guidance office or call the Office of Registration and Records at 732-255-0304.

EARLY ADMISSION PROGRAM
Under the Early Admissions Program policy, high school students who have completed their junior year, whose class rank is at least at the 90th percentile and who meet certain other admissions criteria including SAT performance may, with the concurrence of their high school administration, matriculate as full-time degree students at Ocean County College.

JUMP START PROGRAM
With the concurrence of their high school administration, junior or senior high school students may enroll as part-time, non-degree students at Ocean County College in the "Jump Start" Program. Jump Start students may register for a maximum of two courses per semester while attending high school.

Reduced tuition is available, excluding all online courses. Distance learning courses are not recommended for students in the Jump Start Program.

Tech Prep
Tech Prep is a partnership between Ocean County College and area high schools to develop highly skilled, performance oriented workers in demand occupations for the future. Students from the participating high schools comprising the 2+2+2 Tech Prep Consortium can continue their education at OCC with a coordinated curriculum that assures continuity in instruction and eliminates duplication of educational experiences. Many students go on to receive baccalaureate degrees through the 2+2+2 Tech Prep Program. For information on specific programs call School Relations at 732-255-0477.

Academic Honors Recognition
Ocean County College offers talented, motivated students an opportunity to earn an Academic Honors Recognition (AHR). Students must receive approval of the Honors Program Coordinator in order to pursue this recognition.

To receive the recognition, students must do the following:
- Participate actively in an OCC honor society (such as Phi Theta Kappa, Alpha Beta Gamma, Psi Beta, Lambda Epsilon Chi or Mu Alpha Theta) or in a college or community service organization
- Complete the following courses with a minimum grade of “C”:
  - HONR 280: Honors Interdisciplinary Seminar (3 cr.)
  - HONR 281: Honors Research Project (1 cr.)
- Maintain a 3.5 GPA

The Honors Research Project noted above may take many forms, including that of a standard research paper, a series of scientific experiments, or an extended literature review in a given field, among other possibilities.

The two honors courses noted above will be identified on students’ transcripts. Students will also receive a letter from the Ocean County College President congratulating them on their achievement.

Students interested in pursuing an Academic Honors Recognition are invited to learn more about this opportunity by contacting the Honors Program Coordinator who will provide guidance, answer questions about the process, and certify completion of the requirements.

Kean-Ocean
Earn credits toward your Bachelor’s or Master’s degree on the Ocean County College campus with the OCC/Kean University Partnership. Kean University and Ocean County College (Kean-Ocean) have established a partnership that enables area residents to complete the upper division courses required for certain Kean University undergraduate degree programs and specific graduate programs on the campus of OCC.

GRADUATE
Courses are being offered at OCC for Kean master’s degrees in Counselor Education (with State certification for school counseling), Educational Leadership (with State certification for supervisor and principal), Nursing, and the Executive Master’s degree programs in Business Administration and Public Administration.
Kean-Ocean provides undergraduate courses that will lead to a Bachelor’s degree completion program in:

- Accounting
- Biology
- Biology Teacher’s Certificate Option
- Computer Science; Information Systems Operations
- Criminal Justice
- Elementary Education, K-5 Certification
- Elementary Education, K-5 & 5-8 subject certification
- English, standard option
- English, Teacher Certification Option
- Finance
- History
- History/Teacher Certification Option
- Management
- Marketing
- Nursing
- Physical Education & Health K-12 Teaching Option
- Psychology
- Public Administration
- Sociology
- Special Education
- Visual Communications Technology (Graphic Design)

If you want to apply for a Kean-Ocean program and already have or will soon complete your associate’s degree, apply directly to Kean University. The application can be accessed through the Kean-Ocean webpage at www.kean.edu/keanatocean.

**Rutgers Dual Degree Program**

Ocean County College participates in the Rutgers Dual Degree Program (DDP). Each year Rutgers University selects certain applicants from their freshman admission pool to participate in the DDP, and invites these students to attend a community college in the state of New Jersey. Upon completion of an AA/AS degree, with at least a 3.0 GPA, they are guaranteed admission to Rutgers University. Rutgers expects that students will use NJ Transfer (www.njtransfer.org) to plan their academic program at the community college, based on their intended choice of Rutgers campus/college and major. You may not self-identify to be a DDP participant.

Students who are not in the DDP can still apply to transfer to Rutgers University. OCC students planning to transfer to Rutgers will also use NJ Transfer for academic planning.

**New Jersey Stars Program**

**NJ STARS I**

The New Jersey Student Assistance Reward Scholarship Program (NJ STARS) is an initiative created by the State of New Jersey that provides New Jersey’s highest achieving students with free tuition any State and/or Federal grants and/or scholarships at Ocean County College.

Students must:

- Be a resident of Ocean County, graduate in the top 15% of their high school class.
- Students may receive 4-5 semesters of funding for up to 18 credits per semester.
- Students must apply for all forms of State and Federal Student Aid (FASA) and submit any requested documentation to complete and verify application data within the established deadlines.
- Students must maintain continuous full-time enrollment and achieve a minimum cumulative grade point average (GPA) of 3.0.
- Students must earn a 3.25 cumulative GPA upon graduation from community college to be eligible for NJ STARS II.

**NJ STARS II**

NJ STARS II is a continuation of NJ STARS I that provides partial scholarships and enables successful NJ STARS students to earn a Bachelor’s degree at a New Jersey four-year institution of higher education.

Students must:

- Earn an associate degree from a New Jersey community college with a minimum of 3.25 GPA.
- Maintain a 3.25 average GPA in their junior year to receive the scholarship in his/her senior year. The senior year award will be adjusted up or down based on the student’s grade point average.
- Be admitted to a New Jersey four-year public institution of higher education.
- Be enrolled in a full-time course of study (up to 18 credits per semester) in a baccalaureate degree program during the academic year following graduation from community college.
- Students may receive an NJ STARS II scholarship for up to four (4) semesters, excluding summer sessions and must apply for all forms of State and Federal need-based grants and merit scholarships by completing the Free Application for Federal Student Aid (FASA) within the established deadlines and complete any required verification procedures.

For additional program information and requirements, please visit www.ocean.edu or www.njstars.net. Call 732-255-0525 or email njstars@ocean.edu.

Reduced Tuition for Seniors
Ocean County residents 65 years of age or older, who are fully retired, may enroll in credit courses on a space available basis with a reduced tuition (not including textbooks). Registration will only be accepted the day before classes begin for the semester. For more information, please contact the Registration & Records Office at 732-255-0304.

INTERNATIONAL & DOMESTIC TRAVEL

These short term programs are usually offered during semester breaks. Recent short term studies abroad experiences have included Theatre in London (England) and The World of the Maya (Central America/Mexico). Some of our travel abroad programs can earn students up to three credits. However, the college can also assist students in locating longer overseas semester programs offered by other institutions.
For information on international travel opportunities offered by Ocean County College, please call the Department of Academic Affairs at 732-255-0317.

**TUITION**

The student’s tuition and fees are established by the college’s Board of Trustees and are subject to change at any time.

Failure to make payment at the time of registration for tuition and fees may cause cancellation of your class schedule. In the event your schedule is canceled for non-payment, you will not be able to attend OCC unless you re-register and pay immediately, provided that registration and courses are still open for selection.

**For County Students**

At publication, tuition for a certified resident of Ocean County is based on a per credit hour charge of $98.

The total cost for educating each student is determined by dividing the cost of operating the college by the estimated number of full-time equated students attending the college. The state's contribution per student is subtracted. The balance is shared between the county, the student and other miscellaneous sources.

**For Eligible Out-of-County Residents**

Students attending a county community college outside their county of residence are eligible for the prevailing in-county tuition rate under the following conditions: (1) the county of residence does not sponsor a county college, or (2) the college in the county of residence certifies that it does not offer the particular course or program of study desired by the applicant, or (3) the college in the county of residence certifies that it cannot admit the applicant into a particular course. Under chargeback legislation, the sending county is obligated to contribute toward tuition. For required documentation, contact the Registration and Records Office at 732-255-0400, extension 7301.

A copy of the student’s College Skills Assessment test scores must be submitted before a chargeback can be considered. If eligible, the student should request an "Inability to Admit" form from the college in his/her county of residence and a "Certificate of Residence for the Purpose of Chargeback" form from his/her county fiscal officer. These forms should be presented to the Cashier’s Office at Ocean County College immediately following registration. If the forms are not submitted, the student must pay out-of-county tuition rates. Out-of-county students should contact the Office of Registration and Records for more information concerning the Chargeback Law.

**Tuition Schedule**

At publication, rates for full-time and part-time students were as listed below, (excluding fees). A current listing of tuition and fees can be obtained from the cashier’s office, located in the Administration building or on the website: www.ocean.edu.

**County residents:** $98/semester hour

**Out-of-county N.J. residents:** $130/semester hour

**Out-of-state residents:** $215/semester hour

**Jump Start (after applied Trustee Discount):**

$65/semester hour plus technology fee

**Reduced Tuition for Seniors:** $48/semester hour plus technology fee

**Tuition Deposit (Nursing Students Only):** A $300 nonrefundable tuition deposit is required of newly accepted nursing students.

---

**FEES**

**College/Student Fee**

At publication, full-time and part-time students pay a college/student fee of $18 per credit hour. The fee represents partial subsidy of the following services:

1) College Budget
   - Advising
   - Intercollegiate Athletics
   - Student Life Office Administrative Operations
   - Health Services Office
   - Transfer & Placement
   - Financial Aid
   - Admissions & Records
   - Parking

2) Student Life Fund
   - Clubs & Organizations
   - College Center Building Fund

In addition, full- and part-time students pay a technology fee of $12 per credit hour.

**Graduation, Diploma, and Certificate Fees**

A fee of $25 is due at the time of application for graduation. A fee of $10 to cover the cost of printing and lettering is charged students receiving certificates. Applications are available in the Office of Registration and Records. An additional fee of $42 for a cap and gown is required for students planning to participate in the Commencement ceremony.

Graduation applications should be filed by March for spring graduation and June for summer graduation. Students applying after this date will be reviewed with those graduating the next semester.

**Course Fees**

The following fees will be required of all students enrolled in certain designated courses. These fees are used to offset laboratory materials, tutoring or other needed costs. Fee categories appear at the conclusion of applicable course descriptions. A special table of fees, not shown here, also exists for International Education courses.

<table>
<thead>
<tr>
<th>FEE CATEGORY</th>
<th>FEE PER COURSE</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$20</td>
</tr>
<tr>
<td>2</td>
<td>$25</td>
</tr>
<tr>
<td>3</td>
<td>$32</td>
</tr>
<tr>
<td>4</td>
<td>$50</td>
</tr>
<tr>
<td>5</td>
<td>$63</td>
</tr>
<tr>
<td>6</td>
<td>$75</td>
</tr>
<tr>
<td>7</td>
<td>$100 (Online Courses)</td>
</tr>
<tr>
<td>8</td>
<td>$1,750 (Nursing only)</td>
</tr>
</tbody>
</table>

In addition to the above, students may be required to purchase materials for their own use in conjunction with certain courses as noted at the end of those course descriptions. These costs will be identified by the course instructor and will not be included on the student's bill prepared by the college.

*At time of publication.
Registration Fees
All students are expected to comply with the schedule of registration as published in the college calendar. A $20 non-refundable registration fee is charged to all students for each registration term. Post registration generally will be permitted up through the census date for those who failed to do so during the regular registration period.

Tuition & Fees Payment
All tuition and fees must be paid at the time of registration. Checks or money orders are acceptable when made payable to Ocean County College. A charge of $25 will be assessed for all checks issued to the college and not paid upon presentation to the bank. The college offers a payment plan option to students who cannot pay their entire bill in full at the time of registration. Visa, MasterCard, American Express and Discover are also accepted.

Office of Student Life Emergency Loan Fund Penalty Fees*
The following penalty fees will be assessed to students who are delinquent in payment of their Office of Student Life Emergency Loans:

14-20 days overdue .................................................$5
21 or more days overdue .......................................$10
Return Check Fee ...................................................$25

The student shall also be responsible for absorbing all costs involved in collection of any delinquent emergency loans and/or penalty fee.

*At time of publication.

International Students
In order for an international student to attend Ocean County College, the following requirements must be met prior to acceptance and our issuing an I-20 Student Visa form:

1. Submission of a completed admissions application. The address on the application should indicate where the student would be living while attending Ocean County College.

2. All minors, under 18 years of age, must show proof of high school diploma or United States equivalent and are required to have a sponsor. A minor’s admissions application must be signed by the student and by the sponsor.

3. A notarized affidavit from a United States citizen or an authorized agency attesting to the assumption of responsibility for the international student during the period the individual intends to remain in the United States. The affidavit of support must be a completed I-134 found at www.uscis.gov.

4. Satisfactory performance on the Test of English as a Foreign Language (TOEFL) is required as evidence of proficiency in English. If the exam is taken on a computer the passing score is 173 and if paper based, the passing score is 500. TOEFL iBT passing score is 61. Students who currently reside in the United States under some type of visa can submit the following TOEFL scores: a score of 127 or high on a computer based test, 443 or higher on a paper-based test or a passing score of 43 or higher for the TOEFL iBT. An additional test of language skills will be required and students will have to take additional English courses depending on their scores. All international student applicants must meet this requirement. For more information concerning this test and the location of the nearest testing center, contact them online at www.toefl.org. If you don’t have access to the web, you can write to the Educational Testing Service, P.O. Box 6151, Princeton, NJ 08541-6151, USA, or call at 609-771-7714.

5. The cost of tuition for an international student will be the same as that of an out-of-state or foreign resident, regardless of residency. Documented funds for educational and living expenses must be shown in a bank account or other readily convertible assets excluding real estate and other fixed assets. See budget below.

6. An international address from the student’s country of origin, with a photocopy of their current Visa and Passport, is required for identification purposes. Students must also note what type of current Visa they have if they are already in the United States.

7. Since Ocean County College is a non-residential institution, the student must make arrangements for room, board, and transportation. It is the responsibility of the student to arrange this prior to the start of classes.

8. When applying for the Spring Semester, we must receive all completed paperwork by November 15th. When applying for the Fall Semester, we must receive it by July 15th.

9a. Students who are transferring their F-1 Visa into Ocean County College must also complete the Notice of Intention to Transfer form and submit a copy of all I-20s they have received from their current and previous schools.

9b. Student who will be receiving their first I-20 must pay the SEVIS fee at www.fmjfee.com.

Ocean County College abides by the Student and Exchange Visitor Information System (SEVIS) regulations regarding the reporting of international students. While attending Ocean County College, all international students must be full-time students. International students are required to register and complete a minimum of 12 credits each semester.

Expenses & Financial Information
INTERNATIONAL & DOMESTIC TRAVEL

These short term programs are usually offered during semester breaks. Recent short term studies abroad experiences have included Theatre in London (England) and The World of the Maya (Central America/Mexico). Some of our travel abroad programs can earn students up to three credits. However, the college can also assist students in locating longer overseas semester programs offered by other institutions.

For information on international travel opportunities offered by Ocean County College, please call the Department of Academic Affairs at 732-255-0317.

TEXTBOOKS (BOOKSTORE)

For the convenience of the students, faculty, staff, alumni and friends of the college, the college operates a bookstore located in the College Center complex. A full-time student may expect textbooks to be approximately $600 per semester. The figure is only an estimate and can vary significantly depending upon the courses chosen.

In addition to textbooks, the store offers a wide variety of such products as sportswear, school supplies, computers, insignia items, greeting cards, toys, novelty gifts, Starbucks Coffee, etc.

The bookstore is open Monday through Thursday from 8:30am to 7:00pm and Friday from 8:30am to 4:00pm. Hours are extended during the beginning of each semester to include one Saturday from 8:30am to 12:00pm. Special hours are posted on the Bookstore website calendar. During the summer semester and semester break the bookstore is open Monday through Friday from 8:30am to 4:00pm. On Fridays, mid-June to mid-August, the bookstore closes at 3:00pm.

The Bookstore offers a rewards program called Viking Bucks. Viking Bucks can be used on books and merchandise as a cost-saving measure.

AID & SCHOLARSHIPS

Financial Aid

Ocean County College provides financial assistance to qualified students through various combinations of grants, loans and part-time employment. Eligibility is determined on an individual basis. Recipients are required to meet program guidelines and maintain good academic standing.

Unless otherwise specified, financial aid is awarded on an annual basis and students must reapply each year. The priority service deadline is April 15.

All students applying for financial aid must file a Free Application for Federal Student Aid (FAFSA). The form can be completed online at www.fafsa.ed.gov.

Applications for financial aid to attend Ocean County College must be received by the Federal Processor no later than June 1 for fall semester and October 1 for spring semester. Applications submitted after the above deadlines are considered late and may result in a loss of state aid. Late applicants should expect to pay for their own tuition, fees and books, but those who establish eligibility for financial aid may receive a refund after processing is completed.

Verification

A student’s application may be selected for review in a process called Verification. In this process, a school is required to compare information from the application with signed copies of the Federal Tax Forms, W-2 Forms or other financial documents. The law says the school is required to ask the student for this information before awarding aid. If the student is selected, please be aware of the following document submission deadlines.

NO AID will be awarded until a file is complete. If we do not receive the information in a timely manner, students should expect to pay for their tuition, fees and books until the file is complete and the student is awarded.

DEADLINES

FALL TERM: May 11th - Returning Students
   June 8th - New Students

FALL QUICK TERM: July 6th - All Students

SPRING TERM: October 12th - Returning Students
   November 9th - New Students

SPRING QUICK TERM: December 7th - All Students

Students must maintain academic progress within parameters defined by the U.S. Department of Education. Generally students must maintain a 2.0 cumulative GPA and complete 70% of classes within a given semester. No distinction is made between "F" grades, "W" grades or "I" grades with regard to Financial Aid Standards of progress. See a financial aid officer for complete details.

Special Circumstances

If a student experiences financial hardships during the current tax year, they may request a special circumstances review of their application. Students must complete the verification process before their special circumstances are considered. Students should expect to pay their tuition, fees and books until the file is completed and the student is awarded. Students requesting a special circumstances review after November 1st will be required to provide W-2s for the current work year before the Financial Aid Office will consider a special circumstance review.

Financial Aid Deferments

The Director of Financial Aid is the official responsible for granting financial award or scholarship related deferments. Under most situations there is no additional charge to the student.
FINANCIAL AID PROGRAMS AVAILABLE AT OCC

Federal
Federal Work-Study (FWS)
Pell Grants (PELL)
Supplemental Educational Opportunity Grants (SEOG)
PLUS loans
Federal Stafford Loans

State of New Jersey
Educational Opportunity Fund (EOF)
National Guard Tuition Credit Program
NJ CLASS Loans
NJ Stars Program
POW/MIA Tuition-Benefit Program (POW/MIA)
Public Tuition Benefit Program (PTBP)
Tuition Aid Grant (TAG)
Veterans Tuition Credit Program (VTCP)
Volunteer Tuition Credit Program

Other Programs
Other educational benefits are available to eligible students through the Veterans Administration, New Jersey Rehabilitation Commission and the Ocean County College Foundation. Reserve Officer Training Corps (ROTC) Scholarships are also available.

Applications and additional information can be obtained by contacting the Financial Aid Office, located on the ground floor in the Administration Building.

Veterans
Veterans, dependents of veterans, and other military personnel may apply to receive educational assistance from the Veterans Administration while enrolled at Ocean County College. All new students should contact the Veterans’ Compliance Officer in the Financial Aid Office prior to enrolling in classes to certify eligibility and VA educational benefits.

Once VA eligibility is determined, all new students should contact the Veterans’ Coordinator in the Academic Advising Office. New and current students will attend a Veterans’ Group Advising session each semester to discuss degree and course selection, career and transfer goals, and graduation requirements. Students must enroll in a degree program or Approved Certificate program. Certificate programs are limited and must be verified for benefits. Students may take certain courses for transfer to a degree at another college if written approval is obtained from the transfer institution.

VA benefits are paid only for courses that are required for the completion of the student’s degree program. Student must make satisfactory academic progress in order to maintain eligibility for VA educational benefits.

VA processing takes about six to eight weeks. Veterans should contact the Financial Aid Office regarding other aid available from the State of New Jersey.

OCEAN COUNTY COLLEGE FOUNDATION

Scholarship Opportunities
The Ocean County College Foundation is a private nonprofit organization dedicated to the growth and development of the college through scholarships, endowments, and capital and special projects. The Foundation supports the efforts of Ocean County College to make higher education accessible to all Ocean County residents and provides students opportunities to continue higher education while discovering and exploring the wealth of possibilities around them.

The Ocean County College Foundation is celebrating forty-six years of fund-raising success supporting the efforts of Ocean County College. Since its inception in 1965, the Foundation has awarded over $7 million in scholarships, awards and special projects working in alliance with community friends and business leaders.

A volunteer Board of Trustees governs the Ocean County College Foundation, which is composed of members representing Ocean County’s business, professional, corporate and community leaders. The Foundation has been granted tax-exempt status by the Internal Revenue Service and is a 501(c) 3 organization. For scholarship applications or additional information, call the Foundation office at 732-255-0492 or visit www.ocean.edu/foundation.htm.

METHODS OF PAYMENT

Payment in Full
All tuition and fees must be paid at the time of registration.
Checks or money orders are acceptable if made payable to Ocean County College. Checks or money orders must include the student’s name and his or her social security number or student I.D. number. The college also accepts cash payment. VISA, MASTERCARD, AMEX and DISCOVER are also accepted in person, by telephone and on the web.

A charge of $25 will be assessed for all checks issued to the college and not paid upon presentation to the bank. Once a personal check is returned by a bank to the college it will not be re-deposited nor will the college accept another personal check in its place. Instead, payment must be made in cash or by certified check or money order.

Once payment has been made, the check cannot be returned to the student if the student changes his or her mind about attending. Likewise, the student should not process a stop payment order at his or her bank. The college will treat a stop payment as a returned check and will apply the $25 returned check charge. Instead, the student should go to the Office of Registration and Records and process a drop form. The college will in turn generate a refund check in the appropriate amount.
Monthly Payment Plan
Payment to OCC for tuition and fees is normally required to be paid in full at the time of registration. However, we recognize that making payment in full before the semester begins can cause an economic hardship for many students. To remedy this situation, we provide the OCC Tuition Payment Plan (TPP).

More information regarding the payment plan is available on the web or at the Cashier's office. Brochures can be obtained from the following offices: Cashier's, Admissions, Advising, Financial Aid, or Student Life and are available for download at www.ocean.edu/admissions/index.htm

REFUNDS & ADMISSIONS
Students who officially withdraw from courses may be eligible for a percentage refund of tuition and certain fees. Students must go to the Admissions & Records Office and complete a drop form, in person. Failing to attend class will not relieve you of your financial obligation to the college, even if you have not yet paid your full tuition bill. Completing the drop form according to the schedule below will eliminate or reduce your financial obligation. Students receiving Financial Aid must complete 60% of the semester in order to be entitled to 100% of their Financial Aid Funds awarded for the semester. Withdrawals occurring prior to 60% completion date will result in the recalculation of aid eligibility and the return of ineligible aid to Federal or State agencies. This may result in the student owing a balance to the school. It is the responsibility of the student to officially withdraw from classes during the appropriate refund periods if the student is to receive a REFUND OR CREDIT.

Percentages are applied against tuition and fee charges for registered courses. The resulting amount will then be compared to any student payments that may have been made with the difference being the amount of the refund due to the student or the balance still owed to the college. No refund will be given for the following fees: Registration, Tuition Deposit, Certificate, Graduation, or Tuition Payment Plan.

Official date of withdrawal will be the date the Admissions and Records Office receives the completed withdrawal form with all required signatures.

Refund percentages are as follows:
- Class cancelled by the college: 100%
- Withdrawal prior to the first official day of the semester or term: 100%
- Withdrawal between the first official day of the semester or term, up to and including the official attendance census date of the semester or term (10th day of a semester or approximately the 5th day of a term; check your bill schedule or ask the Admissions & Records Office for specific dates): 50%
- Withdrawal after the official attendance census date of the semester or term: None

If a student fails to withdraw from a specific Term prior to the beginning of that Term and does not attend classes at all for that Term, all eligibility for that Term is rescinded. Student charges and refunds will be calculated according to the policy as listed under "Refunds".

The exact refund dates for each semester or term are printed on the bill/schedule received by every student at the time of registration.

FAILURE TO BE AWARE OF THESE DATES IS NOT GROUNDS FOR A REFUND.

Occasionally, extraordinary circumstances require Ocean County College to make an exception to the above refund period policy, in which case a REFUND OR CREDIT toward another semester may be issued. Substitution of faculty is not grounds for a refund. It is the policy of Ocean County College to make these exceptions ONLY under one of the following circumstances:

1. Medical emergency or condition, documented by a medical doctor, which prevents the student from completing the semester. The medical condition must occur after the start of the semester; pre-existing medical issues are not grounds for a refund. Medical refunds can only be pursued during the first four weeks of the semester.
2. Military orders indicating a student has been called to active duty and will not be able to complete the current semester.
3. Evidence that the student was incorrectly advised or placed in the wrong class by a staff member at Ocean County College. Additionally, all appeals must be received during the semester in question. Late appeals will not be considered. If your reason for requesting a refund falls into one of these categories, you may write a letter of appeal, including supporting documentation, to:
   Director of Registration & Records
   Refund Appeals Committee
   Ocean County College
   College Drive
   PO Box 2001
   Toms River, NJ 08754-2001

You will be notified in writing of the finding of the committee after the merits of your case are reviewed.
STUDENT AFFAIRS DIVISION

The central focus of Student Affairs Division is the commitment to student development through the promotion of learning environments that encourage and challenge the full development of the whole student. Fundamental to student development is the belief that students change, grow and move toward self-fulfillment and responsible social development.

Student Affairs provides many professional support systems to meet the needs of a diverse student population. The offices of the division are open from 8:00am to 8:00pm, Monday through Thursday and from 8:00am to 5:00pm on Friday. (Summer hours may vary).

Orientation for New Students

Students are actively encouraged to use online resources to gather information regarding career exploration, transfer options, and college policies and procedures, and to confer with academic advisors.

ACADEMIC ADVISING CENTER

The Academic Advising Center is an integral part of the Ocean County College mission. Our primary purpose is to assist students in accomplishing their academic, career, and lifelong learning goals. Throughout this process, emphasis is placed on the uniqueness of each individual.

Making well-informed decisions about college is an important part of each student's responsibility. The Academic Advising Center helps students understand Placement Test results, select a degree program, understand college policies and procedures, and identify transfer options. Students are encouraged to work with their academic department, meet with faculty or administrative advisors, and use WebAdvisor, an online tool, in their educational planning. WebAdvisor allows students to search and register for classes, check grades, and complete a program evaluation of degree requirements. By developing a sound educational plan, students can achieve their short- and long-term goals.

All new full-time students are required to attend OCC’s comprehensive New Student Orientation Program. During the program, students will talk with an academic advisor about their goals, choose a degree program, design their own class schedule, learn about sports, clubs and organizations, and take a tour of the campus. The program is designed to enhance new student success.

The Academic Advising Center strives to provide students with the chance to grow and broaden their perspectives in a supportive and understanding environment. Students are actively encouraged to use online resources to gather information regarding career exploration, transfer options, and educational planning.

Transfer Information

The Academic Advising Center offers Transfer Workshops throughout the year to teach students how to use online application and transfer tools to develop a plan for transfer. Ocean County College is a partner in NJ Transfer, a web-based guide for transfer between two-year and four-year New Jersey colleges and universities. Students can access consistent and reliable information through the college planning, enrollment, and transfer decision-making process. Visit NJ Transfer at www.njtransfer.org.

BOOKSTORE

The Bookstore is open Monday through Thursday from 8:30am to 7:00pm and Friday from 8:30am to 4:00pm. Hours are extended during the beginning of each semester to include one Saturday from 8:30am to 12:00pm. During the summer semester and semester break the bookstore is open Monday through Friday from 8:30am to 4:00pm. On Fridays, mid-June to mid-August, the bookstore closes at 3:00pm.

In addition to textbooks, the store offers a wide variety of such products as sportswear, school supplies, computers, insignia items, greeting cards, toys, novelty gifts, Starbucks Coffee etc. (See page 22 for estimated costs for textbooks).

Please visit our website to order your books, school supplies, sportswear, and gifts. These items can be sent directly to your home via UPS. You can reach us at www.bookstore.ocean.edu. Special hours are posted on the Bookstore website calendar. The Bookstore recognizes that books are expensive; therefore, we offer a rewards program called Viking Bucks, that enables students to save money.

CAREER, EMPLOYMENT & COUNSELING SERVICES

Individual, small group, and online services are offered to students, alumni and community members, designed to help individuals increase their knowledge and understanding to make good career, education and life decisions, and to lead satisfied and productive lives. In addition, an individual needs to consider what the growth occupations are, what education and training are required, and where these jobs are located. Lifestyle issues such as family, children, where to live, and what one desires in life are also considered. All of these issues are explored during discussions with career counselors. Career assessments are offered to supplement the career counseling.

For job seekers, information is provided on resumes, interviewing skills, and job search strategies. A listing of part time and full time positions with local employers is maintained both in the Career Center and on our web page. Recruiting employers are on campus throughout the semester. A Job Fair is held at least once a year, featuring a number of recruiting employers. Notices of Internship opportunities with employers are also maintained at the Career Center.

Online services include a seven (7) step career and education decision-making process, career assessment, and resources. Call 732-255-0400 extension 2945 for more information about career and employment services. For career and employment information and resources, visit our web page at www.ocean.edu/career.htm.

Personal, social and/or emotional concerns often interfere with academic success and learning. Students with many strengths and resources may still experience difficulties that impact their ability to set and achieve goals. These issues may be resolved through confidential counseling sessions, which are provided by trained professional counselors. Counseling is provided on both the Toms River and Manahawkin Campuses.

Please call Counseling Services at 732-255-0348 or 732-255-0400 extension 2941 for more information.

O.C.E.A.N., INC. KIDS CHILD DEVELOPMENT CENTER

The Ocean Community Economic Now’s Childcare Center is located on the Ocean County College campus via Lot 2, next to the tennis courts. This service: available to all OCC students, employees, and the surrounding Ocean County community, provides quality childcare with an early childhood development curriculum and Head Start Program.

For more information, call O.C.E.A.N. Inc. at 732-244-5333.

732-255-0400 • www.ocean.edu
EDUCATIONAL OPPORTUNITY FUND (EOF)

The Educational Opportunity Fund (EOF) is a state funded program designed to assist low-income New Jersey residents who are capable and motivated, but lack adequate preparation for college study. EOF supports a wide array of campus-based outreach and support services at 28 public and many private colleges and universities in New Jersey. Ocean County College is one of 19 participating community colleges.

Students are evaluated for admittance based upon academic readiness, potential, motivation and financial need; an interview is required. Students must register full time (12 credits or more) and also complete a Free Application for Federal Student Aid (FAFSA).

The benefits of the EOF Program are many; individualized support, advocacy, and guidance from our professional team. Additionally, we offer:

- **First Year Seminar**: to assist your entry into college
- **Tutoring**: to help you achieve at the highest levels possible
- **Seminars/Workshops/Activities**: to enrich your experience, to learn and to grow
- **Advising**: for academic and personal challenges
- **Financial Aid**: for summer sessions. (Based upon available funding)

EOF enrollment is determined by state funding; apply early. For additional information, contact the EOF Office at 732-255-0400, extension 2026 or at eof@ocean.edu.

HEALTH SERVICES

The Health Services Office, located in Room A107 of the Instructional Building, offers the services of a registered professional nurse to all students and employees from 8am-8pm Monday through Friday. The nurse is available on a drop-in basis to provide first aid, dispense nonprescription medication for relief of minor illness, discuss health-related issues and make appropriate referrals to community agencies. All of these services are free. Health Services offers a series of Health Education Programs for day and evening students, faculty and staff on campus and at the Southern Education Center.

The objective of the Health Services Office is to maintain and improve students’ and employees’ health status and to promote individual optimum wellness. The program includes health supervision, health counseling and health education to empower individuals to make healthy lifestyle choices. Services provided include such topics as: coping with stress, nutrition awareness, stopping cigarette smoking, blood pressure and weight screening, cholesterol management, PMS and menopause, eating disorders, understanding both over-the-counter and prescription medications, substance abuse, getting help for alcohol and drug dependency, help for adult children of alcoholics, and sexual health, including diversity of sexual orientation, abstinence, sexually transmitted infections and condom use.

The Health Services Office coordinates Twelve-Step Recovery Program meetings on campus.

Students are encouraged to call the Health Services Office at 732-255-0364 to report an anticipated absence of a week or more due to illness, a death in the family or any hospitalization. A family member may also contact the Health Services Office on the student’s behalf. Instructors will then be notified. However, this does not excuse the student from work missed. Students are also advised to contact the instructor personally. The number of absences permitted are at the discretion of the individual instructor as per College policy.

An extensive library of self-help brochures and resources are available to faculty, staff and students.

INTERCOLLEGIATE ATHLETICS & INTRAMURAL PROGRAMS

A broad program of intercollegiate athletics and intramurals are available for both men and women at Ocean County College. The athletic department is a member of the National Junior College Athletic Association (NJCAA), Region XIX- NJCAA (which is made up of community colleges in the Eastern Pennsylvania, New Jersey and Delaware area), and the Garden State Athletic Conference (GSAC). GSAC is the community college league of New Jersey. Cross Country, Soccer, Basketball, Swimming, Tennis, and Golf athletic teams are available for both men and women. Baseball is available for men only and Softball is available for women.

Intramural activities are open to all students and staff each semester in fall and spring. Programs available are Volleyball, Basketball, Pickle ball, Dodge ball and Flag Football. Please check the website and our Facebook page for scheduled days and times.

For more information please contact the Athletic Office at 732-255-0345.

OFFICE OF MULTICULTURAL SERVICES (OMS)

Our world is a mosaic of colors, cultures, language groups, traditions, and beliefs. When we come together, we open ourselves to discovery and revelation of similarities, differences, interconnectedness, relationships, and possibilities.

The Office of Multicultural Services (OMS) works to create a climate of inclusiveness and respect for ALL in concert with faculty, staff, community organizations, and other partners. We especially outreach to underserved, under-represented, and other newcomer communities. Our Service Objectives are Outreach, Advocacy, Inclusive Programming, and Culture Teaching.

Colegas, Ocean County College y la Oficina de Servicios Multiculturales se sienten orgullosos de poder servir a los inmigrantes de habla hispana y a los de otras lenguas.

Nosotros valoramos la riqueza de su cultura, su lenguaje y sus perspectivas. Estamos enriquecidos por su presencia. Nos sentimos orgullosos de brindar servicios en español los miércoles y los jueves de 5:00 a 8:00 para asistirle con las aplicaciones de admisión, ayuda financiera e información para la inscripción, como también con otros intereses educacionales o sociales. Nuestra puerta está abierta; los esperaremos. ¡Nos vemos pronto!

Contact OMS at 732-255-0400, ext. 2026 or oms@ocean.edu.

LIBRARY SERVICES

The Ocean County College Library offers a wide variety of materials and personalized assistance to members of the college community in locating and evaluating appropriate resources to satisfy their information needs.

The mission of the OCC Library is to provide its users with information pertinent to all areas of instruction; to teach Information Literacy in collaboration with classroom faculty; and to provide access to professional librarians who can assist patrons in locating the information they need.

The Library collection contains over 70,000 books and audiovisual materials, including over 375 print periodical subscriptions, a lease collection of current books and DVDs, as well as both State and Federal government documents. In addition, the Library subscribes to a number of online databases, allowing students access to an even greater variety of articles and information resources. Supplementary materials can be requested through interlibrary loan.

Borrowing privileges are extended to currently enrolled OCC and Kean-Ocean students, faculty, staff, and active members of the Alumni association. The College ID card is required for all Library transactions. To access the Library website, go to: www.ocean.edu/library/welcome.html. To access the database from off campus, use your Ocean Cruiser account.

STUDENT LIFE

The Office of Student Life provides leadership for all students’ co-curricular activities at the college, including administrative assistance to the intercollegiate athletic and intramural programs. Student community service projects and volunteerism are also coordinated through the Office of Student Life. Discount services and travel to area recreational, educational, and cultural activities are offered to OCC students. Student Life oversees, along with faculty advisors, more than 50 special interest student organizations reflecting the diversity of the general community and the OCC student population.

Dining Facilities

Full cafeteria and vending services are available in the College Center. Breakfast, lunch and dinner are served daily during the academic year.

CAFETERIA HOURS:

- Monday through Thursday: 7:00am to 8:00pm
- Friday: 7:00am to 5:00pm

Vending services are also available in other buildings throughout the campus.

Clubs & Organizations

The goal of the extracurricular program is to help students to assume responsibility for their own behavior via the group process of a club or organization. All student activities are planned and developed by members of the clubs and organizations with the aid of the Director of Student Life, the Coordinator of Student Programming, the Student Life staff and club advisors.

Every official student club or organization privileged to use the college name has a constitution compatible with the philosophy of the college and with local, state and federal laws, as well as a faculty advisor and a stated number of objectives. Each group is responsible for planning its own program and controlling its own budget, within the pattern established through the Student Senate and under the general supervision of the club advisor, the Director of Student Life and the Coordinator of Student Programming.

A general program of cultural, social and educational events, developed annually by student organizations, is offered to the student body. This program is coordinated through the Office of Student Life and includes lectures, films, bus trips to entertainment and sporting events, on-campus theatre productions, and other student-oriented programs.

Student Government – ASOCC

The Associated Students of Ocean County College (ASOCC) and its representative body, the Student Senate, exist to further the well-being of the students, to serve as a channel of communication between the students and the administration, and to cooperate closely with the faculty and administration in maintaining academic and social standards of excellence. The senate is authorized by the college to administer, under specified conditions, a number of regulations and procedures relating to student life.

Ocean County College student organizations include the Student Activities Board, Phi Theta Kappa (a national honor society), Circle K International (a service organization), the Organization for Black Unity (O.B.U.), the Hispanic Club, and the Paralegal Association. Other clubs on campus include the Student Nurses Organization, Criminal Justice Association, Student Health Advisory Council, and EOF Alliance. Students may also decide to become involved with Phi Beta Lambda (business club), the Environmental Club, Mathematics Club, Judo Club, Science Club, Women’s Network, and InterVarsity Christian Fellowship.

Student publications include the Viking News, a bi-weekly campus newspaper and a literary magazine, Seascape. Students may also join the theatre company, the college chorus, the concert band or participate in WOCC, the campus radio station. A complete list of student clubs and organizations is located in the Student Handbook and is also available from the Office of Student Life.
ASSOCIATE DEGREES & DEGREE PROGRAMS

Ocean County College offers the Associate in Arts (A.A.), the Associate in Science (A.S.), and the Associate in Applied Science (A.A.S.) degrees. All degree programs contain a core General Education foundation required by all two-year and four-year colleges and universities.

GENERAL EDUCATION REQUIREMENTS

General education courses are grouped into several major categories: Communication, Mathematics, Science, Technology, Social Science, Humanities, History, Diversity/Global and Cultural Awareness, Information Literacy and Ethical Reasoning.

GRADUATION REQUIREMENTS FOR DEGREE PROGRAMS

A degree signifying graduation from Ocean County College will be awarded to all students completing an approved planned program, provided the following minimum conditions have been filled:

A. Minimum Requirements

1. A student must have earned at least 64 semester hours of credit with a minimum cumulative grade-point average of 2.00

2. If a student has taken developmental classes, these courses do not count toward meeting graduation requirements for any degree. Sufficient additional credits must be completed to meet the 64 credit minimum for a degree.
   a) Veterans, active duty personnel and those who have completed basic training may apply to receive credit for HEHP 893 from the Veterans Affairs office. A copy of DD Form 214 and a request for HEHP credit must be submitted to the Financial Aid Office.

B. Distribution of Semester Hours of Credit for Degrees

OTHER REQUIREMENTS

1. Required courses in all programs of study are as stipulated in the catalog at the time the student matriculates in a degree program as long as the student is continuously enrolled.

2. A student must have earned at least 32 semester hours of credit at Ocean County College.

3. Ocean County College now officially graduates students in January, and will now confer degrees three times per year: January, May and August. We will still have only one Commencement Ceremony in May, and all applicants for that academic year are eligible to participate. Students who graduate in January are eligible to participate in the Commencement Ceremony the following May.

4. Students are required to follow the curriculum as outlined in the catalog at the time of matriculation (degree status). If the student skips a year (a consecutive fall and spring semester), the catalog at the time of reactivation is in effect. The option does exist to update to a more current catalog. If a student changes his/her curriculum, the current catalog at that time is in effect.

5. Students must file a graduation application at the Cashier’s Office. Applications are available in the Registration and Records office. The application deadlines are March for spring graduation and November for January graduation.

NOTES

1. ENGL 091 or ENGL 095, MATH 011 and MATH 012 cannot be used to satisfy degree requirements.

2. Students placed in ENGL 091 or ENGL 095, MATH 011 and 012 as a result of the College Placement Test scores will be required to complete these courses in addition to the general education requirements.

3. It is strongly recommended that writing courses be taken in sequence. ENGL 151 should be taken immediately after completion of ENGL 095.
# Academic Degree Requirements

Note: OCC degree programs have specific general education requirements within the categories identified below.

## Associate of Arts (A.A.) Degree

**General Education Requirements by Category**

<table>
<thead>
<tr>
<th>NCCC Goal Categories</th>
<th>NCCC Gen. Ed. Learning Goals</th>
<th>College-Wide General Education Learning Objectives</th>
</tr>
</thead>
</table>
| **1 Written & Oral Communication** (Communication) | Students will communicate effectively in both speech and writing. | a. Students will explain and evaluate what they read, hear, and see.  
b. Students will state and evaluate the views and findings of others.  
c. Students will logically and persuasively state and support orally and in writing their points of view or findings.  
d. Students will evaluate, revise, and edit their communication. |
| **2 Quantitative Knowledge & Skills** (Mathematics) | Students will use appropriate mathematical and statistical concepts and operations to interpret data and to solve problems. | a. Students will translate quantifiable problems into mathematical terms and solve these problems using mathematical or statistical operations.  
b. Students will construct graphs and charts, interpret them, and draw appropriate conclusions. |
| **3 Scientific Knowledge & Reasoning** (Science) | Students will use the scientific method of inquiry, through the acquisition of scientific knowledge. | a. Applying the scientific method, students will analyze a problem and draw conclusions from data and evidence.  
b. Students will distinguish between scientific theory and scientific discovery, and between science and its scientific technological applications, and they will explain the impact of each on society. |
| **4 Technological Competency** (Technology) | Students will use computer systems or other appropriate forms of technology to achieve educational and personal goals. | a. Students will use computer systems and/or other appropriate forms of technology to present information.  
b. Students will use appropriate forms of technology to identify, collect, and process info.  
c. Students will use appropriate library/learning resource tools such as cataloging systems to access information in reference publications, periodicals, bibliographies, and data bases.  
d. Students will recognize when information is needed and be able to locate, evaluate, and use information. |
| **5 Society & Human Behavior** (Social Science) | Students will understand historical events and movements in World, Western, non-Western or American societies and assess their subsequent significance. | a. Students will state the causes of a major historical event and analyze the impact of that event on a nation or civilization.  
b. Students will discuss a major idea, movement, invention or discovery, and how it affected the world or American society.  
c. Students will demonstrate how writers’ interpretations of historical events are influenced by their time, culture, and perspective. |
| **6 Humanistic Perspective** (Humanities) | Students will analyze works in the fields of art, music, or theater; literature, philosophy and/or religious studies; and/or will gain competence in the use of a foreign language. | a. Students will analyze and discuss behavioral or societal issues using theories and concepts from a social science perspective.  
b. Students will explain how social institutions and organizations influence individual behavior.  
c. Students will describe and demonstrate how social scientists gather and analyze data and draw conclusions.  
d. Students will apply civic knowledge both locally and globally and engage in activities that exercise personal, social, and civic responsibility. |
| **7 Historical Perspective** (History) | Students will understand the importance of a global perspective and culturally diverse peoples. | a. Students will link cultural practices and perspectives with geographic and/or historical conditions from which they arose and evaluate the contributions of people from various nations and/or cultures.  
b. Students will explain why an understanding of differences in people’s backgrounds is particularly important to American society.  
c. Students will recognize and explain the possible consequences of prejudicial attitudes and discriminatory actions.  
d. Students will be exposed to global linkages in economics, politics, business, health, and other shared cultural concerns. |
| **8 Global & Cultural Awareness** | Students will understand ethical issues and situations. | a. Students will analyze and evaluate the strengths and weaknesses of different perspectives on an ethical issue or a situation.  
b. Students will take a position on an ethical issue or a situation and defend it. |
| **9 Ethical Reasoning & Action** | Students will address an information need by locating, evaluating, and effectively using information. | a. Students will identify and address an information need.  
b. Students will access information effectively and efficiently.  
c. Students will evaluate and think critically about information.  
d. Students will use information effectively for a specific purpose.  
e. Students will use information ethically and legally. |
| **10 Independent/Critical Thinking** | Students will demonstrate independent/critical thinking in the humanities, natural sciences, and social sciences | a. Students will interpret and evaluate literary and visual art based on stylistic and contextual analysis.  
b. Students will arrive at solutions through hypothesis, inquiry, analysis, and interpretation in studying the natural sciences.  
c. Students will synthesize diverse ideas and information and draw valid inferences in studying the social sciences. |

Note: This document should be used in conjunction with the General Education Foundation (8-15-2007) and the NJCC GE Course Criteria (8-15-2007). Board of Trustees Approval Dates: June 22, 2009; December 9, 2011.
OCEAN COUNTY COLLEGE 2013-2014

PROGRAMS OF STUDY

Degrees Offered at OCC
OCC offers three degrees: the Associate of Arts (A.A.) degree, the Associate of Science (A.S.) degree, and the Associate of Applied Science (A.A.S.) degree. The A.A. and the A.S. degrees prepare students for transfer to arts and sciences baccalaureate programs at four-year colleges and universities. The A.A.S. degree prepares students for immediate employment after graduation, although many students who pursue this degree transfer successfully to four-year colleges and universities.

Programs of Study
Within each of the three degrees are several choices of programs. Students should choose a program best suited for their educational objectives. The chart on the following page identifies the programs available within each degree, along with options and concentrations. Options are defined by specific requirements, while concentrations include a set of suggested, but not required, courses. A substantial portion of the Liberal Arts degree and numerous requirements for General Studies and other degrees can be completed through the use of online courses.

Certificates
Students can also obtain a Certificate of Proficiency or a Certificate of Completion. Certificate programs are designed to equip students with skills for immediate employment in a wide range of job possibilities. Certificates of Proficiency require 30 or more credits, while Certificates of Completion require a fewer number of credits. In general, credits earned through a certificate program may later be applied to an associate degree in a related field or in general education.

Additional Offerings
OCC also offers courses through the following college offices: International Travel; Center for Business Education Training; Continuing and Professional Education; The Academy for Lifelong Learning and The Office of School Relations.

AMERICAN SIGN LANGUAGE-ENGLISH INTERPRETING

A.A.S. Degree Program

The AAS in American Sign Language-English Interpreting program prepares students to interpret English into ASL and ASL into English. The program promotes American Sign Language skills, an understanding of deaf culture, knowledge of the interpreter’s role and responsibility, theoretical skills in interpreting, and practical experience in interactive settings. Various settings in which the interpreter works are examined in addition to ethical decision making in relation to the role of the interpreter.

This program attracts applicants coming from various backgrounds: (a) graduates of two and four year ASL programs, (b) individuals with no degree but with prior knowledge and skills in ASL, and (c) beginning students. All program applicants will be tested to determine their proficiency in Basic ASL I and II. Those who do not pass will need to take one or both of the basic courses, depending on their scores. Upon completion of the basic course(s), the students will be re-tested to determine their readiness to enter the AAS in American Sign Language-English Interpreting program.

FIRST SEMESTER
3 cr. ASLN 105: Deaf Culture & History
4 cr. ASLN 110: Intermediate American Sign Language I
3 cr. ENGL 151: English I
3 cr. MATH Gen. Ed. Requirement
3 cr. COMM 154: Fundamentals of Public Speaking
16 cr.

SECOND SEMESTER
3 cr. ASLN 115: ASL Syntax & Grammar
3 cr. ASLN 120: Interpreting Theory I
4 cr. ASLN 155: Intermediate American Sign Language II
3 cr. ASLN 160: ASL-English Translation Studies
3 cr. ENGL 152: English II
16 cr.

THIRD SEMESTER
3 cr. ASLN 220: Interpreting Theory II
3 cr. ASLN 230: ASL-English Interpreting
3 cr. ASLN 225: Deaf-Blind Interpreting
3 cr. ASLN 235: English-ASL Interpreting
4 cr. Lab Science Gen. Ed. Requirement
16 cr.

FOURTH SEMESTER
5 cr. ASLN 260: Interactive Interpreting
3 cr. EDUC 178: Intro. to the Education of Exceptional Students
3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course
3 cr. Humanities Gen. Ed. Requirement
3 cr. Social Science Gen. Ed. Requirement
17 cr.

TOTAL CREDITS 65

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

BUSINESS

A.A.S. Degree Program

This general business career preparation curriculum is designed to qualify students for entry-level positions in business, nonprofit organizations, and government organizations. Graduates can expect to find employment as a junior accountant, manager in retailing, management trainee, bank teller/loan officer trainee, sales/marketing person, and small business owner.

Students will complete the Business Core Requirements, the college-wide General Education Requirements, and enough elective courses to acquire at least 64 credits and earn the Associate in Applied Science Degree in Business.

Although students enrolled in the AAS in Business select a specific area of interest (Accounting, Banking/Financial Services, Management, or Marketing), they are not restricted to any one area but may freely choose electives from all areas.

FIRST SEMESTER
3 cr. ENGL 151: English I
3 cr. BUSN 131: Introduction to Business Administration
3 cr. ACCT 161: Principles of Accounting I
3 cr. CSIT 123: Integrated Office Software
15 cr.

SECOND SEMESTER
3 cr. ENGL 152: English II
3 cr. BUSN 134: Principles of Marketing
3 cr. BUSN 210: Business Communications
3 cr. ACCT 162: Principles of Accounting II
6 cr. Business Electives
18 cr.

THIRD SEMESTER
3 cr. BUSN 251: Business Law I
3 cr. ECON 151: Macroeconomic Principles
3 cr. BUSN 271: Principles of Management
3 cr. COMM 154: Fundamentals of Public Speaking
3 cr. Business Electives
15 cr.

FOURTH SEMESTER
3 cr. BUSN 252: Business Law II
3 cr. ECON 152: Microeconomic Principles
4 cr. Lab Science Gen. Ed. Requirement
3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course
3 cr. Business Electives
16 cr.

TOTAL CREDITS 64

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.
AREAS OF INTEREST

Although students may select electives from specific areas of interest, they are not restricted to any one area but may freely choose electives from all areas.

ACCOUNTING

Accounting courses are intended to prepare students with the theory and skill competencies necessary for such positions as: accounting clerk, accounting paraprofessional, bookkeeper, junior accountant, and accounting assistant.

Accounting Electives

- MATH 149: (Mathematics of Finance) or MATH 156 (Intro. to Statistics)
- ACCT 261: Intermediate Accounting I
- ACCT 262: Intermediate Accounting II
- ACCT 266: Federal Income Taxation
- CSIT 126: Intermediate Spreadsheets & Database
- BUSN 275: Principles of Finance
- BUSN 272: Principles of Investments
- PHIL 198: Business Ethics
- BUSN 126: Word Processing

BANKING/FINANCIAL SERVICES

The student employed in the banking industry may work toward a degree in this career education sequence of courses by transferring a maximum of 30 credits from AIB and a maximum of 20 credits from IFE. This concentration is also designed for the student who is seeking an entry-level position in banking.

Banking/Financial Services Electives

- BUSN 272: Principles of Investments
- BUSN 275: Principles of Finance
- BUSN 291: International Business
- ECON 153: Contemporary Economics Issues
- LAWF 204: Estate Administration
- BUSN 126: Word Processing

MANAGEMENT

Management courses are offered to students who intend to engage in a career in business or a nonprofit organization. Students currently employed will also benefit from this program.

Management Electives

- BUSN 151: Human Resource Management
- BUSN 170: Small Business Management
- BUSN 270: Principles of Advertising
- BUSN 275: Principles of Finance
- BUSN 291: International Business
- PHIL 198: Business Ethics
- LAWF 108: Employment Law
- BUSN 126: Word Processing

MARKETING

Marketing courses prepare students to enter the broad field of marketing as management trainees in retailing, wholesaling, advertising, and sales.

Marketing Electives

- MATH 147 (Business Mathematics) or higher
- BUSN 170: Small Business Management
- BUSN 270: Principles of Advertising
- BUSN 291: International Business
- PSYC 172: General Psychology
- ARTS 159: Visual Literacy
- CSIT 126: Intermediate Spreadsheets & Database
- BUSN 126: Word Processing

ACCOUNTING

**Accounting Certificate of Completion**

- 3 cr. ACCT 161: Principles of Accounting I
- 3 cr. ACCT 162: Principles of Accounting II
- 3 cr. ACCT 261: Intermediate Accounting I
- 3 cr. ACCT 262: Intermediate Accounting II
- 3 cr. ACCT 266: Federal Income Tax Accounting
- 3 cr. ENGL 151: English I
- 3 cr. BUSN 131: Introduction to Business Administration
- 3 cr. BUSN 210: Business Communications
- 3 cr. CSIT 123: Integrated Office Software

**TOTAL CREDITS 27**

BUSINESS

**Associate in Applied Science**

**Paralegal Studies Option**

The Associate in Applied Science in Business - Paralegal Studies Option is designed to provide a foundation for the legal assistant (paralegal) career. The coursework and curriculum are based on American Bar Association (ABA) guidelines which are constantly updated by the ABA Standing Committee on Paralegals. Students engage in courses which emphasize both the theory of law and paralegal skill and which are taught by practicing attorneys who have years of legal experience.

**FIRST SEMESTER**

- 3 cr. ENGL 151: English I
- 3 cr. LAWF 101: Introduction to Law & Legal Assisting
- 3 cr. BUSN 251: Business Law I
- 3 cr. ECON 151: Macroeconomic Principles

**SECOND SEMESTER**

- 3 cr. ENGL 152: English II
- 3 cr. LAWF 104: Introduction to Litigation
- 3 cr. BUSN 252: Business Law II
- 3 cr. LAWF 201: Legal Research & Writing for Paralegals
- 3 cr. COMM 154: Fundamentals of Public Speaking

**THIRD SEMESTER**

- 3 cr. LAWF 204: Estate Administration
- 3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP courses
- 3 cr. BUSN 210: Business Communications
- 9 cr. Electives*

**FOURTH SEMESTER**

- 3 cr. BUSN 267: Real Estate Law
- 4 cr. Lab Science Gen. Ed. Requirement
- 3 cr. CSIT 123: Integrated Office Software
- 3 cr. LAWF 203: Law Office Management
- 3 cr. Electives*

**TOTAL CREDITS 64**
*Electives
1 cr. BUSN 126: Word Processing
1 cr. BUSN 133: Microcomputer Keyboarding
3 cr. LAAW 105: Health Care Law
3 cr. LAAW 203: Law Office Management
3 cr. LAAW 206: New Jersey Family Law
3 cr. CRIM 254: Constitutional Law & Rules of Evidence
3 cr. CRIM 255: Criminal Law & Procedure
3 cr. POLI 161: American Federal Government
3 cr. ACCT 161: Principles of Accounting I
5 cr. BUSN 290: Principles of Real Estate
3 cr. BUSN 271: Principles of Management
3 cr. INTR 290: Internship
3 cr. LAAW 106: Mediation & Conflict Resolution

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

PARALEGAL STUDIES

Certificate of Proficiency
This curriculum prepares students for the position of paralegal/legal assistant. Students will study law and acquire practical legal skills that are necessary for entry-level employment in a law office. Persons currently working in a law office or in a related environment can upgrade their skills and increase their general and specific knowledge of law. All of the courses in this certificate curriculum can apply to the Associate in Applied Science Degree in Business - Paralegal Studies Option.

3 cr. ENGL 151: English I
3 cr. ENGL 152: English II
3 cr. LAAW 101: Introduction to Law & Legal Assisting
3 cr. LAAW 104: Introduction to Litigation
3 cr. LAAW 201: Legal Research & Writing for Paralegals
3 cr. LAAW 203: Law Office Management
3 cr. BUSN 251: Business Law I
6 cr. Legal Assistant Electives*
3 cr. POLI 161: American Federal Government
3 cr. CSIT 123: Integrated Office Systems

TOTAL CREDITS 33

*Electives
3 cr. ACCT 161: Principles of Accounting I
3 cr. BUSN 252: Business Law II
3 cr. BUSN 267: Real Estate Law
3 cr. BUSN 271: Principles of Management
5 cr. BUSN 290: Principles of Real Estate
3 cr. CRIM 254: Constitutional Law & Rules of Evidence
3 cr. CRIM 255: Criminal Law & Procedure
3 cr. INTR 290: Internship
3 cr. LAAW 105: Health Care Elder Law
3 cr. LAAW 106: Mediation & Conflict Resolution
3 cr. LAAW 204: Estate Administration
3 cr. LAAW 206: New Jersey Family Law
3 cr. PSYC 172: General Psychology

LEGAL SECRETARY

Certificate of Completion
The Legal Secretary Certificate of Completion program will prepare students to successfully work at law offices. Legal secretaries prepare legal correspondence and documents to assist lawyers in legal research, as well as keep a detailed calendar and detailed files. Courses in this program will provide a background for these responsibilities.

3 cr. BUSN 147: Keyboarding/Document Processing I
3 cr. BUSN 148: Keyboarding/Document Processing II
1 cr. BUSN 126: Word Processing
3 cr. BUSN 214: Word Processing Applications
3 cr. CSIT 123: Integrated Office Software
3 cr. BUSN 251: Business Law I
3 cr. BUSN 267: Real Estate Law
1 cr. LAAW 203: Law Office Management

TOTAL CREDITS 22

ADMINISTRATIVE OFFICE MANAGEMENT

Associate in Applied Science
The modern office technician is affected by rapid advances in the electronic/automated office. The AOM curriculum is designed for persons seeking administrative assistant/management positions in today’s high-tech office. This program provides students with a broad academic background in business and general education, enhanced by high-level skill training in various application software packages, decision-support services, administrative office management and specialized office procedures. Upon completion of the program, students are prepared to embark upon administrative assistant/management positions.

FIRST SEMESTER
3 cr. ENGL 151: English I
3 cr. BUSN 125: Introduction to Office Systems
3 cr. BUSN 147: Keyboarding/Document Processing I
3 cr. BUSN 126: Word Processing
3 cr. BUSN 132: Business Calculations
3 cr. CSIT 123: Integrated Office Software
3 cr. Social Science Gen. Ed. Requirement

18 cr.

SECOND SEMESTER
3 cr. ENGL 152: English II
1 cr. BUSN 126: Word Processing
3 cr. BUSN 148: Keyboarding/Document Processing II
3 cr. BUSN 147: Keyboarding/Document Processing I
3 cr. BUSN 126: Word Processing
3 cr. ACCT 121: Fundamentals of Accounting
4 cr. Lab Science Gen. Ed. Requirement

16 cr.

THIRD SEMESTER
3 cr. BUSN 210: Business Communications
3 cr. BUSN 211: Word Processing/Machine Transcription
3 cr. BUSN 214: Word Processing Applications
3 cr. ACCT 121: Fundamentals of Accounting
4 cr. Lab Science Gen. Ed. Requirement

16 cr.

FOURTH SEMESTER
3 cr. BUSN 220: Office Management
3 cr. BUSN 215: Integrated Software Applications
3 cr. COMM 154: Fundamentals of Public Speaking
3 cr. BUSN 251: Business Law I
3 cr. Additional courses from the list of Approved General Education Courses.

15 cr.

TOTAL CREDITS 65
Certificate of Proficiency

The objective of this program is to prepare students for employment in office occupations using word processing technology. The corollary purpose is to update the skills of those currently working in some phase of this technology. It is the student's responsibility to insure that he/she has successfully completed prerequisite studies contained in the course descriptions.

3 cr. ENGL 151: English I
3 cr. ACCT 121: Fundamentals of Accounting
3 cr. BUSN 125: Introduction to Office Systems
1 cr. BUSN 126: Word Processing
3 cr. BUSN 148: Keyboarding/Document Processing II
3 cr. CSIT 123: Integrated Office Software
3 cr. BUSN 210: Business Communications
3 cr. BUSN 211: Word Processing/Machine Transcription
3 cr. BUSN 214: Word Processing Applications
3 cr. BUSN 215: Integrated Software Applications
3 cr. BUSN 220: Office Management
3 cr. PSYC 172: General Psychology

TOTAL CREDITS 34

Students must complete one-half of the total number of semester hours required for this program at OCC.

BUSINESS ADMINISTRATION

Associate in Science

The following program is designed for those students desiring to transfer to a baccalaureate program in business administration. It should be noted that senior institutions accredited by the American Assembly of Collegiate Schools of Business (AACSB) may not accept certain upper level business courses without validation.

FIRST SEMESTER

3 cr. ENGL 151: English I
3 cr. BUSN 131: Intro. to Business Administration
3-4 cr. Mathematics Gen. Ed. Requirement
3 cr. HIST 171: Western Civilization I
3 cr. ECON 151: Macroeconomic Principles
15-16 cr.

SECOND SEMESTER

3 cr. BUSN 134: Principles of Marketing*
3 cr. ENGL 152: English II
3 cr. HIST 172: Western Civilization II
3 cr. CSIT 123: Integrated Office Software
3 cr. ECON 152: Microeconomic Principles
15 cr.

THIRD SEMESTER

3 cr. OCC Requirement: Any courses from the list of Approved General Education Courses or ACAD 155 or any HEHP course
3 cr. BUSN 251: Business Law I
3 cr. ACCT 161: Principles of Accounting I
3 cr. PSYC 172: General Psychology or
SOCI 181: Introduction to Sociology
3 cr. Humanities Gen. Ed. Requirement
4 cr. Lab Science Gen. Ed. Requirement
19 cr.

FOURTH SEMESTER

3 cr. BUSN 252: Business Law II
3 cr. ACCT 162: Principles of Accounting II
3 cr. Non-Business Elective (to meet required 64 cr.)
3 cr. COMM 154: Principles of Public Speaking
3 cr. BUSN 271: Principles of Management
15 cr.

TOTAL CREDITS 64

*Students should check with transfer college for acceptance; most colleges accept BUSN 134 and BUSN 271; some colleges will accept these courses through a validation test. Any substitutes for BUSN 134 and BUSN 271 should be liberal arts courses.

BUSINESS STUDIES

Certificate of Completion

This is a broad program of study that provides students with specific skills as well as a general overview of business. The courses are also related to not-for-profit organizations.

3 cr. BUSN 131: Intro. to Business Administration
3 cr. ACCT 121: Fundamentals of Accounting or
3 cr. ACCT 161: Principles of Accounting I
3 cr. CSIT 123: Integrated Office Software
3 cr. BUSN 251: Business Law
3 cr. BUSN 271: Principles of Management
3 cr. BUSN 134: Principles of Marketing
6 cr. Electives
24 cr.

TOTAL CREDITS 24

Elective Courses:

3 cr. ACCT 162: Principles of Accounting II
3 cr. BUSN 151: Intro. to Human Resources Management
3 cr. BUSN 170: Small Business Management
3 cr. BUSN 210: Business Communications
3 cr. BUSN 252: Business Law II
3 cr. BUSN 270: Principles of Advertising
3 cr. BUSN 272: Principles of Investments

Students must complete one-half of the total number of semester hours required for this program at OCC.

SMALL BUSINESS MANAGEMENT

Certificate of Proficiency

The program of study is a core of business courses, which are designed to prepare the student for ownership and operation of a small enterprise. These specialized courses stress the role of the entrepreneur.

3 cr. ENGL 151: English I
3 cr. BUSN 131: Introduction to Business Administration
3 cr. BUSN 134: Principles of Marketing
3 cr. ACCT 121: Fundamentals of Accounting or
3 cr. ACCT 161: Principles of Accounting I
3 cr. BUSN 170: Small Business Management
3 cr. BUSN 251: Business Law
3 cr. BUSN 271: Principles of Management
3 cr. CSIT 123: Integrated Office Software
12 cr. Business Electives*
36 cr.

TOTAL CREDITS 36

*Business Electives:

3 cr. ACCT 162: Principles of Accounting II
3 cr. BUSN 210: Business Communications
3 cr. BUSN 252: Business Law II
3 cr. BUSN 270: Principles of Advertising
3 cr. MATH 156: Intro to Statistics
COMPUTER STUDIES

**COMPUTER SCIENCE**

**Associate in Science**

The program outlined here will prepare students for transfer to a four-year college to obtain a Bachelor of Arts degree in computer science. The curriculum follows the model provided by the Association of Computing Machinery and the Institute of Electrical and Electronic Engineers, Inc. Computer Society in order to assure maximum transferability. Upon graduation, students can expect to transfer to a four-year college with junior status. Effective problem solving is central to good programming; this curriculum provides the necessary foundation. The software development process (composing and coordinating components of a program) requires that students construct algorithms for problem solving with appropriate documentation. This curriculum has been designed to address these needs in preparing the student for a future in computer science. The department recommends the following minimal criteria for prospective students in the Computer Science A.S. program:

- High school diploma or equivalent
- Cumulative high school grade point average of C or above
- Ranked in top half of high school graduating class
- No developmental studies requirement

**FIRST SEMESTER**

Kean-Ocean students need COMM 154 as a general elective

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

---

**GAME DEVELOPMENT & DESIGN OPTION**

The program outlined here will prepare students for transfer to a four-year college to obtain a Bachelor of Arts degree in computer game design. The curriculum follows the model provided by the Association of Computing Machinery and the Institute of Electrical and Electronic Engineers, Computer Society to assure maximum transferability. Upon graduation, students can expect to transfer to a four-year college with junior status. Effective problem solving is central to good game design and development. The software development process (composing and coordinating components of a program) requires that students construct algorithms for problem solving with appropriate documentation. This curriculum has been designed to prepare the student to work as a team and solve complex computer programming problems. The department recommends the following minimal criteria for prospective students in the Computer Game Development and Design option:

- High school diploma or equivalent
- Cumulative high school grade point average of C or above
- Ranked in top half of high school graduating class
- No developmental studies requirement

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.
Associate in Science
INFORMATION TECHNOLOGY OPTION
The program outlined here will prepare students for transfer to a four-year college to obtain a Bachelor of Arts degree in computer information systems. The curriculum follows the model provided by the Association of Computing Machinery and the Institute of Electrical and Electronics Engineers, Computer Society in order to assure maximum transferability. Upon graduation, students can expect to transfer to a four-year college with junior status. The field of information technology is interdisciplinary, with applications to all aspects of the economy. Information technologists need a balance of software and hardware applications with concentration in specific courses. Effective problem solving is central to this degree; this curriculum provides the necessary foundation. The software development process (composing and coordinating components of a program) requires that students construct algorithms for problem solving with appropriate documentation. This curriculum has been designed to prepare the student to meet the future needs of integration, design, deployment and management of computing, resources and services. The department recommends the following minimal criteria for prospective students in the Information Technology option:
1. High school diploma or equivalent,
2. Cumulative high school grade point average of C or above,
3. Ranked in top half of high school graduating class,
4. No developmental studies requirement

FIRST SEMESTER
4 cr. CSIT 165: Programming I
3 cr. ENGL 151: English I
3 cr. Social Science Gen. Ed. Requirement
3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP Course
3 cr. Humanities Gen. Ed. Requirement
16 cr.

SECOND SEMESTER
4 cr. CSIT 166: Programming II
3 cr. CSIT 176: Computer Organization & Architecture
4 cr. MATH 265: Calculus I
3 cr. ENGL 152: English II
3 cr. Social Science Gen. Ed. Requirement
17 cr.

THIRD SEMESTER
4 cr. CSIT 265: Data Structures & Algorithm Analysis
4 cr. MATH 266: Calculus II
4 cr. Lab Science Gen. Ed. Requirement: (BIOL 161, CHEM 181 or PHYS 281)
3 cr. Humanities Gen. Ed. Requirement
15 cr.

FOURTH SEMESTER
3 cr. CSIT 213: Database Management
9 cr. Elective (to meet required 64 cr.)*
4 cr. Lab Science Gen. Ed. Requirement (continue original science sequence) of BIOL 162, CHEM 182 or PHYS 282
16 cr.

TOTAL CREDITS 64
Kean-Ocean students need COMM 154 & MATH 270 as general electives

*Students should select electives relevant to the Bachelor’s Degree concentration

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

INFORMATION TECHNOLOGY
Certificate of Proficiency
This Computer Science/Information Technology certificate program is designed primarily for the student in the work environment seeking to become computer literate through a non-degree course of study. A certificate will be awarded to students completing the courses with a cumulative average of 2.0 or higher. This curriculum provides a basic core of hardware and software courses with 12 additional CSIT elective courses designed to address needs in preparing the student for advancement in the work environment or to the next level of computer science study.
4 cr. CSIT 165: Programming I
4 cr. CSIT 166: Programming II
3 cr. CSIT 176: Computer Organization & Architecture
3 cr. MATH 151: A Survey of Mathematics or
MATH 171: Finite Mathematics or
MATH 181 or higher: Introduction to Probability
3 cr. CSIT 213: Database Management
3 cr. ENGL 151: English I
3 cr. 200 Level Computer Science Elective
9 cr. CSIT 115 or higher: Computer Science Electives
32 cr.

TOTAL CREDITS 32

INFORMATION TECHNOLOGY
Certificate of Completion
This Computer Science/Information Technology certificate program provides a basic core of hardware and software courses with 6 additional CSIT electives to enable students with a specific retraining need to meet that goal within a limited time period. A certificate will be awarded to students completing the courses with a cumulative average of 2.0 or higher.
4 cr. CSIT 165: Programming I
4 cr. CSIT 166: Programming II
3 cr. CSIT 213: Database Management
6 cr. CSIT 115 or higher: Computer Science Electives
17 cr.

TOTAL CREDITS 17

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

3 cr. Humanities Gen. Ed. Requirement
15 cr.

FOURTH SEMESTER
3 cr. CSIT 213: Database Management
3 cr. MATH 270: Discrete Mathematics
4 cr. Lab Science Gen. Ed. Requirement (continue original science sequence) (BIOL 162, CHEM 182 or PHYS 282)
3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course.
3 cr. Elective
16 cr.

TOTAL CREDITS 64
Kean-Ocean students need COMM 154 as a general elective

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

COMPUTER SCIENCE/INFORMATION TECHNOLOGY

Associate in Applied Science

This career program prepares students for entry-level positions in a multitude of computer-related jobs. Both computer scientists and information technologists need a balance of software and hardware applications with concentration in specific courses emphasizing effective problem solving. The software development process, (composing and coordinating component of a program) requires that students construct algorithms for problem solving with appropriate documentation. This curriculum has been designed to prepare the student to meet the future needs of integration, design, deployment, and management of computing, resources and services. A graduate of the program will have a firm understanding of modern programming practices and related skills in computer information technology. The department recommends the following minimal criteria for prospective students in the Computer Science/Information Technology program:

- High school diploma or equivalent
- Cumulative high school grade point average of C or above
- Ranked in top half of high school graduating class
- No developmental studies requirement

FIRST SEMESTER
4 cr. CSIT 165: Programming I
3 cr. ENGL 151: English I
3 cr. MATH 151: A Survey of Mathematics or MATH 171: Finite Mathematics or MATH 181 or higher: Introduction to Probability
3 cr. Humanities Gen. Ed. Requirement
3 cr. Social Science Gen. Ed. Requirement
16 cr.

SECOND SEMESTER
4 cr. CSIT 166: Programming II
3 cr. CSIT 176: Computer Organization & Architecture
3 cr. ENGL 152: English II
6 cr. Computer Science Electives*
16 cr.

THIRD SEMESTER
6 cr. Computer Science Electives*
4 cr. Lab Science Gen. Ed. Requirement
3 cr. COMM 154: Fundamentals of Public Speaking
3 cr. Social Science or Humanities Gen. Ed. Requirement
16 cr.

FOURTH SEMESTER
3 cr. CSIT 213: Database Management
6 cr. Computer Science Electives*
3 cr. Business Studies Elective
3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course.
1 cr. Elective (to meet required 64 cr.)
16 cr.

TOTAL CREDITS 64

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

*Any CSIT course (CSIT 115 or higher) including those recommended in the areas of interest below. Students are not required to select a specific area of interest to complete this degree.
CRIMINAL JUSTICE

See Law & Public Safety - page 52

DENTAL HYGIENE

A.A.S. Degree Program

An Associate in Applied Science Degree in Dental Hygiene is offered in cooperation with the School of Health Related Professions at the University of Medicine and Dentistry of New Jersey (UMDNJ). A degree is awarded simultaneously by Ocean County College and UMDNJ.

Thirty two (32) of 34 General Education credits must be taken at Ocean County College, prior to formal admission into the clinical portion of the program at UMDNJ. The Dental Hygiene program is only available as a full-time course of study, and UMDNJ accepts a cohort of new full-time students each January. All dentistry courses are taken at UMDNJ’s Scotch Plains campus.

ADMISSIONS REQUIREMENTS

OCC has only four (4) dedicated seats available each year for admission to the Dental Hygiene program, so admission is highly competitive. To apply, a student must be matriculated at OCC and must be a resident of Ocean County. All applicants will be reviewed by a selection committee established at OCC to review all submitted supporting materials and make final admission recommendations to UMDNJ. Application materials will be due by April 1 each year to be considered for admissions the following January at UMDNJ.

Prior to acceptance into the UMDNJ program, students must have completed the following OCC courses, earning a minimum cumulative grade point average of 2.85:

- BIOL 130: Human Anatomy and Physiology I
- BIOL 131: Human Anatomy and Physiology II
- BIOL 232: Microbiology
- CHEM 180: Introduction to Chemistry
- ENGL 151: English I
- PSYC 172: General Psychology

Prior to beginning clinical coursework at UMDNJ, students must also complete the following general education requirements and obtain a minimum grade of C in each:

- ENGL 152: English II
- COMM 154: Fundamentals of Public Speaking
- MATH 156: Introduction to Statistics
- SOCI 181: Introduction to Sociology

CAREER STUDIES (UMDNJ) – 52 CREDITS AS FOLLOWS:

(All dentistry courses are taken at UMDNJ’s Scotch Plains campus)

CREDITS REQUIRED FOR DEGREE: 86

DIGITAL MASS MEDIA

BROADCAST/PRODUCTION OPTION

The A.A. degree in Digital Mass Media offers students the first two years of courses and fieldwork which allow students to transfer into a baccalaureate program or to seek immediate employment. The program prepares a variety of production or writing positions at newspapers and magazines (print and online), radio and television stations (and their associated Web sites), cable systems, video production companies and other production facilities. The program also prepares students for careers as publicity writers for public relations firms, advertising agencies, businesses, and organizations.

The curriculum gives students hands-on writing, production, and programming experience at the College radio station, television station, video editing/post production lab, literary magazine, and the print and online versions of the college newspaper. Students also gain experience in blogs, podcasts and other new media used by both professional and citizen journalists.

TOTAL CREDITS 64
Note: cr. (credit) = semester credit hour
Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

*One Humanities or Social Science requirement must be selected from the Diversity category in the list of Approved General Education Courses.

**Students who demonstrate proficiency must take additional general education credits in math, lab science, or technology from the list of Approved General Education Courses.

***Selection should be based upon the requirements of the four-year institution.

EDUCATION

ELEMENTARY EDUCATION
See Liberal Arts - page 53

TEACHER AIDE
Certificate of Completion
The certificate of completion for teacher aides includes courses specific to the field, with a limited number of general education courses. It is designed for students who wish to become teacher aides and for aides already employed within school systems. All courses may be credited toward the associate degree for students wishing to earn an Associate in Science degree in general education. Students completing the A.S. degree could substitute teach and transfer to a four-year college. Students seeking admission must meet all college requirements.

3 cr. PSYC 172: General Psychology
3 cr. PSYC 173: Child Psychology
3 cr. EDUC 175: Introduction to Teaching
3 cr. ENGL 151: English I
3 cr. MATH 151: A Survey of Mathematics
3 cr. EDUC 178: Introduction to Education of Exceptional Students
3 cr. EDUC 245: Language Arts in the School Curriculum or
3 cr. CSIT 110: Computer Literacy
21 cr.

TOTAL CREDITS 21
**ENGINEERING**

**Associate in Science**
The Associate in Science Engineering program is designed to prepare the beginning engineering student to successfully transfer to upper division programs at four or five year engineering schools. Participants in the associate program will enroll and successfully complete course work in basic science, mathematics, and engineering related courses that will provide the serious student with the knowledge and background to take upper level courses in his/her chosen field of study.

**FIRST SEMESTER**
- 4 cr. CHEM 181: General Chemistry I
- 4 cr. PHYS 281: General Physics I
- 4 cr. MATH 265: Calculus I
- 2 cr. ENGR 181: Graphics for Engineers
- 3 cr. ENGL 151: English I
- 17 cr.

**SECOND SEMESTER**
- 4 cr. CHEM 182: General Chemistry II
- 4 cr. PHYS 282: General Physics II
- 4 cr. MATH 266: Calculus II
- 3 cr. Humanities Gen. Ed. Requirement
- 3 cr. ENGL 152: English II
- 18 cr.

**THIRD SEMESTER**
- 4 cr. MATH 267: Calculus III
- 3 cr. ENGR 221: Engineering Statics
- 3 cr. Social Science or Humanities Gen. Ed. Requirement
- 4 cr. PHYS 283: General Physics III
- 14 cr.

**FOURTH SEMESTER**
- 3 cr. Technology Gen. Ed. Requirement*
- 3 cr. OCC Requirement: Any course from the list of Approved General Educational Courses or ACAD 155 or any HEHP Course
- 3 cr. ENGR 222: Engineering Dynamics
- 3 cr. ENGR 225: Design of Material Structures
- 3 cr. Social Science Gen. Ed. Requirement
- 15 cr.

**TOTAL CREDITS 64**
*Students may attempt to "test out" of the technology requirement. If they succeed, they must take an additional course(s) to meet the required 64 total credits.

Note: Transfer students are strongly advised to take MATH 280: Differential Equations.

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

**ENVIRONMENTAL SCIENCE**

**Associate in Science**
The Associate in Science (A.S.) degree program in Environmental Science is designed to prepare students for careers in the dynamically growing field of environmental science. This program is particularly attractive to four-year institutions that offer baccalaureate or graduate degrees in environmental studies, where our graduates may apply for additional preparation in the field.

**FIRST SEMESTER**
- 3 cr. Technology Requirement*
- 4 cr. BIOL 161: General Biology I
- 4 cr. CHEM 181: General Chemistry I
- 3 cr. ENGL 151: English I
- 3-4 cr. MATH 191 or MATH 265: Pre-Calculus I or Calculus I
- 17-18 cr.

**SECOND SEMESTER**
- 4 cr. ENVI 152: Environmental Science
- 3-4 cr. MATH 192 or MATH 266: Pre-Calculus II or Calculus II
- 4 cr. BIOL 162: General Biology II
- 4 cr. CHEM 182: General Chemistry II
- 3 cr. ENGL 152: English II
- 18-19 cr.

**THIRD SEMESTER**
- 2-4 cr. BIOL 261 or BIOL 265 or ENVI 154 or ENVI 259 Marine Biology or Introduction to Oceanography or Field Experience/Practicum
- 4 cr. CHEM 283: Organic Chemistry I
- 3 cr. Social Science Gen. Ed. Requirement
- 3 cr. Humanities Gen. Ed. Requirement
- 12-14 cr.

**FOURTH SEMESTER**
- 4 cr. CHEM 284: Organic Chemistry II
- 3 cr. Humanities Gen. Ed. Requirement
- 3 cr. Social Science Gen. Ed. Requirement
- 3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP Course
- 0-4 cr. Elective (to meet required 64 cr.)
- 13-17 cr.

**TOTAL CREDITS 64**
*Students may attempt to “test out” of the technology requirement. If they succeed, they must take an additional course(s) to meet the required 64 total credits.

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

**ENGLISH**
See Liberal Arts - page 53
GENERAL STUDIES

Associate in Science
This degree is for those students who wish to explore career fields or to build an individualized program to meet special career needs by drawing from components of existing career programs. Students may plan either transfer or career programs to meet the requirements for the Associate in Science degree by completing:

a. At least 18 hours beyond college core curriculum from one college department,

b. A minimum of 30 hours of general education courses,

c. Sufficient additional hours to meet the general requirements for the degree as outlined in the section on degrees.

GENERAL EDUCATION

CORE REQUIREMENTS

Communications
6 cr.
English I/English II

Humanities
3 cr.
One (1) Humanities course selected from the list of Approved General Education Courses

Social Science
3 cr.
One (1) Social Science course selected from the list of Approved General Education Courses

Additional Humanities or Social Science Credit
3 cr.
One (1) Humanities or Social Science course selected from the list of Approved General Education Courses

Mathematics-Science-Technology
9 cr.
Students must select at least one math course, one lab science course and one technology course* from the list of Approved General Education Courses.

*Students may attempt to “test out” of the technology requirement. If they succeed, they must take an additional course(s) in math, science, or technology from the list of Approved General Education Courses.

Additional General Education Credit
6 cr.
From the list of Approved General Education Courses

Ocean County College Requirement
3 cr.
OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course.

Department Concentration
18 cr.
To satisfy the Department Concentration, students must earn 18 credits from one of several areas. Those areas and the related course prefixes are listed below:

Humanities
- ARBC, ARTS, ASLN, CHIN, COMM, COPH, DANC, COEM, ENGL, FILM, FREN, GRMN, COCG, GREK, HEBR, HIST, HONR, HUMN, ITAL, LATN, MUSC, PHIL, RUSS, SPAN, THTR

Math
- MATH

Science
- BIOL, CHEM, ENVI, PHYS, SCIE

Social Science
- ACAD, ALDC, ANTH, CRIM, ECON, EDUC, FIRE, GEOG, HLSC, HSRV, POLI, PSYC, SOCI

Health & Physical Ed.
- HEHP

Business
- BUSN, ACCT, LAAW, ECON, CSIT

Computer Science
- CSIT

Elective Courses (to total 64 or more cr.)
13 cr.

TOTAL CREDITS
64 cr.

Note: cr. (credit) = semester credit hour.
Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

GRAPHIC DESIGN

VISUAL COMMUNICATIONS TECHNOLOGY

Associate in Applied Science
COMPUTER GRAPHICS OPTION

Students completing these programs may elect to enter the field as para-professionals or continue their education at four-year institutions. Career opportunities may be found in the public or private sector with advertising agencies, design and photography studios; with corporate art departments, printing firms, and retail businesses; and with television production facilities. Some students elect to enter the field as free-lance designers, photographers or illustrators; as computer graphics specialists; or as television production technicians. Students interested in transferring to a four-year college should consult the CCT program advisor and/or the catalog of the college of their choice regarding selection.

The purpose of this program is to prepare students to enter the field of graphic design using the most current software applications.

OCEAN COUNTY COLLEGE 2013-2014
### SECOND SEMESTER
- 3 cr. ENGL 152: English II
- 3 cr. COPH 187: Experimental Digital Photography
- 2 cr. COCG 161: Painter/Paintbox Applications
- 3 cr. COCG 162: Design Fundamentals
- 3 cr. Social Science Gen. Ed. Requirement
  OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course.
- 17 cr.

### THIRD SEMESTER
- 3 cr. Humanities Gen. Ed. Requirement
- 3 cr. ARTS 185: Figure Drawing
- 3 cr. COCG 163: Photoshop
- 3 cr. COPH 280: Advanced Digital Photography
- 17 cr.

### FOURTH SEMESTER
- 4 cr. Lab Science Gen. Ed. Elective
- 3 cr. COCG 164: Adobe Illustrator
- 3 cr. BUSN 270: Principles of Advertising*
- 3 cr. COCG 165: Graphics Portfolio
- 3 cr. Fine Arts Elective**
- 16 cr.

### TOTAL CREDITS 65
*Pre-requisite BUSN 134 not required for students enrolled in this program.
**Any course from subjects ARTS, DANC, MUSC, or THTR.

### VISUAL COMMUNICATIONS TECHNOLOGY
**Associate in Applied Science**

**ELECTRONIC MEDIA TECHNOLOGY OPTION**
This program prepares students for entry-level technical support positions in the arts, entertainment, educational/instructional media, marketing/public relations and for business/industry experience in planning and executing visual programming.

### FIRST SEMESTER
- 3 cr. ENGL 151: English I
- 3 cr. COPH 181: Basic Digital Photography
- 3 cr. ARTS 183: Basic Drawing
- 3 cr. ARTS 184: Two Dimensional Design
- 3 cr. COEM 120: Television Production
- 17 cr.

### SECOND SEMESTER
- 3 cr. ENGL 152: English II
- 3 cr. COPH 188: Intermediate Digital Photography
- 2 cr. COCG 161: Painter/Paintbox Applications
- 3 cr. COCG 163: Photoshop
- 3 cr. Social Science Gen. Ed. Requirement
- 17 cr.

### THIRD SEMESTER
- 3 cr. ARTS 172: Communications Law
- 3 cr. COEM 224: Video Editing & Post Production
- 3 cr. General Education Elective
- 4 cr. Lab Science Gen. Ed. Requirement
- 3 cr. OCC Requirement: Any course from the list of Approved General Education Courses
- 16 cr.

### FOURTH SEMESTER
- 3-6 cr. Internship (COMM 290-91)
- 7-10 cr. Career Electives* (to meet required 64 cr.)
- 16-17 cr.

### TOTAL CREDITS 64
*Sufficient credits from career electives to meet 64 credit requirements. Courses with THTR prefix may also be taken. Students should consult closely with advisor regarding transfer options and appropriate career electives.

**Career Electives:**
- 3 cr. COPH 181: Basic Digital Photography
- 3 cr. BUSN 270: Principles of Advertising
- 3 cr. COCG 162: Design Fundamentals
- 3 cr. COCG 163: Photoshop
- 3 cr. COMM 278: Mass Media & the Public Mind
- 3 cr. COMM 272: Public Relations & Publicity
- 3 cr. COPH 207: Digital Journalism & Photo Editing
- 3 cr. FILM 200: Understanding Film
- 3 cr. COMM 192: Voice & Diction

Note: cr. (credit) = semester credit hour
Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

### VISUAL COMMUNICATIONS TECHNOLOGY
**Associate in Applied Science**

**DIGITAL PHOTOGRAPHY OPTION**
The digital photography option will prepare students for employment in fields such as advertising, photojournalism, and the ever-expanding field of visual communications. The corollary purpose is to update the skills of those currently working in some phase of the professional photography or visual communications industry.

### FIRST SEMESTER
- 3 cr. ENGL 151: English I
- 3 cr. COPH 181: Basic Digital Photography
- 3 cr. ARTS 183: Basic Drawing
- 3 cr. ARTS 184: Two-Dimensional Design
- 2 cr. COCG 160: Introduction to Macintosh/Painter
- 3 cr. Social Science Gen. Ed. Requirement
- 17 cr.

### SECOND SEMESTER
- 3 cr. ENGL 152: English II
- 3 cr. COPH 188: Intermediate Digital Photography
- 2 cr. COCG 161: Painter/Paintbox Applications
- 3 cr. COCG 163: Photoshop
- 3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course.
- 17 cr.

### THIRD SEMESTER
- 3 cr. COPH 280: Advanced Digital Photography
- 3 cr. COPH 207: Digital Journalism & Picture Editing
- 3 cr. COMM 272: Public Relations & Publicity
- 4 cr. Lab Science Gen. Ed. Requirement
- 3 cr. Humanities Gen. Ed. Requirement
- 16 cr.
FOURTH SEMESTER
3 cr. COPH 187: Experimental Digital Photography
3 cr. BUSN 270: Principles of Advertising*
3 cr. Humanities Gen. Ed. Requirement
6 cr. Fine Arts Electives**
15 cr.

TOTAL CREDITS 65

Note: cr. (credit) = semester credit hour
Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.
*Pre-requisite of BUSN 134 not required for students enrolled in this program.
**Any course from subjects ARTS, DANC, MUSC, or THTR.

VISUAL COMMUNICATIONS

Certificate of Proficiency
3 cr. ENGL 151: English I
3 cr. ARTS 183: Basic Drawing
3 cr. ARTS 184: Two-Dimensional Design
2 cr. COCG 160: Introduction to Macintosh/Painter
2 cr. COCG 161: Painter/Paintbox Applications
3 cr. COCG 162: Design Fundamentals
3 cr. COCG 163: Photoshop
3 cr. COCG 164: Adobe Illustrator
3 cr. COCG 165: Graphic Portfolio
3 cr. COPH 181: Basic Digital Photography
3 cr. COPH 280: Advanced Digital Photography
3 cr. Social Science Gen. Ed. Requirement
34 cr.

TOTAL CREDITS 34

COMPUTER GRAPHICS

Certificate of Completion
The certificate program is intended for individuals who have already attained a diploma from a professional art school or have the equivalent background. Evidence of appropriate background will be required.

2 cr. COCG 160: Introduction to Macintosh/Painter
2 cr. COCG 161: Painter/Paintbox Applications
3 cr. COCG 162: Design Fundamentals
3 cr. COCG 163: Photoshop
3 cr. COCG 164: Adobe Illustrator
3 cr. COCG 165: Graphic Portfolio*
16 cr.

TOTAL CREDITS 16

*The student will have the option of either preparing a portfolio utilizing multiple applications or developing additional expertise in a given application.

HEALTH & HUMAN PERFORMANCE

EXERCISE SCIENCE

Certificate of Proficiency
This Exercise Science Certificate Program is designed to prepare students for entry level positions in the ever-growing area of personal conditioning and wellness as determined by current science and technology. Students may apply credits earned in the certificate program toward an associate degree.

3 cr. ENGL 151: English I
4 cr. BIOL 119: Nature of Science & the Human Body or BIOL 161 or Biology I
3 cr. HEHP 110: Applied Modern Health or
2-3 cr. HEHP 225: Contemporary Health
3 cr. HEHP 160: First Aid/CPR/AED for the Workplace, Schools & the Community
3 cr. HEHP 188: Intro. to Nutrition
3 cr. HEHP 252: Nutrition for Fitness & Sport
3 cr. HEHP 230: Management & Rehabilitation of Athletic Injuries
3 cr. HEHP 239: Strength & Conditioning Physiology
3 cr. HEHP 240: Exercise Physiology
4 cr. Electives from HEHP Activity courses*
31-32 cr.

TOTAL CREDITS 31-32

*HEHP Electives:
HEHP 100: Aerobic Conditioning
HEHP 101: Weight Training
HEHP 102: Volleyball
HEHP 109: Tennis
HEHP 150: Swimming I
HEHP 151: Swimming II
HEHP 172: International Folk Dance I
HEHP 173: International Folk Dance II
HEHP 210: Karate I
HEHP 211: Karate II

EXERCISE SCIENCE/SPORTS MEDICINE

See Liberal Arts Concentrations - page 53
NUTRITION

Certificate of Proficiency

This certificate program is designed for individuals who are interested in learning more about basic nutrition. The focus is on wellness and disease prevention through proper nutrition and eating behaviors. It is highly recommended that students enrolling in this program have taken (a) high school biology and chemistry or (b) BIOL 114: Principles of Biological Science and high school chemistry.

3 cr. ENGL 151: English I
4 cr. BIOL 130: Human Anatomy & Physiology I
4 cr. BIOL 131: Human Anatomy & Physiology II
3 cr. MATH 156: Introduction to Statistics
2-3 cr. HEHP 225: Contemporary Health or HEHP 110 or Applied Modern Health
3 cr. HEHP 188: Introduction to Nutrition
3 cr. HEHP 239: Strength & Physiology Conditioning
3 cr. HEHP 240: Exercise Physiology
3 cr. HEHP 252: Nutrition for Fitness and Sport
3 cr. HEHP 266: Exercise & Health Counseling

TOTAL CREDITS 31-32

PERSONAL TRAINING

Certificate of Proficiency

The Personal Training certificate program prepares students for employment in the fitness industry. Students seeking employment will also become eligible to apply for National Council on Strength and Fitness Personal Training certification. Students may apply credits earned in the certificate program toward an associate degree.

3 cr. ENGL 151: English I
4 cr. BIOL 130: Anatomy & Physiology I
HEHP 110: Applied Modern Health or
2-3 cr. HEHP 225: Contemporary Health
3 cr. PSYC 172: General Psychology
3 cr. HEHP 252: Nutrition for Fitness & Sport
3 cr. HEHP 160: Community First Aid & Safety
3 cr. HEHP 228: Care & Prevention of Athletic Injuries
3 cr. HEHP 239: Strength & Conditioning Physiology
3 cr. HEHP 228: Care & Prevention of Athletic Injuries
3 cr. HEHP 266: Principles of Exercise Prescription
3 cr. HEHP 267: Sports Management

TOTAL CREDITS 30-31

PHYSICAL THERAPY AIDE

Certificate of Proficiency

The Physical Therapy Aide certificate program prepares students for employment in the field of physical therapy. Employment settings may include private physical therapy facilities, hospital based facilities, occupational therapy and recreational therapy centers. Students may apply credits earned in the certificate program toward an associate degree.

3 cr. ENGL 151: English I
4 cr. BIOL 130: Anatomy & Physiology I
HEHP 110: Applied Modern Health or
2-3 cr. HEHP 225: Contemporary Health
3 cr. AHMT 110: Medical Terminology
3 cr. HEHP 228: Care & Prevention of Athletic Injuries
3 cr. HEHP 238: Management & Rehabilitation of Athletic Injuries
3 cr. HEHP 160: First Aid/CPR/AED for the Workplace, School & the Community
3 cr. HEHP 239: Strength & Conditioning Physiology
3 cr. HEHP 265: Kinesiology
3 cr. HEHP 290: Internship I

TOTAL CREDITS 30-31

SPORTS MANAGEMENT

Certificate of Proficiency

The Sports Management certificate program is designed to provide students with the comprehensive skills needed for entry level employment. Employment settings may include sport camps, golf courses, YMCAs, and minor league sports stadiums. Students may apply credits earned in the certificate program toward an associate degree.

3 cr. ENGL 151: English I
3 cr. MATH 156: Introduction to Statistics
3 cr. HEHP 110: Applied Modern Health or
2-3 cr. HEHP 225: Contemporary Health
3 cr. BUSN 131: Introduction to Business Administration
3 cr. BUSN 134: Principals of Marketing
3 cr. CSIT 123: Integrated Office Software
3 cr. PSYC 172: General Psychology
3 cr. HEHP 238: Management & Rehabilitation of Athletic Injuries
3 cr. HEHP 239: Strength & Condition Physiology
3 cr. HEHP 267: Sports Management
3 cr. HEHP 290: Internship I

CRIMINAL JUSTICE

Certificate of Proficiency

The certificate program in criminal justice includes primarily courses specific to the field with a limited number of general education courses. It represents recognition of the achievement of the criminal justice curriculum for the professionals who does not plan to enter a degree program, or it may be considered an important milestone for the in-service student working towards a degree.

TOTAL CREDITS 34
FOURTH SEMESTER
3 cr. POLI 162: State & Local Government
3 cr. FIRE 256: Fire Prevention & Inspection II
3 cr. FIRE 254: Elements of Arson Investigation
1-3 cr. Elective (to meet required 64 cr.)
13-15 cr.
TOTAL CREDITS 64

Note: cr. (credit) = semester credit hour
Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

FIRE SCIENCE
Certificate of Proficiency
The college provides a 30-credit certificate program in fire science that recognizes achievement in a sequence of career courses. This may be completed through part-time studies in a two-year period, with courses carrying full college credit that can be credited later toward the associate degree in fire science.

Courses are offered over a two-year cycle, permitting students to enter the cycle at the beginning of any regular semester.

3 cr. FIRE 151: Principles of Fire Protection
3 cr. FIRE 152: Fire Service Construction Principles
3 cr. FIRE 153: Fire Department Organization & Management
3 cr. FIRE 154: Fire Fighting Tactics & Strategy
3 cr. FIRE 251: Fire Service Hydraulics
3 cr. FIRE 254: Elements of Arson Investigation
3 cr. FIRE 255: Fire Prevention & Inspection I
3 cr. FIRE 256: Fire Prevention & Inspection II
3 cr. ENGL 151: English I

3-5 cr. MATH 191: Precalculus I
30-32 cr.

TOTAL CREDITS 30-32

HOMELAND SECURITY
Associate in Science
The AS in Homeland Security provides students with a broad understanding of safety and security issues, including terrorism, natural and man-made disasters, and emergency management. The program focuses on prevention and protection, preparedness and response, information sharing and analysis, and research and technology.

FIRST SEMESTER
3 cr. HLSC 170: Introduction to Homeland Security
3 cr. ENGL 151: English I
3 cr. MATH 156: Introduction to Statistics
3 cr. HLSC 171: Fundamentals of Emergency Management
PSYC 172 General Psychology or
3 cr. SOCI 181 Introduction to Sociology
15 cr.

SECOND SEMESTER
3 cr. ENGL 152: English II
3 cr. HLSC 172: Domestic & International Terrorism
3 cr. HLSC 173: Introduction to Security
3 cr. COMM 154: Fundamentals of Public Speaking
CSIT 110: Computer Literacy or
3 cr. INFO 110: Library Research & Information Literacy
15 cr.

THIRD SEMESTER
4 cr. Lab Science Gen. Ed. Requirement
3 cr. History Gen. Ed. Requirement
3 cr. Foreign Language
3 cr. HLSC 174: The Intelligence Function
3 cr. HLSC 200: Risk Management & Analysis
16 cr.

FOURTH SEMESTER
3 cr. HLSC 201: Organizational Integration & Management
3 cr. POLI 263: Introduction to International Relations
3 cr. Foreign Language (continue language sequence)
3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course
3 cr. Any course from the list of Approved General Education Courses
3 cr. Electives (to meet 64 cr. Requirement)
18 cr.

TOTAL CREDITS 64

LIBERAL ARTS
A.A. Degree Program
The Associate in Arts (A.A.) degree in Liberal Arts is designed for students planning to transfer to a four-year college or university. The degree program includes 45 credits of General Education courses plus elective courses for a minimum total of 64 credits. General Education courses must be selected from the official list of Approved General Education Courses. When selecting electives, students may take courses that interest them. The Liberal Arts degree can include no more than 6 credits of business courses.

GENERAL EDUCATION CORE
Requirements

COMMUNICATIONS 9 cr.
ENGL 151: English I
ENGL 152: English II
COMM 154: Introduction to Public Speaking

HISTORY 6 cr.
Two (2) History courses selected from the list of Approved General Education Courses.

HUMANITIES 9 cr.
Three (3) Humanities courses selected from the list of Approved General Education Courses.

DIVERSITY 3 cr.
One (1) Diversity course selected from the list of Approved General Education Courses.
(May count as another general education requirement)

SOCIAL SCIENCE 6 cr.
Two (2) Social Science courses selected from the list of Approved General Education Courses.
Students must select one math course, one lab science course, and one technology course* and complete the 12 cr. requirement with any additional math, science, or technology course from the list of Approved General Education Courses.* Students may attempt to “test out” of the technology requirement. If they succeed, they must take an additional course(s) in math, science, or technology from the list of Approved General Education Courses.

**Ocean County College Requirement** 3 cr.

Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP courses.

**Elective Courses** 16 cr. (to total 64 or more cr.)

**Total Credits 64**

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.

**Specific Areas of Interest Available to AA in Liberal Arts Students**

The Liberal Arts degree does not require an academic major. While attending OCC, students may begin to explore specific areas of interest that they may pursue at a four-year institution. Areas of interest include the following:

- **Economics**
- **Education**
- **English**
- **Exercise Science/Sports Medicine/Sports Management**
- **Film Studies**
- **Fine Arts**
- **Health & Human Performance**
- **History**
- **Languages**
- **Mathematics**
- **Middle Eastern Studies**
- **Music**
- **Political Science**
- **Psychology**
- **Social Science**
- **Sociology**
- **Speech & Theater**
- **Women's Studies**

**Mathematics**

See Liberal Arts - page 53

**Languages**

---

**Nursing**

**Associate in Applied Science**

Ocean County College’s nursing program is a planned, two-year curriculum of classroom study and clinical experience that prepares graduates for employment in various health care settings such as hospitals, sub acute and long term care facilities and various other health care settings. Successful completion of the program leads to the Associate in Applied Science (A.A.S.) degree and eligibility to take the licensure examination for Registered Nurses in New Jersey. Employment availability is based on market conditions.

**Accreditation**

The OCC nursing program has full accreditation from the National League for Nursing Accrediting Commission (NLNAC), 3343 Peachtree Rd. N.E., Suite 500, Atlanta, GA 30326 and by the New Jersey Board of Nursing.

**Admission to the Nursing Program**

For acceptance into the Nursing Program a candidate must:

1. Possess a high school diploma or General Equivalency Diploma (GED),
2. Complete the general education requirements with a minimum grade of "C" and a cumulative college G.P.A. of 2.7 or better
3. An applicant can be accepted into the Nursing Program without previous completion of the general education requirements. If the applicant has either of the following, schedule an appointment with the department:
   a. a minimal SAT I score of 1100 or ACT score of 24
   b. a Bachelor's degree from a regionally accredited college or university and successful completion of A&P I & II with a minimum of a "C" within the last ten years
4. Academic Skills (TEAS) composite percentage score as determined by the college,
5. Successful completion of a criminal background check

**Traditional Nursing Program**

The traditional Nursing Program currently features a combination of classroom study and clinical experiences that can be completed in two years. Students may apply for admission to the Fall or Spring class schedule which offer both day and evening courses. Clinical assignments are based upon providing maximal clinical experiences for the students to attain clinical competencies, therefore students are required to be available 7am to 11pm seven days per week. Students must be willing to travel to a number of clinical facilities throughout the state.

**On-Site Online (OSOL) Program**

This unique Nursing Program allows individuals to complete the program by studying at home and attending clinical/colloquium with the faculty member 12-14 hours per day per week. The course content (didactic) is provided through web-assisted instruction. Applicants must have employment experience as a health care provider.

**Career Mobility Nursing Program**

Career mobility is an option for the qualified licensed practical nurse (LPN) who meet established criteria. Individuals will be assessed for eligibility.
CRITERIA FOR ADMISSION

1. Admission requirements for the college must be met.
2. Admission requirements to the Nursing Program must be met.
3. LPN students must be graduates of State Board of Nursing approved practical nursing programs. A current and valid license to practice nursing and current LPN practice are required.
4. Successful completion of the ACE 1 Exam at 75% or higher as administered at OCC. This exam may be taken only once.
5. Completion of all prerequisite and corequisite courses is required.
6. Successful completion of the NURS 175 exam and practicum challenge for credits.

Additional Requirements:

1. Completion of a health record to include:
   - New or re-entry students will not be admitted to the program if the health record is not completed and on file in the Nursing Program office by the date stated in the acceptance letter. Current students are required to maintain their health records as outlined in the student handbook or they will not be admitted into class, clinical or lab and will jeopardize their current seat. These health requirements may change as a direct result of health care delivery system mandates. The cost of these health requirements is borne by the student. It is the student's responsibility to see that these records are complete and are in the Nursing Program office four weeks before the start of the semester.
   - Students must maintain a current CPR certification from the American Red Cross as a Professional Rescuer or the American Heart Association as a Health Care Provider.
   - Purchase of required uniforms, name pins and equipment in sufficient time to be properly attired when entering the clinical experience.
   - Students must provide independent transportation to and from the college and clinical experience. Agencies throughout the state are utilized.
2. Students must maintain a current grade of “C” in all required courses.
3. A cumulative grade of 75% is necessary to pass each NURS course as determined by individual course requirements AND satisfactory clinical performance.
4. Ocean County College reserves the right to assess the nursing students fitness for class/lab or clinical.
5. Students must complete clinical facility orientations, confidentiality forms, and computer orientations every semester as required for clinical placement.
6. The New Jersey Board of Nursing requires a criminal background check from graduates who are applying for a RN licensure.
7. The candidate for admission to the OCC Nursing Program may consider the following questions prior to applying for admission to the program:
   - Have you ever been indicted or convicted of any crime?
   - Have you ever stolen or distributed any chemical substance?
   - Have you ever been treated for alcoholism?
   - Have you been an abuser or habitual user of a chemical substance?
   - If you can answer “yes” to any of the questions, it is strongly recommended that you contact the Board of Nursing prior to entering the nursing program.
   - OCC reserves the right to endorse a candidate for licensure. The privilege is awarded at the completion of the nursing program. When the candidate is recommended and the application has been approved, the student will be notified of eligibility to sit for the licensing examination by the New Jersey Board of Nursing.

NURSING DEGREE REQUIREMENTS

Students must complete the following courses with a minimum grade of “C.”

- ENGL 151 & ENGL 152: English I & II
- PSYC 172: General Psychology
- CHEM 180: Introductory Chemistry or CHEM 181: Gen. Chemistry I
- BIOL 130 & BIOL 131: Human Anatomy & Physiology I & II
- One Math course (except MATH 151) from the list of Approved General Education Courses (MATH 156 recommended)
- One Humanities course from the list of Approved General Education Courses
- OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP course totalling 3 credits.

PROGRAM SPECIFIC COURSES

FIRST SEMESTER

- 3 cr. ENGL 151: English I
- 4 cr. BIOL 130: Human Anatomy & Physiology I
- 4 cr. CHEM 180 or 181: Introductory Chemistry or General Chemistry I
- 9 cr. NURS 175: Nursing I
- 20 cr.

SECOND SEMESTER

- 3 cr. ENGL 152: English II
- 4 cr. BIOL 131: Human Anatomy & Physiology II
- 9 cr. NURS 176: Nursing II
- 19 cr.

THIRD SEMESTER

- 3 cr. Math Gen. Ed. Requirement
  - Any math course (except MATH 151) from the list of Approved General Education Courses (MATH 156 recommended)
- 4 cr. BIOL 232: Microbiology
- 3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP Course
- 9 cr. NURS 273: Nursing III
- 19 cr.

FOURTH SEMESTER

- 3 cr. Humanities Gen. Ed. Requirement
- 3 cr. PSYCH 172: General Psychology
- 10 cr. NURS 274: Nursing IV
- 2 cr. NURS 275: Contemporary Nursing
- 18 cr.

TOTAL CREDITS 76

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses.
OCCUPATIONAL THERAPY ASSISTANT

A.A.S. Degree Program
An Associate in Applied Science Degree in Occupational Therapy Assistant is offered in cooperation with the School of Health Related Professions at the University of Medicine and Dentistry of New Jersey (UMDNJ). A degree is awarded simultaneously by Ocean County College and UMDNJ.

All 32 General Education credits must be taken at Ocean County College; no transfer credits can be considered. All occupational therapy assistant courses are taken at UMDNJ's Scotch Plains campus.

ADMISSIONS REQUIREMENTS
Prospective students must apply to Ocean County College for admission to this program which has limited and competitive enrollment. To qualify for consideration for admission, a student must be matriculated at OCC, a resident of Ocean County, have a minimum 2.5 cumulative grade point average in the core requirements, have two letters of recommendation (from a faculty member and an Occupational Therapist or OT Assistant), have completed a required 40 hour observation in the field in two clinical settings under the supervision of a licensed Occupational Therapist or Occupational Therapy Assistant, submit an essay, and have a personal interview with the OTA admissions committee at UMDNJ.

TOTAL CREDITS 64

Note: cr. (credit) = semester credit hour

Courses satisfying general education requirements must be selected from the list of Approved General Education Courses

Public Service Electives
Students may choose electives from the extensive range of courses below (without being restricted to one category) based on personal interest and/or transfer needs.

ADDICTIONS COUNSELING
ALDC 101: Addictions Counseling I
ALDC 102: Addictions Counseling II
ALDC 103: Addictions Counseling III
ALDC 104: Addictions Counseling IV
ADDICTIONS COUNSELING

Certificate of Completion
This program of study is the mandatory core of alcohol and drug counseling courses designed to prepare the student for becoming credentialed in New Jersey as a Certified Alcohol and Drug Counselor. These specialized courses are approved by the State of New Jersey Board of Marriage and Family Therapy Examiner’s Alcohol and Drug Counseling Committee and by the Addictions Professional Certification Board of New Jersey for the required 270 education hours.

- 3 cr. ENGL 151: English I
- 3 cr. PSYC 172: General Psychology or SOCI 181 Intro. to Sociology
- 3 cr. ALDC 101: Addictions Counseling I
- 3 cr. ALDC 102: Addictions Counseling II
- 6 cr. ALDC 103: Addictions Counseling III
- 6 cr. ALDC 104: Addictions Counseling IV

TOTAL CREDITS 24

TECHNICAL STUDIES

Associate in Applied Science
COMPUTER TECHNOLOGY OPTION
The AAS in Technical Studies degree program is designed to provide students the opportunity to apply their work experience to earning an associate degree in applied science. Students can earn credit for their work experience while they prepare for career advancement. Up to 20 credits may be awarded for work experience, including military experience, trade/proprietary school preparation, apprenticeship programs, and on-the-job-training.

FIRST SEMESTER
- 3 cr. ENGL 151: English I
- 3 cr. Math 156: Introduction to Statistics
- 3 cr. CSIT 110: Computer Literacy
- 6 cr. Computer Technology Option Electives
- 15 cr.

SECOND SEMESTER
- 3 cr. ENGL 152: English II
- 3 cr. Humanities Gen. Ed. Requirement
- 3 cr. Social Science Gen. Ed. Requirement
- 6 cr. Computer Technology Option Electives
- 15 cr.

THIRD SEMESTER
- 3 cr. OCC Requirement: Any course from the list of Approved General Education Courses or ACAD 155 or any HEHP Course
- 3 cr. Social Science Gen. Ed. Requirement
- 4 cr. Lab Science Gen. Ed. Requirement
- 6 cr. Computer Technology Option Electives
- 16 cr.

FOURTH SEMESTER

Professional Core Transfer Credits
- Awarded for Work Experience OR Computer Technology Option Electives

Up to 20 cr.

TOTAL CREDITS 66

Note: cr. (credit) = semester credit hour
Courses satisfying general education requirements must be selected from the list of Approved General Education Courses
COMPANY TECHNOLOGY OPTION ELECTIVES
Students may select from the following list or equivalent courses per appropriate approval.
- CSIT 115: Introduction to Computer Game Development
- CSIT 123: Integrated Office Software
- CSIT 126: Inter Spreadsheet and Database
- CSIT 131: Multimedia for Web
- CSIT 133: Web Develop Fundamentals
- CSIT 160: Introduction to Visual Basic
- CSIT 165: Programming I
- CSIT 184: Networking Essentials
- ECON 151: Macroeconomics Principles
- ECON 152: Microeconomics Principles
- ECON 153: Contemporary Econ Issues

ASSOCIATE IN APPLIED SCIENCE
INDUSTRIAL/TECHNICAL OPTION
The AAS in Technical Studies degree program is designed to provide students the opportunity to apply their work experience to earning an associate degree in applied science. Students can earn credit for their work experience while they prepare for career advancement. Up to 20 credits may be awarded for work experience, including military experience, trade/proprietary school preparation, apprenticeship programs, and on-the-job-training.

FIRST SEMESTER
- 3 cr. ENGL 151: English I
- 3 cr. Math 151: Survey of Mathematics
- 3 cr. CSIT 110: Computer Literacy
- 6 cr. Industrial/Technical Option Electives
- 15 cr.

SECOND SEMESTER
- 3 cr. ENGL 152: English II
- 3 cr. Humanities Gen. Ed. Requirement

BUSINESS EDUCATION & TRAINING

Business Education and Training provides comprehensive training and education programs designed to help businesses and organizations remain successful and competitive. The center's staff will identify performance gaps and develop customized training programs to meet your organization's needs. Training services are delivered by industry-experienced instructors either on-site or at an Ocean County College facility.

If you need to:
- Increase the quality of your products and services
- Maintain a competitive edge
- Enhance your customers' satisfaction
- Increase your productivity
- Upgrade job skills
- Promote employee development
- Master today's computers and technology

We have the resources to assist you.

To meet your objectives, we provide:
- Customized programs - problem identification, needs assessment; quality instruction; flexible scheduling; cost-effective programs; convenient locations - our facility or yours; employee recognition - CEU certificates; affiliation with Ocean County College.

There is no obligation, call for a free Training Assessment at 732-255-0510.

CONTINUING & PROFESSIONAL EDUCATION (CPE)

The courses offered by the Department of Continuing and Professional Education include topics for business/industry, and small business, management training, customized training, nursing and Allied Health, career and personal development, computer technologies, office skills training is provided, and professional development programs are offered.

Programs serve individuals enhancing current skills, pursuing professional development, preparing to enter new careers or returning to the workforce, and those interested in avocational pursuits.

Courses are held on the college campus or at off-campus locations; they are held in the early morning, during the day or evening, on weekdays or weekends.

Noncredit courses vary in length from 2 to 396 hours and are generally skill-oriented with minimal emphasis on theoretical concepts. While some noncredit courses are avocational in nature (career exploration, personal enrichment, recreation, music and art), many are vocational and award Continuing Education Units (CEUs) based on course attendance and other requirements. In addition, "contact hours" are provided to nurses through the NJSNA Nursing Credentialing Association.

All Continuing and Professional Education courses are designed to meet the lifelong learning and cultural needs of a dynamic community.

SCHOOL RELATIONS

School Relations responds to the needs of Ocean County educators, school districts, and students by providing a wide range of programs for elementary, middle, and high school teachers. It offers high quality, cost-effective professional development workshops and conferences. School Relations also provides direction and training for those seeking public school employment through the Alternate Route to Teacher Certification program, Praxis Review, and Substitute Teacher and Nurse Institutes. In addition, several exciting programs are offered to students including the Children's Reading Institute, Tech Prep initiatives and contests, high school Jump Start programs, SAT Review, and Advanced Placement Summer Institutes. New initiatives include early testing of high school juniors on the Accuplacer so interventions take place prior to attending college called the Bridge Program. A new Arts High School release time program on the Ocean County College campus for artistically gifted and talented teens is available one day a week. Many of these courses are offered to students for college credit.

For further information, contact School Relations at 732-255-0477.

ACADEMY FOR LIFELONG LEARNING

Individuals at least 55 years of age may activate a membership in the Academy for Lifelong Learning and receive all membership benefits. The Academy for Lifelong Learning one-time membership is free.

New to the Academy is the Ocean County College Academy Rewards Program which provides a wide array of membership benefits including discounts, special offers, and incentives for local, regional and national businesses. Visit the Academy website at www.ocean.edu/seniors.htm to see the latest trips, programs, Academy Rewards Program partners and member benefits. Members also receive OCC pool privileges during "open swim" sessions.

Terms and conditions of the Academy Membership are subject to change at the sole discretion of Ocean County College. For additional information, call the Academy for Lifelong learning at 732-255-0469.

INTERNATIONAL & DOMESTIC TRAVEL

These short term programs are usually offered during semester breaks. Recent short term studies abroad experiences have included Theatre in London (England) and The World of the Maya (Central America/Mexico). Some of our travel abroad programs can earn students up to three credits. However, the college can also assist students in locating longer overseas semester programs offered by other institutions.

For information on international travel opportunities offered by Ocean County College, please call the Department of Academic Affairs at 732-235-0317.
Course Descriptions

IDENTIFICATION CODE
All Ocean County College course descriptions begin with an identification code consisting of letters and numbers. The letters stand for the discipline area of the course, while the three numbers designate the level of the course as follows:

001 to 009 – Service/developmental courses – given at a precollege improvement level, do not carry degree credit.

100 to 199 – First-year-level courses for associate and/or transfer program.

200 to 299 – Second-year-level courses for associate and/or transfer program.

300 to 699 – Third-year-level courses for the associate and/or transfer program.

700 to 999 – Service courses – given for adult education and community service programs. Not for degree credit.

After the identification code, the course title is given, followed by the number of semester hours the course carries. Next, in parentheses, are the number of class hours and laboratory hours per week for each course. Certain courses offered but not for college credit carry the designation n.c.

EXAMPLE

CHEM 181 General Chemistry 4 s.h. (3+2)

A first year science course in which student earns 4 semester hour credits. Meets 3 lecture hours and 2 lab hours per week. If no notation, meets 3 lecture hours per week.

PREREQUISITES
Prerequisite study must be successfully completed before the student enters certain courses. It is the student’s responsibility to ensure that he/she has successfully completed the prerequisite course(s) prior to studying on the higher level. Failure to complete prerequisites successfully will necessitate rescheduling. Course descriptions contain the necessary information.

COREQUISITES
A course corequisite, if not required to be taken simultaneously, may be taken either before or during the semester in which the course is taken. If a student has completed a higher-level course than the corequisite, the requirement has been met.

ACADEMIC SKILLS

ACCT 121 Fundamentals of Accounting 3 cr.
An introduction to fundamental accounting concepts, bank reconciliation statements, payroll accounting, notes and interest, completion of accounting cycle and financial statements.

ACCT 161 Principles of Accounting I 3 cr.
This course starts with the accounting cycle of a service operation. It continues with topics concerning merchandising operations, inventory, cash, property, plant, equipment and intangible asset acquisition, allocation, and disposal. CSIT 123 recommended as a corequisite. Code 1 course fee.

ACCT 162 Principles of Accounting II 3 cr.
Continuation of ACCT 161. The formation, operation, and dissolution of partnerships. Accounting for stock transactions and dividends of corporations, long-term liabilities and investments, statement of cash flows, analysis of financial statements, and cost-volume-profit analysis. Prerequisite(s): ACCT 161. Code 1 course fee.

ACCT 261 Intermediate Accounting I 3 cr.
This course covers, in depth, the topics introduced in ACCT 161 and includes the theoretical basis for these accounting principles as regulated by the accounting industry. Prerequisite(s): ACCT 162. Code 1 course fee.

ACCT 262 Intermediate Accounting II 3 cr.
A continuation of ACCT 261. The topics covered in this course include current and long-term liabilities, stock transactions, earnings per share, revenue recognition, income taxes, pensions, leases and statement of cash flows. Prerequisite(s): ACCT 261. Code 1 course fee.

ACCT 266 Federal Income Tax Accounting 3 cr.
A study of federal income tax law as it applies to the individual. Recognition of items of income and deductions including capital gains, losses and tax allowances. Prerequisite(s): ACCT 162.

ALCOHOL & DRUG COUNSELING

ALDC 101 Addictions Counseling I 3 cr.
This course introduces the fundamentals of addictions counseling and emphasizes the role of collaboration in seeking and using community and medical resources. Students may enroll in ALDC courses to satisfy electives for the AS in Public Service and other OCC degree programs. Individuals already employed in fields related to Addictions Counseling and baccalaureate degree holders may enroll in these courses to become Certified Alcohol and Drug Counselors (CADC’s) working under the supervision of agency directors or Licensed Clinical Alcohol and Drug Counselors (LCADCs).
ALDC 102 Addictions Counseling II 3 cr.
This course emphasizes standards for insuring thorough documentation; ethical aspects of addictions counseling; the counselor's need for cultural competence, personal growth, and professional growth; counselor/client expectations based on goals, objectives, rules, and obligations; and the use of laboratory tests/results for determining a course of treatment. Students may enroll in ALDC courses to satisfy electives for the AS in Public Service and other OCC degree programs. Individuals already employed in fields related to Addictions Counseling and baccalaureate degree holders may enroll in these courses to become Certified Alcohol and Drug Counselors (CADCs) working under the supervision of agency directors or Licensed Clinical Alcohol and Drug Counselors (LCADCs).

ALDC 103 Addictions Counseling III 6 cr.
This course examines the assessment aspect of addictions counseling and focuses on diagnostic summaries, initial interviewing skills, bio-psychosocial assessments, gambling addictions, dimensions of recovery, supervision and consultation, and the importance of community involvement. Students may enroll in ALDC courses to satisfy electives for the AS in Public Service and other OCC degree programs. Individuals already employed in fields related to Addictions Counseling and baccalaureate degree holders may enroll in these courses to become Certified Alcohol and Drug Counselors (CADCs) working under the supervision of agency directors or Licensed Clinical Alcohol and Drug Counselors (LCADCs).

ALDC 104 Addictions Counseling IV 6 cr.
This course promotes competence in addictions counseling by focusing on the following topics: individual, group, and family counseling; client education; treatment of the addicted person; familial aspects of counseling; techniques of crisis intervention, and ways to provide community and professional education. Students may enroll in ALDC courses to satisfy electives for the AS in Public Service and other OCC degree programs. Individuals already employed in fields related to Addictions Counseling and baccalaureate degree holders may enroll in these courses to become Certified Alcohol and Drug Counselors (CADCs) working under the supervision of agency directors or Licensed Clinical Alcohol and Drug Counselors (LCADCs).

ALDC 105 Deaf Culture & History 3 cr.
This course introduces the history and culture of the deaf. Discussion will include the values, norms, identities, traditions, and subcultures within the larger culture of the deaf community. Questions such as the nature of sign language, the education of deaf individuals, and historical treatment of deafness will be explored. Code 3 course fee.

ASLN 105 Deaf Culture & History 3 cr.
This course introduces the history and culture of the deaf. Discussion will include the values, norms, identities, traditions, and subcultures within the larger culture of the deaf community. Questions such as the nature of sign language, the education of deaf individuals, and historical treatment of deafness will be explored. Code 3 course fee.

ASLN 110 Intermediate American Sign Language I 4 cr.
This course engages students in the composite language functions of American Sign Language. Focus will be placed on higher level communication in order to help students broaden and deepen interpersonal relationships with the deaf community, and increase skill level using more sophisticated sign language skills. Skill development application will be reinforced through interactive activities in order to achieve a broader scope of understanding complex discourse. This course requires students to complete 15 contact hours with the deaf community. Code 3 course fee.

ASLN 115 Grammar & Syntax 3 cr.
This course examines the grammar and syntax of American Sign Language. Students will develop skill application through modeling signed stories as well as translating stories from English to grammatically and syntactically correct American Sign Language. Components of American Sign Language such as transcription symbols, sentence types, classifiers, non-manual behaviors, pronominalization, locatives, pluralization, subjects and objects, verbs, and temporal and distributional aspects will be explored. Prerequisite(s): ASLN 110. Code 3 course fee.

ASLN 120 Interpreting Theory I 3 cr.
This course examines the history of interpreting, interpreting in a variety of specialized settings, interpreting process, attitudes, and the role of the interpreter. Ideological components, principles, and practices of interpreting for the Deaf community will be examined. Students will learn about national certification, educational licensure and state screening. Students are required to accrue 10 mandatory field observation hours observing sign language interpreters with five or more years of experience. Prerequisite(s): ASLN 110. Code 3 course fee.

ASLN 110 Basic American Sign Language I 3 cr.
This course introduces students to the language of the deaf community. Students will examine foundational aspects of American Sign Language. Information regarding deaf culture will be introduced in addition to fingerspelling and various numbering systems in American Sign Language. Receptive and expressive skill development application is reinforced through interactive activities within the classroom setting. This course requires students to complete 5 contact hours with the deaf community. Code 2 course fee.

ASLN 100 Basic American Sign Language I 3 cr.
This course introduces students to the language of the deaf community. Students will examine foundational aspects of American Sign Language. Information regarding deaf culture will be introduced in addition to fingerspelling and various numbering systems in American Sign Language. Receptive and expressive skill development application is reinforced through interactive activities within the classroom setting. This course requires students to complete 5 contact hours with the deaf community. Code 2 course fee.

ASLN 105 Deaf Culture & History 3 cr.
This course introduces the history and culture of the deaf. Discussion will include the values, norms, identities, traditions, and subcultures within the larger culture of the deaf community. Questions such as the nature of sign language, the education of deaf individuals, and historical treatment of deafness will be explored. Code 3 course fee.

ASLN 110 Intermediate American Sign Language I 4 cr.
This course engages students in the composite language functions of American Sign Language. Focus will be placed on higher level communication in order to help students broaden and deepen interpersonal relationships with the deaf community, and increase skill level using more sophisticated sign language skills. Skill development application will be reinforced through interactive activities in order to achieve a broader scope of understanding complex discourse. This course requires students to complete 15 contact hours with the deaf community. Code 3 course fee.

ASLN 115 Grammar & Syntax 3 cr.
This course examines the grammar and syntax of American Sign Language. Students will develop skill application through modeling signed stories as well as translating stories from English to grammatically and syntactically correct American Sign Language. Components of American Sign Language such as transcription symbols, sentence types, classifiers, non-manual behaviors, pronominalization, locatives, pluralization, subjects and objects, verbs, and temporal and distributional aspects will be explored. Prerequisite(s): ASLN 110. Code 3 course fee.

ASLN 120 Interpreting Theory I 3 cr.
This course examines the history of interpreting, interpreting in a variety of specialized settings, interpreting process, attitudes, and the role of the interpreter. Ideological components, principles, and practices of interpreting for the Deaf community will be examined. Students will learn about national certification, educational licensure and state screening. Students are required to accrue 10 mandatory field observation hours observing sign language interpreters with five or more years of experience. Prerequisite(s): ASLN 110. Code 3 course fee.
ASLN 155  Intermediate American Sign Language II 4 cr.
This course examines folklore and the art of storytelling in American Sign Language. Students will engage in literary analysis of stories and poetry presented in American Sign Language. Students will study cultural and linguistic aspects used in storytelling, folklore, and poetry in addition to presenting stories in American Sign Language. This course requires students to complete 15 contact hours with the deaf community. Prerequisite(s): ASLN 110. Code 3 course fee.

ASLN 160  ASL-English Translation Studies 3 cr.
This course will examine translation techniques in order for students to engage in message analysis, discourse mapping, intralingual and interlingual strategies. Students will learn strategies in order to comprehend the register of the speaker, speaker’s goals, which components of prosody are used, and paraphrasing techniques. Students will explore strategies that will allow them to present accurate translations from the source language into the target language using grammatically correct and cogent American Sign Language or English. Corequisite(s): ASLN 155. Code 3 course fee.

ASLN 220  Interpreting Theory II 3 cr.
Students will develop an understanding of the role culture and language plays in relation to interpreting. Students will discuss American deaf culture, multicultural deaf culture, and American culture. Students will explore cultural identity and affiliation, techniques for cultural adjustments and culture and technology. Students will learn how to navigate various interpreting situations in which they must apply ethical principles in addition to the RID Code of Professional Conduct. Students will explore any possible conflicts that could arise from their decisions and how they would approach these challenging scenarios. Students are required to accrue 10 mandatory field observation hours observing sign language interpreters with five years or more experience. Prerequisite(s): ASLN 120. Code 2 course fee.

ASLN 225  Deaf-Blind Interpreting 3 cr.
This course will examine the implications of hearing loss and visual impairment upon a deaf-blind student’s learning process and language acquisition. Basic strategies of tactual and restricted field interpreting and adaptation in the delivery of linguistic and non-linguistic information will be explored. Collaborative models for interaction between the educational interpreter and additional resource personnel from outside agencies will be analyzed. Prerequisite(s): ASLN 155. Code 2 course fee.

ASLN 230  ASL-to-English Interpreting 3 cr.
This course examines the theory and practice of processing a signed message into spoken English. Emphasis will be on application of appropriate vocabulary selection; use of syntactically correct English sentences, and appropriate voicing register. Various interpreting process models will be introduced and discussed. Consecutive and simultaneous interpreting will be examined. Prerequisite(s): ASLN 160. Code 2 course fee.

ASLN 235  English-to-ASL Interpreting 3 cr.
This course examines the theory and practice of processing a spoken English message into American Sign Language. Emphasis will be on application of appropriate vocabulary selection; use of syntactically correct sentences, and appropriate signing register. Various interpreting process models will be introduced and discussed. Consecutive and simultaneous interpreting will be examined. Prerequisite(s): ASLN 160. Code 2 course fee.

ASLN 260  Interactive Interpreting 5 cr.
This capstone course provides the student the opportunity to apply previously acquired interpreting skills within a controlled environment. Students will interpret to various interactive interpreting scenarios in order to improve ASL-to-English and English-to-ASL interpreting skills. Students will engage in self analysis and peer analysis. This capstone course requires students to submit a graduation portfolio which must include various topics in interpreting. Prerequisite(s): ASLN 230 and ASLN 235. Code 2 course fee.

ANTH 134 Cultural Anthropology 3 cr.
This course begins with an overview of cultures and how they are studied by the anthropologist. Topics examined are subsistence patterns, language, communication, culture and personality, family patterns, ways of organizing societies, economics and political organizations, social control, religion and magic, the arts and cultural change. Emphasis is placed upon evaluation of other cultures in terms of their respective values and norms.

ANTH 237 Indians of North America 3 cr.
This course demonstrates the continuum of indigenous cultures in North America from Pre-Columbian times to the present using anthropological, archaeological, historical, and ecological data to study cultural processes and changes and the ways they affect interethnic and interracial interaction in the United States. The emphasis is on the cultures, adaptations, and problems faced by various North American Indian groups, both pre-contact and today.

ANTH 238 Native American Travel Seminar 3 cr. (2+2)
This course centers on the Native American nations and cultures of the U.S. and Canada, combines traditional classroom lecture and research paper writing with on-site visits to prehistoric archaeological sites and living American Indian cultures.

ANTH 239 Study Abroad Seminar - World of the Maya: Anthropology, Archaeology & Ecology 3 cr.
This course focuses on the indigenous Maya people of Mexico and Central America, utilizes the International Education Program to provide direct personal contact with the culture. The course explores major Maya archaeological sites, contemporary Maya villages, Spanish colonial towns and cities, and the local ecological settings.

ANTH 250 Archaeological Field School 3 cr. (2+2)
This course introduces students to all major elements of archaeological method and analysis through hands on participation in an ongoing archaeological project. Students will actively participate as responsible members of a research team. They will learn archaeological excavation techniques, stratigraphic and artifact analyses, methods of recording data and finds, and site conservation. Students are expected to live in a cooperative group at the field school camp while participating in the project. Prerequisite: Permission of Instructor.
ARABIC

ARBC 100
Elementary Arabic I 3 cr.
This is an elementary college-level course in Modern Standard Arabic (MSA). This course will introduce students to the listening, speaking, reading and writing skills that are the standard means of communication in the Arab world.

ARBC 102
Elementary Arabic II 3 cr.
This course is the continuation of ARBC 100, the beginner's course in Modern Standard Arabic (MSA). It will further develop the students listening, speaking, reading and writing skills in the standard means of communication in the Arab world. It will also introduce them to grammar, conjugation, and the usage of vowels in word cases. Prerequisite(s): ARBC 100.

ARBC 201
Intermediate Arabic I 3 cr.
This course is a continuation of Elementary Arabic II. The course promotes language development in the areas of listening, speaking, reading, and writing, and emphasizes communicative skills through personalized, open-ended activities. In addition, the course further expands students' awareness of the cultures and dialects of the Arabic-speaking world. Oral presentations and short papers in Arabic will be assigned. Prerequisite(s): ARBC 102.

ARBC 202
Intermediate Arabic II 3 cr.
This course is a continuation of Intermediate Arabic I. The course further promotes language development in the areas of listening, speaking, reading, and writing, and reviews fundamental structures and how they progress into more complex grammatical structures and communicative skills. In addition, the course further develops students' awareness of the cultures and dialects of the Arabic-speaking world. Prerequisite(s): ARBC 201.

ART

ARTS 159 Visual Literacy 3 cr.
To acquaint the student with the contemporary trends in mass visual media, both print and electronic, and to further build an awareness of the aesthetic, esoteric and communicative quality of the visual image, its meaning and quality, as it appears in advertising, journalism, still and motion picture photography, television and computer graphics. Code 3 course fee.

ARTS 170
Ceramics I 3 cr. (2+2)
Basic constructions and designs of clay pottery and sculpture are explored. Methods of making and applying glazes will be demonstrated. Additional laboratory time required outside of class hours. Code 3 course fee.

ARTS 174
Creative Arts for Children 3 cr.
This course deals with the methods and materials appropriate for basic arts experiences in early childhood education. Students will develop strategies and procedures for introducing children to experiences and environments based on cumulative, developmental and diverse learning situations. Projects in visual arts, music, dance and theater will be explored both in class and on site with opportunities and methods for class management and self-assessment. Code 3 course fee.

ARTS 181
Art History I 3 cr.
A survey of the visual arts, focusing on the sculpture, painting and architecture from the Prehistoric through the Gothic periods, this course explores the motivations, motifs, and vocabulary of art within its physical and socio-political context. Emphasis will be placed on identification of works and their association with their time period, culture and subsequent characteristics. Code 3 course fee.

ARTS 182
Art History II 3 cr.
A survey of the visual arts, focusing on the sculpture, painting and architecture from the Gothic Period through the Impressionist, this course will investigate representative artists and their works. Emphasis will be placed on the identification of works, artists and techniques and motivations within the historical context. Code 3 course fee.

ARTS 183
Basic Drawing 3 cr. (2+2)
Introduction to drawing from still life. Methods of handling charcoal, ink and various drawing materials will be discussed and applied. Code 3 course fee.

ARTS 184
Two-dimensional Design 3 cr. (2+2)
Course exposes students to two-dimensional elements as they appear on the surface of paper. The shape of objects, color, space and texture in relation to self-expression will be of primary importance. Code 3 course fee.

ARTS 185
Figure Drawing 3 cr. (2+2)
Disciplined drawing approach to anatomy with emphasis on bone structure, musculature and its influence on surface of the figure. Involvement in creative composition. Prerequisite(s): ARTS 183. Code 4 course fee.

ARTS 186
Three-dimensional Design 3 cr. (2+2)
Three-dimensional design is learned through demonstrations and student studio projects. The elements of design such as shape, line, space, texture and light are studied in applicable fields such as architecture and interior design. The course also explores the area of non-objective and abstract sculpture with ramifications for its universal use. Code 3 course fee.

ARTS 191
The Arts of the Islamic World 3 cr.
The course will examine the background, origins, and evolution of Islamic art and architecture from the 7th century rise of Islam to the present. The course will investigate the fundamentals of Islam as a faith and Islam's relationship to the pre-Islamic past, as well as the theoretical problem of creating a new visual culture to serve a new religion and society. It will also provide a basic understanding of the major themes and important regional variations within the Islamic World, including the specialized Islamic Arts of India, Indonesia, North Africa and Turkey. Code 2 course fee.

ARTS 192
The Arts of Japan 3 cr.
A survey of the history of Japanese art from Neolithic times to the present. Topics will include a wide range of art, craft, and architecture including Buddhist art and its ritual context, the aristocratic arts of the courts, monochromatic Zen ink paintings, the prints and paintings of the Floating World, and contemporary artists and designers. The class will focus on the unique development of Japanese art, its contributions to Western Art, and its significant influence upon modern world culture. Code 2 course fee.

ARTS 205
Art History III-Twentieth Century Art 3 cr.
A survey of art from the emergence of a new direction of art in the late 19th century through its various transformations to the present period. Close attention is paid to the sociological, political and economical context from which the work has materialized. It is recommended that students enrolling in this course have taken Art History I. Code 3 course fee.

ARTS 206
American Art 3 cr.
American Art reflects the broad cultural and historical spectrum and great ethnic diversity that has contributed to the formation of America. This course will thematically and chronologically examine the origins and evolution of art and architecture of America from pre-conquest to the present focusing on the diversity of style, subject matter, regional characteristics and influences, and methods and mediums of artistic creation.
ARTS 270
Ceramics II 3 cr. (2+2)
Ceramics II is designed to provide advanced study in clay sculpture and pottery. Demonstration and discussion will center around wheel throwing, hand-built sculpture and glaze development. Additional laboratory time required outside of class hours. Prerequisite(s): ARTS 170 or portfolio equivalent. Code 3 course fee.

ARTS 271
Ceramics III 3 cr. (2+2)
Ceramics III will emphasize advanced techniques in ceramic construction, glaze and clay formulation and studio management. Students will be encouraged to develop and focus their skills in the creative and technical process, while researching historical and contemporary ceramics. Additional laboratory time required outside of class hours. Prerequisite(s): ARTS 170, or ARTS 270. Code 3 course fee.

ARTS 272
Ceramics IV 3 cr. (2+2)
Ceramics IV will utilize the students' acquired skills to focus on a technically advanced, portfolio quality body of work. Emphasis will be made on the personal aesthetics and creative direction so that the student will develop an independent approach to the Ceramic Arts. Prerequisite(s): ARTS 170, or ARTS 270, & 271. Code 3 course fee.

ARTS 284 Art Seminar in Japan I 3 cr. (2+2)
This travel seminar to Japan focuses on Japanese arts and culture, particularly traditional handicrafts in the Kumamoto Prefecture of Japan. Students will visit artists' studios, ceramic kilns, art museums, temples, shrines, and historic gardens and sites in Tokyo, Kyoto, Shugraki, Nagasaki, and especially in Kumamoto on the island of Kyushu. Students will engage in workshops in several disciplines: Yaki (ceramics), Shodo (calligraphy), Chanoyu (tea ceremony), Ikebana (flower arranging), and Kado-zome (textile and indigo dye process).

ARTS 286
Painting I 3 cr. (1+4)
A primary studio course in oil and acrylic painting with instructions in the preparation of canvas and the use of brush and palette knife. Individual demonstrations will be given in relation to still life, landscape, figure and abstract subjects. Code 3 course fee.

ARTS 287
Painting II 3 cr. (1+4)
Advanced problems in conceptualization and design of the painting are discussed. Technical process is emphasized. Students will complete oversized canvasses. Group critiques will be conducted; films and day trips to artists' studios and galleries will further broaden the students' experience. Prerequisite(s): ARTS 286. Code 3 course fee.

ARTS 296
Painting III 3 cr. (1+4)
An advanced painting course, which allows the student to develop a personal artistic style and more sophisticated, portfolio quality work. Several large scale painting assignments, one monumental themed semester-long master painting, and 8 weekly exercises will encourage students to draw on everyday observations to inspire their work, as well as develop quality images over time. An oral presentation, focused research and participation in weekly critiques will elaborate and refine existing visual language. An off-site trip to a gallery, museum or artist studio will enable students to observe and interact with professionals in the field. Prerequisite(s): ARTS 287. Code 3 course fee.

ARTS 297
Painting IV 3 cr. (1+4)
Continuation of painting and studio practice will be emphasized, so students understand independent studio work. Students will develop an artist's statement and propose a course of study for the semester, articulating a plan for research and development of a complete body of work, to be exhibited at the end of the semester. Critical writing, research, and visits to galleries and museums will allow for development of visual thinking. Critiques will be frequent, to expand vocabulary and techniques, and a shared understanding of the studio experience. Prerequisite(s): ARTS 287. Code 3 course fee.

Biology

BIOl 101
The Pine Barrens 3 cr.
An investigation into the ecological aspects of the natural history of the New Jersey Pine Barrens. The course will explore the geography, plants and animals of New Jersey’s most famous wilderness. Students must provide their own transportation for required monthly field trips to the Pine Barrens. Code 4 course fee.

BIOl 114
Principles of Biological Science 4 cr. (3+2)
A one-semester laboratory course designed for those who have not had a high school science background, or for those who have graduated from high school ten or more years ago. Includes a study of the cell, its physiology and relationship to the more complicated organism. A study of genetics and heredity as well as evolution is included. This course may not be taken concurrently with or after a science course with a higher course number. Code 5 course fee.

BIOl 199 Science & the Human Body 4 cr. (3+2)
A one semester laboratory course for non-science majors or prospective health science students focuses on the nature of Science as a field of inquiry. Emphasis is on the scientific method as a natural outcome of human curiosity. The human body acts as a vehicle to explore the unity of life. Critical thinking is stressed as preparation to fully enjoy a society shaped largely by science and technology. Current trends and/or news articles are incorporated for their topics and exploration of methods used to obtain conclusions. Code 5 course fee.

BIOl 130 Human Anatomy & Physiology I 4 cr. (3+2)
This course studies basic biochemistry and physiology of the cell, histology, the integumentary system, the musculoskeletal system, and the neuro-endocrine system. Dissection and laboratory instrumentation reinforce all lecture material. A non-dissection option is available for part of the course. It is highly recommended that students enrolling in this course have taken (a) high school biology and high school chemistry or (b) BIOl 114 and high school chemistry. Code 5 course fee.

BIOl 131 Human Anatomy & Physiology II 4 cr. (3+2)
This course studies the autonomic nervous system; the endocrine, cardiovascular, immune, respiratory, digestive and urinary systems; fluid and electrolyte balance; and reproduction. Dissection and instrumentation reinforce all lecture materials. Prerequisite(s): BIOl 130 with a grade of C or better. Code 5 course fee.

BIOl 161
General Biology I 4 cr. (3+2)
Major concepts discussed include cell structure, bio-chemical reactions, energy relationships, evolution and the dynamics of plant functions. It is highly recommended that students enrolling in this course have taken high school biology and high school chemistry or BIOl 114 and high school chemistry. Code 5 course fee.

BIOl 162 General Biology II 4 cr. (3+2)
This course is a continuation of BIOl 161, with emphasis on animal diversity, heredity, development and physiology of various systems. Prerequisite(s): BIOl 161. Code 5 course fee.
Biology

Biol 161 Introductory Botany 4 cr. (3+2)
Prepresents beginning botany students with an appreciation of the diverse organisms we call plants. Discusses the role that plants have in the biosphere, the environmental issues involved, and a basic understanding of plant diversity and their biology. Botany as a scientific process is stressed throughout the course. Code 2 course fee.

Biol 232 Microbiology 4 cr. (3+2)
A course concerned primarily with microorganisms as they pertain to human welfare. Laboratory activities relate to isolation, culture, identification and control of microorganisms. Prerequisite(s): BIOL 162. Code 3 course fee.

Biol 261 Ecology 4 cr. (3+2)
An introduction to ecology emphasizing the physical and biological factors affecting distribution, abundance and adaptations of organisms. Statistical analyses of population, community and ecosystem structure and function are performed. Fundamental concepts of behavioral ecology and evolutionary processes in ecology are stressed. Consideration of ecological principles are emphasized by field study in natural habitats and in the laboratory. Students will be required to travel to offsite laboratory locations. Prerequisite(s): BIOL 161. Code 3 course fee.

Biol 264 General Microbiology 4 cr. (3+2)
This course is a study of the various groups of microorganisms, their morphology, physiology, biochemistry, genetics, and importance to man and all other life forms. The course will emphasize the major microbial model systems, laboratory techniques of growth, control, research utilization, and safety. Current DNA recombinant technology, immunology and biotechnology will also be included. Prerequisite(s): BIOL 161 and BIOL 162 or BIOL 161 and CHEM 181. Code 5 course fee.

Biol 265 Marine Biology 4 cr. (3+2)
A field and laboratory approach to the understanding of the complexity of marine organisms; including the study of ecological principles that act to structure marine communities. Emphasis on local coastal and estuarine communities. Prerequisite(s): BIOL 161. Code 5 course fee.

Business

Busn 125 Introduction to Office Systems 3 cr.
A foundation course designed to familiarize the student with the fundamental responsibilities of an administrative office manager in a modern technological office. Introductory computer concepts are covered in various software packages including Windows operating system, word processing, spreadsheet, database, presentation calendar and email. In addition to technical skill application, students will develop competency in time management, interpersonal communication skills, file management, reprographics, travel preparations, telephone techniques and records management. Code 1 course fee.

Busn 126 Word Processing 1 cr.
An introduction to word processing to include entering, editing, printing, saving and retrieving text. Basic formatting features such as print enhancement, size and style of font adjustments, tabulation, margin manipulation and indent features will be demonstrated and applied. Liberal application practice through hands-on experience. Pre-requisite: Basic keyboarding skills. Code 1 course fee.

Busn 131 Introduction to Business Administration 3 cr.
A thorough survey of the activities that make up the field of business. Emphasis is placed on such topics as ownership, management, organization, purchasing, marketing, production, personnel, finance and government regulations. Industry’s societal responsibilities relating to pollution, minorities and ethical practices are explored. Code 2 course fee applies to home study only.

Busn 132 Business Calculations 3 cr.
The student will gain a working acquaintance with printing and electronic display calculators. The student will learn basic operations and apply this knowledge to processing typical business data. Heavy emphasis is placed on percentage, interest, discount, merchandising, proration and depreciation problems. Code 1 course fee.

Busn 133 Microcomputer Keyboard 1 cr.
Mastery of the mechanics of the computer keyboard. Emphasis is placed on correct typewriting techniques to develop accuracy and speed presented in a computer-assisted instruction mode. Code 1 course fee.

Busn 134 Principles of Marketing 3 cr.
A comprehensive study of the functions and institutions involved in the flow of goods and services from production to consumption. Topics included are: marketing environment and process, consumer behavior, distribution, industrial users, retailing innovations, wholesaling practices, product planning, packaging, selling, advertising, sales promotion and pricing.

Busn 147 Keyboarding/Document Processing I 3 cr.
Beginning level Keyboarding/Document Processing I is a comprehensive course that trains the student in keyboarding functional skills, Windows management, computing concepts and word processing. Students will be able to design and produce professional documents utilizing the most current version of word processing software in a state of the art office simulation laboratory. In addition to document preparation and computing skills, the student will be able to key accurately at 30 wpm. Students may not receive credit for BUSN 135 and BUSN 147. Code 1 course fee.

Busn 148 Keyboarding/Document Processing II 3 cr.
This advanced level keyboarding and word processing course combines continued practice on correct keyboarding techniques and accuracy with the ability to process a wide range of documents on a personal computer. Practical application of business correspondence, business reports, statistical application, tabulation, employment ready documentation and integrated skills application will be covered utilizing a word processing software program. Upon completion, students should be able to key at a minimum rate of 45 wpm for five minutes with no more than five errors. Code 1 course fee.

Busn 151 Introduction to Human Resource Management 3 cr.
An introduction to the basic functions of human resource management, including the relationship between operating managers and the human resources department, human resources planning, recruitment and selection, legal issues, compensation, benefits, safety, and collective bargaining.
BUSN 170 Small Business Management 3 cr.
An entrepreneurial approach to small business management with emphasis on the importance of management skills, industry knowledge, and strategic planning. Specific topics will include small business creation, business plan development, marketing, operations, personnel, finance, business law, and community responsibility. The primary course objective is to provide students with a realistic formula for successfully operating a small business. Code 2 course fee applies to home study only.

BUSN 210 Business Communications 3 cr.
A study of the principles underlying effective written communications in business. The use of correct and forceful English is stressed in various types of business correspondence. Presented in computer-assisted mode. Prerequisite(s): ENGL 151. Code 1 course fee.

BUSN 211 Word Processing Machine Transcription 3 cr.
This course is designed to help the student to develop machine transcription skills. Through a word processing center simulation, the student assumes the role of an intern and learns to become a proficient transcriptionist in a variety of different business situations—to include banking, legal, and medical. Using a stand-a-lone computer and software of choice, students will produce error free documents representative of the business environment and vocabulary associated to the organization. Prerequisite(s): BUSN 125, BUSN 126, and BUSN 148. Code 1 course fee.

BUSN 214 Word Processing Applications 3 cr.
A realistic approach to the study of office management and related careers. Assuming the role of the intern, the student will acquire the mastery of modern electronic communications and advanced word processing/text editing skills. Strong emphasis is placed on organizational structure of the administrative positions, span of management, interpersonal awareness, leadership in an organization, and the managerial decision-making process. Prerequisite(s): BUSN 126 and BUSN 148. Code 1 course fee.

BUSN 215 Integrated Software Applications 3 cr.
Emphasis will be placed on office productivity and the development of a high level of competence in processing documents, preparing presentations, creating and manipulating worksheets, managing and sorting data, and importing and exporting data from one program to another. Ultimately, the student will hold a position in a simulated office environment that requires proficiency in the use of varied application software. Prerequisite(s): BUSN 148 and CSIT 123. Code 1 course fee.

BUSN 220 Office Management 3 cr.
Office Management is an interactive course designed to instill effective communication, leadership, flexibility, willingness to accept and conquer new challenges, and the ability to be an effective member and manager of the office team. Emphasis is placed on choosing a suitable career, preparing an effective cover letter and specialized job resume, and learning how to present yourself effectively in a job interview. Due to the nature of the content of the course, class attendance is mandatory to provide effective inter-group activities. Through the use of role playing, video tapes, class speakers, and on-site business environment visits, the student will develop the skills and characteristics necessary for growth and advancement in the Administrative Office Management field. Prerequisite(s): BUSN 210, BUSN 211 and BUSN 214. Code 1 course fee.

BUSN 225 Business Law I 3 cr.
This course focuses on the study of the law as it applies to businesses and consumers, including the structure of the legal system, torts, contract law, and property.

BUSN 252 Business Law II 3 cr.
This course is the study of law related to: employment agency, partnership, corporation, sale of goods, and commercial paper. Prerequisite(s): BUSN 251.

BUSN 257 Real Estate Law 3 cr.
This course focuses on the study of the law of real property, laws governing title and title transfer, the concept of mortgages, and the obligations of those who participate in and assist with the transfer of real property. Prerequisite(s): BUSN 251 or BUSN 290 or LAAW 101 or NJ Real Estate License.

BUSN 270 Principles of Advertising 3 cr.
A study of various types of advertising, including newspapers, magazines, direct mail, radio, television, outdoor advertising and internet advertising. Current practices of advertising preparation, appeal, copy selection and layout techniques are analyzed. Prerequisite(s): BUSN 134 or consent of instructor.

BUSN 271 Principles of Management 3 cr.
A comprehensive study of the various functions of management to assist students in understanding the interrelationships among the functional areas of a business enterprise, and to see with whom these functional areas interact in organizational decision-making. Designed to develop an ability to objectively analyze and solve management problems. Code 2 course fee applies to home study only. Prerequisite(s): BUSN 131 or consent of instructor.

BUSN 272 Principles of Investments 3 cr.
Business and personal investments. The theory and operation of the stock market. Investments and their timing with respect to the business cycle. Actual analysis of certain stocks, insurance and real estate.

BUSN 275 Principles of Finance 3 cr.
This course focuses on the principles of finance by integrating concepts of economics and accounting and by linking economic theory to the numbers of accounting. The course also emphasizes the importance of assessing financial performance to a firm’s production, sales, research, marketing, management, and long-run strategic planning. Prerequisite(s): BUSN 131, ACCT 161 or consent of instructor.

BUSN 290 Real Estate Principles 5 cr.
Approved by the NJ Real Estate Commission to prepare for real estate sales licensing. A certificate is granted for satisfactory completion (a grade of C is required). Includes: property rights, contracts, mortgages, agency, appraising, NJ Real Estate Law, and other required material. NJ law requires licensees to be high school graduates or hold G.E.D. equivalency.

BUSN 291 International Business: A Cultural Perspective 3 cr.
This course will detail practical terminology, concepts, associations, relationships, and issues that are unique to business operations in international markets. It will focus on the impact that cultural diversity has on global business operations. Emphasis will be given to China and other Pacific Rim nations. Prerequisite(s): BUSN 131 or consent of instructor.
CHEMISTRY

CHEM 180 Introductory Chemistry 4 cr. (3+2)
A one-semester laboratory course designed for those who have not had a high-school science background or for those who have graduated from high school ten or more years ago. This course may be especially useful for those students preparing to enter the pre-medical training programs or those wishing to prepare for college chemistry. The following are covered in this course: measurement, matter and energy, elements and compounds, atomic structure, periodic law, nomenclature, equation-writing, ionic chemistry, stoichiometry, solutions, acids, bases, salts, and oxidation-reduction. It is highly recommended that students enrolling in this course have taken high school algebra or MATH 011. Code 3 course fee.

CHEM 181 General Chemistry I 4 cr. (3+2)
This course, intended for science majors, is the first course of a two-course sequence. Course topics include stoichiometry, inorganic nomenclature, solutions, gas laws, thermochemistry, atomic structure, and chemical bonding. The laboratory work includes basic laboratory techniques and is intended to support lecture topics. It is highly recommended that students who enroll in this course have completed high school Chemistry (or CHEM 180) and high school Algebra II. Code 5 course fee.

CHEM 182 General Chemistry II 4 cr. (3+2)
This course, intended for science majors, is the second of a two-course sequence. Course topics include: colligative properties, chemical equilibria, acid-base chemistry, kinetics, thermodynamics, electrochemistry, and nuclear chemistry. The laboratory work involves analytical and spectrophotometric techniques relating to lecture topics. Prerequisite(s): CHEM 181. Code 5 course fee.

CHEM 284 Organic Chemistry II 4 cr. (3+3)
This is the second in a two-course sequence exploring the structure-activity relationship of functional groups. Course topics include: the structure and reactions of aromatic compounds, the carbonyl, and nitrogen containing functional groups. Molecular structure determination using infrared and nuclear magnetic resonance is also discussed. The laboratory work includes organic synthesis and qualitative organic analysis. Prerequisite(s): CHEM 283. Code 5 course fee.

CHINESE

CHIN 100 Elementary Chinese I 3 cr.
This course, designed for absolute beginners with no previous knowledge of the language, introduces students to spoken Mandarin Chinese with the aid of Pinyin system and elementary level of reading and writing Chinese characters.

CHIN 102 Elementary Chinese II 3 cr.
This course, a continuation of Elementary Chinese I, is designed for students who have successfully completed CHIN 100. It introduces students to spoken Mandarin Chinese with the aid of Pinyin system and elementary level of reading and writing Chinese characters (simplified). Prerequisite(s): CHIN 100.

CHIN 201 Intermediate Chinese I 3 cr.
This course is designed for students who have successfully completed two elementary Chinese courses. Apart from reinforcing pronunciation and tone accuracy, the course will emphasize the basic syntax and grammar as well as build up a working vocabulary around daily situational Chinese. Students will begin to read and write Chinese characters without the aid of Pinyin system. Prerequisite(s): CHIN 102.

CHIN 202 Intermediate Chinese II 3 cr.
This course, a continuation of Intermediate Chinese I, is designed to advance students' skills in both written and conversational Chinese. With spoken Chinese, students are expected to have longer conversations on a wide range of topics. With around 600 commonly used words accumulated in CHIN 100, CHIN 102 and CHIN 201, students will be trained to write paragraphs in Chinese with the help of a dictionary. In addition, web-based teaching materials will supplement regular classroom instruction. Prerequisite(s): CHIN 201.

CIVIL ENGINEERING TECHNOLOGY

CVET 123 Surveying I 3 cr. (2+3)
Elementary surveying including measurements, leveling, transit surveys and computations. Practical field problems stressing use of tape, compass, transit and level. Prerequisite(s): MATH 166 or higher. Code 2 course fee.

CVET 151 Applied Mechanics 3 cr.
Introduction to the basic principles of engineering mechanics including fundamentals of force systems and resultants, moments and couples, equilibrium, trusses and frames, centroids and moments of inertia. Prerequisite(s): MATH 012 or algebra placement or no remediation.

CVET 161 Construction Methods & Materials 3 cr.
Abasic course covering materials, equipment and procedures used in the construction industry. Topics include basic construction materials, aggregates, concrete, masonry, wood, metals and manufactured building products.

COMMUNICATIONS

COMM 110 Introduction to Communications 3 cr.
An introduction to the field of communication studies. Topics include forms and processes of human communication; communication as social organization; ways of understanding, analyzing, and evaluating messages; communication technologies; and social, political, and ethical issues. Code 3 course fee.

COMM 151 Media Writing I 3 cr.
Media Writing I is designed to teach students the basics of news style writing: good leads and simple, basic news stories; evaluating and selecting news for publication in print and on the air; gathering information and developing a news story from it. This course will instill a high regard for accuracy, adequacy and fairness. Code 3 course fee.
COMM 152 Media Writing II 3 cr.
Media Writing II is designed to give the student experience in covering specialized areas of reporting. This course will further develop the skills taught in COMM 151, with special emphasis on developing interviewing skills and the ability to practice in-depth, interpretative, investigative and, possibly, team reporting. Feature writing will be introduced, as will the copy-flow functions of the newsroom. Sensitivity and speed in editing and headline writing will be developed. Prerequisite(s): COMM 151. Code 3 course fee.

COMM 154 Fundamentals of Public Speaking 3 cr.
Development and improvement of public speaking skills. Practice in organizing, outlining and delivering brief talks. Code 3 course fee.

COMM 172 Communication Law 3 cr.
This course is a study of the rights and responsibilities of the press in the United States from origins to applications in modern society. Emphasis is placed on the constitutional and statutory laws and regulatory agencies affecting the operations of the press and special attention is given to recent Supreme Court rulings. Codes of ethics and other extra-legal considerations of the role of the press are studied.

COMM 192 Voice & Diction 3 cr.
This course is designed to develop good speech. Careful individual analysis of each student’s voice is provided. Included are drills and speech exercises to improve voice quality and articulation based on an understanding of the speaking mechanism and of elementary phonetics.

COMM 202 Intercultural Communication 3 cr.
Exploring the influence of culture on perception and identity, students gain an understanding of the communication challenges in cross-cultural encounters, and they acquire effective strategies for enhancing intercultural communication competence. Prerequisite(s): ENGL 151.

COMM 272 Public Relations & Publicity 3 cr.
This course is a study of contemporary methods, tools and media used in the planning and development of public relations programs for business, industries, non-profit institutions and community organizations. In particular, publicity and promotional techniques, copy preparation, news releases, the theory and practice of arranging publicity materials in campaigns to promote and interpret personal, institutional and organizational objectives and activities and the relationship of public relations to the media are emphasized. Prerequisite(s): ENGL 151.

COMM 281 Mass Communications 3 cr.
This course focuses on the history and development of various media in the United States including theories relating to press freedom and considering current criticism and challenges facing various branches of mass media.

COMM 290 Communications Internship I 3 cr. (0+0+9)
This course offers students the opportunity to apply academic knowledge gained from the classroom to a communications work environment. The 135-hour internship will be directly related to students’ career goals in their area of study. By completing an internship, students will be involved in emerging workplace trends and enhance their employability. Students wishing to transfer their internship credits to a four-year baccalaureate program should consult the college or university to which they wish to transfer. Prerequisite(s): Applicants must comply with the Ocean County College Internship Guidelines and complete an Internship Application. Applicants must also have an overall GPA of 2.5.

COMM 291 Communications Internship II 3 cr.
This course offers students the opportunity for increased practical experience in technical support positions in the arts, educational/instructional media, or for business/industry in-house productions. The 135-hour internship will be directly related to students’ career goals in their area of study. By completing an internship, students will be involved in emerging workplace trends and enhance their employability. Students wishing to transfer their internship credits to a four-year baccalaureate program should consult the college or university to which they wish to transfer. Prerequisite(s): COMM 290. Applicants must comply with the Ocean County College Internship Guidelines and complete an Internship Application (see attachments). Applicants must also have an overall GPA of 2.5.

For COCG courses, see Graphic Design pg. 79
For COEM courses (Digital Mass Media), see Electronic Media pg. 73
For COPH courses, see Photography pg. 90

CSIT 110 Computer Literacy 3 cr.
An introductory course designed to provide students with a fundamental understanding of computers and information. The course familiarizes students with the interaction of computer hardware and software. Emphasis is placed on the application of microcomputers, the use of productivity software (word processing, spreadsheet management, file and database management, search tools) to gather, analyze, organize and present information, and the social and ethical aspects of the impact of computers on society. Students may not enroll for credit in this course if they have earned credit for a higher-level computer science course. Open lab time is required. Code 3 course fee.

CSIT 115 Introduction to Computer Game Development 3 cr.
This course is an overview of game development. Students will analyze games and gameplay elements, examine genres and trends in games and formulate their own proposal for an original game. The course will also discuss the history of videogames, the current state of electronic gaming, as well as possible future developments. This course is a required course in the AS Computer Game Development and Design Option and an elective in the AAS degree. Open lab time required. Code 3 course fee.

CSIT 123 Integrated Office Software 3 cr.
This course is designed to teach the skills necessary to design, produce and integrate documents, worksheets, databases and professional presentations. The course will emphasize a hands-on project-oriented approach to problem solving. The student will be using the microcomputer in a Windows environment with a modern integrated office software package (Microsoft Office). Students may not receive credit for both CSIT 123 and CSIT 125. Working knowledge of Microsoft Windows suggested. Open lab time required. Code 3 course fee.
CSIT 126  
Intermediate Spreadsheets & Database  3 cr.
This course expands on the introductory spreadsheet and database concepts presented in Integrated Office Software. Applications include the use of personal computers and integrated software (Microsoft Excel, Access and Visual Basic) to solve contemporary non-discipline specific information processing problems. Students may not receive credit for both CSIT 125 and CSIT 126. Open lab time required. Prerequisite(s): CSIT 123 or permission of the instructor. Code 3 course fee.

CSIT 130  
Web Site Design  3 cr.
Students will learn how to plan and implement a fully functional web site. Topics will include planning, information design and delivery concepts, navigational structure, graphics, and continuing maintenance. Web designers who complete this course will have a fuller understanding of web site "style" and the importance of good design in creating an effective web site. Students should have a basic knowledge of HTML and some experience producing web pages. Open lab time required. Prerequisite(s): CSIT 133. Code 3 course fee.

CSIT 131  
Multimedia for the Web  3 cr.
This course is designed to provide an overview of multimedia concepts and applications using the most prevalent software for multimedia design. This course will concentrate on creating graphics and small animations for use in conjunction with web design and other applications (such as Excel and PowerPoint). Discussion of vector versus raster graphic will be stressed. File types such as GIF, BMP, and JPEG among others will be compared and contrasted in order to provide the student with the skills needed to ascertain the best method for file; and which type to use in order to minimize the file size and save in the download process. Students will work in both 2-D and 3-D space, building on previous lessons to gain insight into the new dimension graphics. The course will improve the skills and knowledge of current, as well as aspiring publishers and web designers. Open lab time is required. Prerequisite: Student must have a working knowledge of Windows, Web Design, and Microsoft Office software. Code 3 course fee.

CSIT 133 Web Development Fundamentals  3 cr.
This course is designed to meet the needs of students who wish to enter the field of Internet Development. It will provide a rigorous treatment of Hypertext Markup Language (HTML) using the current XHTML standard. Cascading Style Sheets (CSS) will be covered including external as well as embedded Style. Both CSS1 and CSS2 will be discussed and used. A study of JavaScript will give the students an introduction to Dynamic HTML (DHTML), and form a foundation for more advanced study of DHTML and JavaScript. Students will complete hands on projects as part of the requirements for the course. Students shall not receive credit for both CSIT 120 and CSIT 133. Open lab time required. Prerequisite: Working knowledge of Microsoft Windows. Code 3 course fee.

CSIT 160 Introduction to Visual Basic  3 cr.
An introduction to structured procedural and object oriented/event driven programming using Visual Basic. Students will use a current integrated development environment to build applications for Microsoft Windows personal computers and mobile devices. Working knowledge of Microsoft Windows required. Open lab time is required. Code 3 course fee.

CSIT 161  
Advanced Visual Basic  3 cr.
This course presents the Rapid Application Development (RAD) approach to Windows programming using a modern object oriented language (Visual Basic). The course will emphasize the design, development and implementation of event driven programs. The programs will utilize the Windows graphical user interface as well as dynamic interaction with other Windows applications using OLE. Students may elect to use the department's computer facilities to develop all programming assignments. Working knowledge of Microsoft Windows required. Open lab time required. Prerequisite(s): CSIT 160 or CSIT 171 or permission of the instructor. Code 3 course fee.

CSIT 165 Programming I  4 cr.
This course introduces the student to the fundamental techniques used in the development of software applications. The course teaches object-oriented programming concepts and principles using Java™ employing an interactive visual system interface. Students will learn good object-oriented practices through the development of graphic programs and simulations using sound object-oriented practices in an integrated and interactive software development environment. The topics covered include classes, objects, object interaction, algorithms, data types, control structures, one-dimensional arrays, attributes, methods, and messages. Working knowledge of windows required. Open lab time required. Code 3 course fee.

CSIT 166 Programming II  4 cr.
This course continues the study of software development using the Java™ programming language. The course extends the development and growth of object-oriented paradigms through discussions of patterns, use of Unified Modeling Language (UML), and case studies. Students shall develop proficiency in debugging and test-driven development. Additional topics include files, arrays, collections, enumeration, recursion, sorting and searching. Open lab time required. Prerequisite(s): CSIT 165. Code 3 course fee.

CSIT 173 Game Programming with OpenGL  3 cr.
This course is a required course in the A.S. Computer Game Development and Design Option, and an elective in the Computer Science A.A.S. Degree. This course will build on the topics learned in Computer Programming I: CSIT 171, providing both theory and practice in game programming supported by the graphical structures in the Open Graphic Library (GL). This course will provide students with a comprehensive introductory background in interactive computer game programming. It will explore programming options not offered in traditional programming courses, thus widening the scope of student knowledge, adding to their diversity in the programming sector and enhancing their opportunities within the field of programming. Open lab time required. Prerequisite(s): CSIT 165 or permission of the instructor. Code 3 course fee.
CSIT 174 Computer Systems 3 cr.
This course will present the basic concepts of computer systems, architecture and Assembly Language Programming. The student will implement high level language constructs, macros and subroutines in Intel 80x86 based assembly language under a modern operating system. Open lab time required. Prerequisite(s): CSIT 140 or permission of the instructor. Code 3 course fee.

CSIT 176 Computer Organization & Architecture 3 cr.
This course examines the structure and functions of the components comprising a contemporary computer system. The student will learn the fundamental elements in a computer system including the processor, memory, and interfaces to external components and systems. Additional topics include digital circuits, Boolean algebra, addressing modes, input/output and arithmetic. The course will use an assembly language to strengthen and reinforce the concepts. Open lab time required. Prerequisite(s): CSIT 165. Code 3 course fee.

CSIT 184 Networking Essentials 3 cr.
This course will examine the conceptual and physical structure of industry-wide computer networking standards. The concepts covered in this course will aid the perspective networking professional in a practical understanding of the implementation and fundamentals of a viable network. LANs, WANs, Inter and Intranet, among other topics will be extensively covered within this course. Fall semester evening sections only. Prerequisite: Familiarity with MS DOS or permission of instructor. Code 3 course fee.

CSIT 212 Systems Analysis 3 cr.
The focus of this course is the problem solving, communication and design skills utilized in systems analysis. Case studies are used to illustrate the system analysis, design and development activities used in the initial automation and revision of computerized applications. File and database structures are discussed and applied. In addition, documentation techniques are discussed and illustrated. The student will complete a system analysis project. Working knowledge of Microsoft Windows required. Prerequisite(s) CSIT 160 or CSIT 171 or permission of the instructor. Code 3 course fee.

CSIT 213 Database Management 3 cr.
A course emphasizing the concepts and structure necessary to design and implement database management systems. Hierarchical network and relational models will be evaluated. The student will design and implement a project using a modern relational database package, report generator and SQL. Open lab time required. Fall semester evening sections only. Prerequisite(s): CSIT 160 or CSIT 171. Code 3 course fee.

CSIT 231 Dynamic Flash & Scripting Programming Elements for Web Pages 3 cr.
This course provides an overview of the construction of dynamic and interactive web pages using flash dynamic animations with a concentration on client side and object-oriented core technologies. The course will cover how dynamic content can be provided with plug-in technologies like, Flash, Java Applets, JavaScript, and Active X. The course improves the skills of current and aspiring website authors and Internet/Intranet developers. Open lab time required. Prerequisite(s): CSIT 160 or CSIT 171 and CSIT 133 or permission of instructor. Code 3 course fee.

CSIT 232 Server Programming for the Web 3 cr.
This course is designed to provide an overview of current languages, tools and protocols used in creating and maintaining applications for use on the World Wide Web. This course concentrates on server side core technologies, such as CGI, Active Server Pages and XML; (2) the development of dynamic client/server internet applications using databases, for example SQLServer, MySQL or Microsoft Access, with presentation of information using the XHTML standard in a current Integrated Development Environment; and (3) a server side language, such as ASP.NET, used to implement 3-tier web applications. The course improves the skills of current and aspiring website authors and Internet/Intranet developers. Open lab time required. Prerequisite(s): CSIT 160 or CSIT 171, and CSIT 133, or permission of the instructor. Code 3 course fee.

CSIT 260 Application Programming in C++ 3 cr.
This course uses an applied approach to teach the C++ programming language to solve a wide range of application problems. All examples will emphasize external modules (functions), parameter passing and use of appropriate objects. The student will develop a final comprehensive project, utilizing various file access techniques. Prior C++ programming experience is required. Open lab time required. Code 3 course fee.

CSIT 265 Data Structures & Analysis 4 cr.
This course examines the representation, implementation and application of data structures and their use in programs developed using the object-oriented paradigm. The data structures include lists, stacks, queues, dequesues, vectors, trees and graphs. Additional topics include array and linked list implementation, recursion, binary search tree, sequences and dictionaries. Algorithms are developed to operate upon these structures. All assignments will be programmed in a modern object oriented programming language (Java™). Open lab time required. Prerequisite(s): CSIT 166. Code 3 course fee.

CSIT 270 Programming in Java 3 cr.
This course provides an introduction to platform independent object-oriented programming using Java. The course is intended to enable students to design and implement Internet World Wide Web, stand-alone and thread-based concurrent applications. Java facilities addressed include applets, exception handling, security, GUI (the abstract window toolkit), file system interface, network interface and threads. Effective uses of Java for Object Oriented Programming are demonstrated with realistic examples using Java class libraries. Open lab time required. Prerequisite(s): CSIT 172 or Object Oriented Programming or permission of instructor. Code 3 course fee.

CRIMINAL JUSTICE

CRIM 150 The Criminal Justice System 3 cr.
An introduction to the philosophy of justice, identification of the various subsystems and the significance of their interrelationships; analysis of past, present and future expectations in law enforcement; judicial and corrections discipline; role expectation; ethics and the need for professionalism.

CRIM 151 Police Organization & Administration 3 cr.
This course examines the organizational framework, authority structures and major function of representative police agencies. Analysis is made of the administrative problems of allocating responsibility and support functions and of coordinating many large and small area commands. Recruitment, career advancement and selection of leadership are areas of special comment.
CRIM 152 Introduction to Law Enforcement 3 cr.
This is a comprehensive analysis of the development of law enforcement in America from the origin in England to modern day policing. It examines all aspects of law enforcement from patrol to investigations. Current police practices, policies, and enforcement methodology are explored with an emphasis on the role of the police officer in society.

CRIM 155 Introduction to Corrections 3 cr.
Students will gain an overview and conduct critical analyses of contemporary correctional theory and practice. Comparisons of mainline American corrections with historical, cross-cultural, philosophical and non-traditional views of corrections will be made. Students will examine the various components of the system including prisons, jails, probation, parole and community corrections as well as controversial issues in contemporary corrections, such as prisoner rights, victimization, the death penalty and institutional corrections.

CRIM 236 Criminology 3 cr.
An analysis of the scientific study of crime and an examination of the varied and changing theories and methods of dealing with its perpetrators. Consideration is given to the social, environmental and economic factors in crime and the basic ideas of British and American criminology. Prerequisite(s): SOCI 181.

CRIM 237 Juvenile Justice 3 cr.
This course examines the philosophy, structure and procedure of the juvenile justice system. Major perspectives on the control, care and treatment of juvenile offenders will be explored. Prerequisite(s): SOCI 181 or equivalent.

CRIM 254 Constitutional Law & Rules of Evidence 3 cr.
An analysis of the historical development of the constitutional relationship between the individual, the states and the Federal government; and the application of the Bill of Rights to the states through a study of the leading Supreme Court decisions. The second half of the course is devoted to a study of the rules of evidence with particular emphasis upon judicial notice, presumptions, the nature of real and circumstantial evidence, burden of proof, province of court and jury, documentary evidence, hearsay evidence, confessions, admissions and witnesses.

CRIM 255 Criminal Law & Procedures 3 cr.
A comprehensive analysis of the New Jersey criminal statutes as to classification, elements of proof, intent, conspiracy, responsibility, parties and defense. The second half of the course deals with the machinery by which justice is administered. Typical criminal proceedings from institution to enforcement of judgment are examined in detail, including the jurisdiction, organization and constitution of the several tribunals, administrative as well as judicial.

CRIM 280 Criminal Investigation 4 cr. (3+2)
In this course, criminal investigation is explored as a timeless and dynamic field of scientific study. It examines all aspects and fundamentals of criminal investigation as practiced by police officers. An underlying theme of the course is the responsibility of conducting investigations within the framework of the constitution and the practices of a dynamic society. Students must apply knowledge learned in lectures to “crime scene” labs. Prerequisite: Permission of the department. Code 1 course fee.

DANCE

DANC 160 Modern Dance 3 cr. (2+2)
This course introduces modern ballet integrating the techniques of modern dance and classical ballet to train the torso and extremities simultaneously. It provides a comprehensive dance foundation by familiarizing students with basic technique, including warm-up exercises and performance of basic dance combinations in class. Recommended for dance and fine arts-oriented students, actors for more efficient stage movement, athletes for development of flexibility and coordination, and students with a general interest in dance. Code 3 course fee.

DANC 170 Ballet I 3 cr. (2+2)
Beginning techniques of ballet demonstrated and practiced with emphasis placed on body alignment, form and discipline. Ballet barre exercises and performance of basic sequences will improve the student’s strength, flexibility and coordination. Code 3 course fee.

DANC 171 Ballet II 3 cr. (2+2)
An extension and amplification of DANC 170 which involves application of the principles learned in that course. Student’s strength, flexibility and endurance will be increased through more intensive barre work and center floor sequences. The course will also emphasize personal expression through movement and develop student proficiency in performing adagio and allegro sequences. Code 3 course fee.
EDUC 176 Foundations of American Education 3 cr.
Students will learn and demonstrate knowledge of five foundations of American education: history; philosophies of education; administration, economics and support of education; the interrelationship of school and society; and organization for learning.

EDUC 177 School & Community 3 cr.
This course examines current trends and issues in education stressing the dynamics of school and community partnerships. Participants will analyze the various groups and social forces that influence what children are taught in today's schools. Emphasis will be placed on effective use of community resources.

EDUC 178 Intro. to the Education of Exceptional Students 3 cr.
For students preparing for a career in working with children or in human services. Topics will include the etiology and nature of physical, sensory, motor, mental and emotional exceptionalities, legislation concerned with exceptional individuals, the role of parent organizations, diagnosis of educational needs, the role of the Child Study Team, prescriptive teaching and field survey of educational programs for exceptional children pre-school through secondary school age.

EDUC 241 Children's Literature 3 cr.
Children's literature is a course which surveys a broad range of literature for children pre-school through the elementary grades. Picture books, poetry, folk tales, fantasy, realistic fiction and non-fiction will be read, discussed and evaluated. Students will explore the production and marketing of juvenile books; they will compare current trends in illustration and will practice the evaluation of children's books as literature. Story-telling techniques, reading aloud and the use of trade books in whole language instruction will be emphasized throughout the course.

EDUC 245 Language Arts in the School Curriculum 3 cr.
This course is designed for teacher aides who will be working with children in the area of language arts at the direction of a certified teacher. Students will be introduced to a broad overview of the language arts curriculum, preschool through grade 12, with an emphasis on integrated and school language learning. The development of practical skills and strategies for conducting enrichment and remedial language arts activities in speaking, writing, reading, and listening will be stressed. Prerequisite(s): ENGL 151.

EDUC 279 Curriculum Development in Early Childhood Education 3 cr.
The objective of the course is to teach basic principles and concepts of early childhood curriculum that focuses on the needs and interests of children between the ages of 2 and 6. The organization of the course emphasizes the needs, interests and abilities of toddlers. The meaning of various kinds of play and the importance of social skills utilizing culturally valued content are emphasized as well. Ten hours of classroom observation of preschoolers is a requirement of the course.

EDUC 290 Education Internship 3 cr. (0+0+9)
Students in the last semester of the Teaching Assistant/Child Care Program will work in licensed nursery schools or day care centers. Students will volunteer at least 120 hours at the work site.

**ELECTRONIC MEDIA**

COEM 120 Television Studio Production 3 cr. (2+2)
Basic television production techniques, including the use of camera, switchers, audio board, producing/directing studio programs. Code 6 course fee.

COEM 220 Television Location Production 3 cr. (2+2)
Students will learn to plan, execute and edit videotaped projects for documentary, informational and educational use. Code 6 course fee.

COEM 224 Video Editing & Post Production 3 cr. (2+2)
This course teaches advanced principles of professional video editing. It combines theory and methodology with practical experience in assembling and shaping a story into a production. Prerequisite(s): COEM 220. Code 3 course fee.

COEM 230 Audio Recording for Electronic Media 3 cr. (2+2)
An introduction to the basics of audio recording technology. Students working in the studio environment will develop skills with microphone selection and use, multi-track recorders, recording consoles and digital and analog processors. Prerequisite(s): COEM 220. Code 3 course fee.

COEM 231 Audio Production Techniques 3 cr. (2+2)
The study and practical application of audio production techniques in a digital multi-track recording environment. Students will develop production skills through a hands-on engineering of recording, overdubbing and mix-down sessions. Prerequisite(s): COEM 230. Code 3 course fee.

COEM 232 Advanced Audio Mixing Techniques 3 cr. (2+2)
An in-depth study of audio mixing and using the studio medium itself as a creative art form. The development of skills necessary to produce master quality mixes for multiple media applications. Prerequisite(s): COEM 231. Code 3 course fee.

**ENGINEERING SCIENCE**

ENGR 124 Engineering Analysis 3 cr.
Applications of the methods of mathematical analysis to the solution of engineering problems using microcomputers. Programs to solve real-life engineering problems will be written using a high-level programming language. Additional software packages will be investigated for use in problem solving. Prerequisite(s): MATH 265. Corequisite: MATH 266. Code 4 course fee.

ENGR 181 Graphics for Engineers 2 cr. (1+3)
This course introduces students to graphic skills associated with engineering design, particularly those related to computer-aided design and drafting (CADD). The course provides the student with an understanding of design concepts, features and limitations of a micro-computer based CAD system. The majority of the course time consists of laboratory exercises. In the context of design, the course will cover fundamental aspects of engineering graphics including elementary projection, lines and planes, auxiliary views, edge views, oblique projection, angle between planes, angles between lines and planes, and intersection and revolution. Graphics will stress solutions of elementary design problems. Code 4 course fee.
ENGR 191 AutoCAD 2-D Basics I  3 cr. (1+4)
This is the first part of a basic program in the fundamentals of computer aided drafting/design (CAD). The course provides the student with an understanding of the concepts, features, and limitations of a microcomputer-based CAD system. The course shows how to use AutoCAD to set up drawings and add lines, circles, arcs, other shapes, geometric constructions and text. Code 4 course fee.

ENGR 192 AutoCAD 2-D Basics II  3 cr. (1+4)
This is the second part of a basic program in the fundamentals of computer aided drafting/design (CAD). The course continues from the prerequisite course with diminishing, blocks, attributes, section views, and an introduction to three-dimensional drawing. The course shows how to use AutoCAD to draw and edit polylines; set layers, linetypes and create colors; create section lines and graphic patterns. Prerequisite(s): ENGR 191. Code 2 course fee.

ENGR 198 Autodesk Inventor  3 cr. (1+4)
This course will introduce the aspects of Solid Modeling and Parametric Modeling, using Autodesk Inventor. The student starts with constructing basic shapes to building intelligent solid molds, creating multi-view drawings and assembly models. Code 2 course fee.

ENGR 221 Engineering Statics  3 cr.
A quantitative study of forces that act on engineering structures in equilibrium. Force system classification, resultant forces and conditions for equilibrium of rigid bodies in two and three dimensions are covered. Mathematical principles of vectors and calculus are applied to trusses, frames, and simple machines. Centroids (center of mass) are developed and used in the analysis of stresses on beams. Special engineering topics discussed will include dry friction with an introduction to virtual work. The concept of moment of inertia included in discussion will establish the link between statics and solid mechanics. Prerequisite(s): MATH 266 & PHYS 281.

ENGR 222 Engineering Dynamics  3 cr.
A study of the motion of bodies without reference to the forces which cause the motion and the action of forces on acting the bodies to their resulting motions. Rectilinear and curvilinear motion in two and three dimensions using rectangular, normal/tangential and polar coordinate system are investigated in kinematics. Kinetics includes discussions on work, potential and kinetic energy. Pulse and momentum are analyzed from a special treatment of Newton's second law along with the concept of conservation of energy and momentum. Prerequisite(s): MATH 266, ENGR 221 & PHYS 281.

ENGR 225 Design of Material Structures  3 cr.
This is a capstone course which integrates learning outcomes from the engineering statics, dynamics, and graphics, mathematics, and science courses in the AS-Engineering program. The course is developed to utilize key concepts of mechanics of materials in various design applications. Key topics include the concept of stress at a point, strain, stress-strain relations, stress transformation, and structural failure theories. Students will apply these concepts to solve engineering design problems, and student teams will work on open-ended engineering projects. Projects may involve disassembly and analysis of some manufactured products to gain an understanding of the engineering design. Technical writing and oral presentation along with project management skills are emphasized. Prerequisite(s): ENGR 181. Corequisite: ENGR 222.

ENGR 251 Electrical Engineering I  4 cr. (3+3)
Circuits are studied using the analytical tools of the engineer. The required theorems and techniques are derived first using resistive circuits, and then applied to RC, RL, and RLC networks. Transient analysis of these networks is then studied, followed by sinusoidal steady-state analysis, and sinusoidal power calculations. Laboratory work is correlated with the lectures. Prerequisite(s): MATH 266 & PHYS 282. Code 4 course fee.

ENGR 290 Engineering Internship  3 cr. (0+0+9)
This course offers students the opportunity to apply the academic knowledge gained from the classroom to a work environment. The 135-hour internship will be directly related to students’ career goals in the areas of Technology and Engineering. By completing the internship, students will be involved in emerging workplace trends and enhance their employability. Students wishing to transfer their internship credits to a four-year baccalaureate program should consult the college or university to which they wish to transfer. Prerequisite(s): Applicants must comply with the Ocean County College Internship Guidelines and complete an Internship Application. Applicants must also have an overall GPA of 2.5.

For CVET courses, see Civil Engineering Technology pg. 68

ENGL

ENGL 091 Reading & Writing I  4 cr.
This course is required for students whose placement test results indicate they need to develop their reading and writing skills before beginning college-level coursework. While some attention will be paid to improving study skills, the focus in this course is on improving students’ vocabulary and reading comprehension as a means for improving their ability to express ideas in writing. The course recognizes the organic connection between reading and writing: students will read a text and then write about it as preparation for the kinds of reading and writing they will do in their other college courses. A minimum grade of C must be earned to progress to the next course in the composition sequence. ENGL 091 replaces ENGL 010 and ENGL 020. This course cannot be used to satisfy degree requirements.
ENGL 095 Reading & Writing II 4 cr.
ENGL 095 is required for students who need a second level developmental English course as preparation for college-level coursework. The course builds on and expands fundamental reading and writing skills taught in ENGL 091. Instruction focuses on reading strategies for college work and on the process of composing essays, primarily in an academic voice. A minimum of 2500 words of finished writing will be assigned, supported by intensive reading and language study. One hour weekly is taught in a computer laboratory. A minimum grade of C must be earned to progress to the next course in the composition sequence. ENGL 095 replaces ENGL 011 and ENGL 021. The course cannot be used to satisfy degree requirements. Prerequisite(s): Identify placement test or completion of ENGL 091 with a grade of C or better, or recommendation of instructor. Code 3 course fee.

ENGL 110 ESL Strategies for Academic Success 3 cr.
This course is designed for non native speakers of English. It provides instruction and practice in the skills necessary for success in the American college classroom. Topics will include asking and answering questions, participating in small and large group discussion, note taking, lecture analysis, editing skills and reading skills. The course will examine common sources of cultural misunderstanding and ways to avoid them. This course may not be substituted for English courses required for OCC degrees. Prerequisite(s): Permission of the Instructor.

ENGL 131 Writing for College 1 cr.
This course provides a skills review in the fundamentals of college reading and writing. The instructional focus is on composition planning and design and a review of fundamental reading and study skills with an emphasis on content and analysis (critical reading and thinking skills). A minimum of 1,000 words of finished writing will be assigned, supported by independent lab modules focusing on study and practice in thesis writing, outlining, developing essay supports and usage—idiom, sentence structure, grammar, punctuation, and style. Students will review use of the computer to compose and edit writing assignments and to locate appropriate electronic sources. This course may not be substituted for English courses required for OCC degrees. Prerequisite(s): Satisfactory placement test score or successful completion of required developmental courses. Code 2 course fee.

ENGL 142 The History & Grammar of English 3 cr.
This course is an overview of the historical development and grammatical structure of the English language. It will provide intensive study of grammar, usage and the mechanics of punctuation, capitalization and spelling. Emphasis will be directed to practical application of traditional grammar rules in oral and written communication. The course will also provide a foundation for an English major and for foreign language or ESL studies. This course may not be substituted for English courses required for OCC degrees. Prerequisite(s): ENGL 151 or permission of the instructor.

ENGL 151 English I 3 cr.
Students will compose and revise expository essays totaling 3500 words, minimum. Through a series of primarily text-based writing assignments, the course reinforces and stresses the further development of critical reading and thinking, ethical reasoning, the writing process, and information literacy. Prerequisite(s): Satisfactory placement test score or successful completion of required developmental courses.

ENGL 152 English II 3 cr.
This course introduces students to the study of fiction, poetry and drama, and requires written assignments (totaling 3,500 words, minimum), including at least one documented essay, that build on the writing and research skills developed in ENGL 151. With ENGL 151, this course fulfills the 6-credit graduation requirement in English Communication. Prerequisite(s): ENGL 151.

ENGL 153 Creative Writing 3 cr.
This course provides opportunities for students to write creatively in several genres: creative non-fiction, short stories, poems, and one-act plays. It is flexibly organized to permit emphasis on the area of major interest to the individual writer. The course introduces terms and structures related to the different literary genres, demonstrated through selections from significant literary texts. Although student work is presented in class regularly, and other students respond to it, the instructor evaluates student accomplishment in the course. Prerequisite(s): ENGL 151.

ENGL 211 Introduction to Poetry 3 cr.
This course surveys poetry as a distinct literary genre. Students will study selected lyric, narrative, and dramatic poems representing varied literary traditions. They will discuss and write about poetic themes and structures through reference to relevant cultural and historical contexts. Prerequisite(s): ENGL 151.

ENGL 212 Introduction to Drama 3 cr.
In this course, students learn about dramatic traditions throughout history by studying dramatic literature from ancient to modern times. Students will analyze dramatic works through a historical, political, cultural, and social context, as well as explore elements of drama and presentation. Prerequisite(s): ENGL 151.

ENGL 215 Graphic Texts: Words, Pictures, & Cultural Meaning 3 cr.
This course provides instruction on the history, influence, and interpretation of graphic texts (including comics and graphic novels). Focusing on twentieth and twenty-first century western and non-western works in translation and emphasizing the diversity of the subjects and authors, the course traces the development of graphic texts, exploring their aesthetic and cultural achievement in memoir, non-fiction, and fiction. Prerequisite(s): ENGL 151.

ENGL 222 Native American Literature 3 cr.
This course traces the evolution of Native American writing from its origins in the oral tradition to its varied expression in modern fiction, poetry, and non-fiction. The course will examine the ways in which world view, cosmology, myth and symbol are interwoven to create the rich fabric of Native American storytelling. The writings will be studied in their cultural context as well as for the elements of content, style and meaning. Prerequisite(s): ENGL 151.

ENGL 223 African American Literature 3 cr.
The course includes short stories, slave narratives, poetry, drama, the novel, beginning with the writings from the 1700s to the 1900s, exploring the struggles, dreams, artistry, wit, conceptions, and perceptions of authors and of voices too long silenced. Prerequisite(s): ENGL 151.

ENGL 225 Chinese Literature in Translation 3 cr.
An introduction to the major genres and themes of Chinese literature from approximately 720 BC to the Twentieth-century. Students will gain insights into the Chinese culture and society through the English translation of selected samples of poetry, short stories, novels, essays and drama. Prerequisite(s): ENGL 151.
ENGL 226 Arabic Literature in Translation 3 cr.
Introduction to Arabic literature in translation and Arab diasporic literature written in English. Students will gain insights into Arab culture and literature from the classical period to the present and into contemporary Arab diasporic cultures in the United States and England through readings from novels, short stories, drama, poetry and essays. Prerequisite(s): ENGL 151

ENGL 227 Jewish & Holocaust Literature 3 cr.
With particular attention to common themes of exile, assimilation, identity, marginality, and persecution, this course traces the rich tradition of Jewish literature beginning with the Hebrew Bible and Hasidic, kabbalistic, and Rabbinical folktales. Culturally diverse writers representing America, central and eastern Europe, and the Middle East will then provide an historical context for exploring immigrant poetry and prose, Holocaust literature, and contemporary Jewish storytellers. Prerequisite: ENGL 151.

ENGL 235 Literature & Myth 3 cr.
Literature and Myth explores the ways that myth and symbol organize the world of human action, history, and culture to provide a totality of meaning. With historically and culturally diverse units that focus on Middle Eastern, African, South Asian, Native American, and Western mythologies, the course applies diverse mythic concepts to selected works of ancient and modern world literature. Prerequisite(s): ENGL 151.

ENGL 240 Women in Literature 3 cr.
A study of the development of women’s literary history from the Middle Ages to the present with an emphasis on the works of the nineteenth, twentieth and twenty-first centuries. This course examines the variety of literature that English-speaking women have produced between the 14th century and the present, paying special attention to the evolution of the female literary tradition and the changing definitions of the woman writer. Prerequisite(s): ENGL 151.

ENGL 242 Women in Film 3 cr.
This course studies gender concerns in the art of cinema. It focuses on female images, icons, cultural change and role definition, what has been lost and found at the movies, and the various contributions of women to films and filmmaking. Prerequisite(s): ENGL 151.

ENGL 244 Women’s Lives 3 cr.
This course will examine the genre of biography as it is used to tell of literary women’s lives. Biographies of women writers will be read and discussed in terms of the biographical styles, gender issues, and social contexts. Prerequisite(s): ENGL 151.

ENGL 251 American Literature I 3 cr.
A study of literary works and their backgrounds from the beginning of American literature to approximately 1865. Students will read, discuss and write about significant works. Prerequisite(s): ENGL 151.

ENGL 252 American Literature II 3 cr.
A study of American literary works and their backgrounds from approximately 1865 to the current day. Students will read, discuss and write about significant works. Prerequisite(s): ENGL 151 or permission of the instructor.

ENGL 253 British Literature I 3 cr.
An introduction to British Literature that provides a broad overview of literary and cultural development through the eighteenth century, with focus on major writers or the Anglo-Saxon period, the ages of Chaucer, Shakespeare, Milton, and Pope, and Neo-Classic writers of the late seventeenth century. Prerequisite(s): ENGL 151.

ENGL 254 British Literature II 3 cr.
An introduction to British Literature that provides a broad overview of literary and cultural development from 1785 through the current day, with focus on major writers of the Romantic, Victorian, Modern, Mid-Twentieth Century, and Post-Colonial eras. Prerequisite(s): ENGL 151.

ENGL 255 World Literature I 3 cr.
Reading and discussion of some of the great works of world literature, specifically those not likely to be covered in courses on American, British and Contemporary literature. ENGL 255 considers literature of the Ancient, Medieval, and Renaissance periods. Prerequisite(s): ENGL 151.

ENGL 256 World Literature II 3 cr.
A study of some of the world’s great authors (by non-English writers), from the neoclassicism of the seventeenth century through works of the twentieth century. An emphasis is placed on a diversity of ideas, nations, and genres. Prerequisite(s): ENGL 151.

ENGL 257 The Short Story 3 cr.
A study of the short story as a literary genre, with a focus on its techniques and historical development. Works by modern and contemporary fiction writers will be emphasized. Prerequisite(s): ENGL 151.

ENGL 258 The Short Novel 3 cr.
A study of the short novel as a literary genre, with a focus on its techniques and historical development. Students will read, discuss, and write about a number of representative short novels written from 1700 to the present. Prerequisite(s): ENGL 151.

ENGL 259 Advanced Creative Writing 3 cr.
This course provides the opportunity for students to continue work in the creative writing genres - creative non-fiction, poetry, short drama, and short fiction--began in ENGL 153. Flexible organization and group criticism as well as searching for outside vehicles for recognition and/or publication of student work will contribute to the course’s instructional format. Prerequisite(s): ENGL 151 and ENGL 153 or permission of the department.

ENGL 260 The Shakespeare Plays I 3 cr.
This course examines representative plays from Shakespeare’s comedies, histories, tragedies, and later romances. Students will read selected plays and will view filmed performances of the plays. Literary, cultural, and performance considerations of the plays will be examined. Students may repeat the course once for credit as ENGL 261 when new plays are offered. Prerequisite(s): ENGL 151.

ENGL 261 when new plays are offered. Flexible organization and group criticism as well as searching for outside vehicles for recognition and/or publication of student work will contribute to the course’s instructional format. Prerequisite(s): ENGL 151.

ENGL 268 American Poets: Voices & Visions 3 cr.
This course offers the opportunity to study the distinctive voices and visions of American poets from Walt Whitman through Robert Frost to Sylvia Plath. Prerequisite(s): ENGL 151.
ENGLISH AS A SECOND LANGUAGE

ENSL 002 ESL Elementary English II 3 nc.
This course is designed for non native speakers of English identified as needing English language instruction at the beginning level. Instruction will focus on the conversational skills needed for effective verbal communication. This course cannot be used to satisfy degree requirements. Prerequisite(s): Identification of need by the appropriate score on the Accuplacer Test, the Michigan English Placement Test (MEPT), a beginner’s level quiz and recommendation of an ESL advisor.

ENSL 003 ESL Elementary English III 3 nc.
This course is designed for non native speakers of English identified as needing English language instruction at the high beginning level. Instruction will focus on the conversational skills needed for effective verbal communication. This course cannot be used to satisfy degree requirements. Prerequisite(s): Identification of need by the appropriate score on the Accuplacer Test, the Michigan English Placement Test (MEPT), a beginner’s quiz and recommendation of an ESL advisor.

ENSL 004 ESL Intermediate Listening & Speaking 3 nc.
This course is designed for nonnative speakers of English identified as needing English language instruction at the intermediate level. Instruction will focus on the development of accuracy in the production of spoken English: stress, intonation, and rhythm; as well as the development of listening skills needed to undertake academic work and to understand colloquial speech. The foreign language lab will be utilized to enhance the accuracy of these skills. This course cannot be used to satisfy degree requirements. Prerequisite: Identification of need by appropriate score on the Accuplacer Test and the Michigan English Placement Test (MEPT) or recommendation of the instructor. Corequisite: ENSL 005 is recommended.

ENSL 005 ESL Intermediate Reading & Vocabulary 3 nc.
This course is designed for non-native speakers of English identified as needing English language instruction at the intermediate level. Work will focus on the improvement of reading and vocabulary skills needed to read with greater speed and comprehension. Reading passages will be selected from a variety of sources including: literature, science, social studies and history. This course cannot be used to satisfy degree requirements. Prerequisite(s): Identification of need by appropriate score on the Accuplacer Test and the Michigan English Placement Test (MEPT) or recommendation of the instructor. Corequisite: None (ENSL 004 is recommended).

ENSL 006 ESL Intermediate Writing 3 nc.
This course is designed for non-native speakers of English identified as needing English language instruction at the intermediate level. Work will focus on the improvement of writing skills. Student will carefully examine the structural elements of paragraphs and their functions. Students will learn how those elements are organized to produce effective writing. They will also explore how paragraphs can be joined together to produce effective essays. Close attention will be paid to the elements of grammar, clarity and unity. Students will generate written responses to readings of intermediate difficulty. This course cannot be used to satisfy degree requirements. Prerequisite(s): Identification of need by appropriate score on the Accuplacer Test and the Michigan English Placement Test (MEPT) or recommendation of the instructor. Corequisite: ENSL 007

ENSL 007 ESL Intermediate Grammar 3 nc.
This course is designed for nonnative speakers of English identified as needing English language instruction at the intermediate level. Using a communicative approach, this course will provide practice, development and internalization of the fundamental structures of English grammar needed for effective spoken and written communication. This course cannot be used to satisfy degree requirements. Prerequisite: Identification of need by appropriate score on the Accuplacer Test and the Michigan English Placement Test (MEPT) or recommendation of the instructor. Prerequisite(s): Identification of need by appropriate score on the Accuplacer Test and the Michigan English Placement Test (MEPT) or recommendation of the instructor. Corequisite: ENSL 006.

ENSL 008 ESL Advanced Grammar 3 nc.
This course is designed for nonnative speakers of English identified as needing English language instruction at the advanced level. Work will focus on the skills and vocabulary needed to read a college-level text and to generate written responses that demonstrate a basic mastery of grammar, sentence structure, and paragraph formation. Readings will be content-based passages selected from history, literature and science. This course cannot be used to satisfy degree requirements. Prerequisite(s): Identification of need by appropriate score on the Accuplacer Test and the Michigan English Placement Test (MEPT) or recommendation of the instructor. Corequisite: ENSL 009. Code 3 course fee.

ENSL 009 ESL Advanced Reading & Writing 3 nc.
This course is designed for non-native speakers of English identified as needing English language instruction at the advanced level. Work will focus on the skills and vocabulary needed to read college-level texts and to generate written responses that demonstrate a basic mastery of grammar, sentence structure, and paragraph formation. Readings will be content-based passages selected from history, literature and science. This course cannot be used to satisfy degree requirements. Prerequisite(s): Identification of need by appropriate score on the Accuplacer Test and the Michigan English Placement Test (MEPT) or recommendation of the instructor. Corequisite: ENSL 008.

ENVIRONMENTAL SCIENCE

ENVI 152 Environmental Science 4 cr. (3+2)
An introduction to current environmental problems and the processes used to analyze them from perspectives of the biological, geological, and social sciences. Field and laboratory experiences incorporated into the course. Students will be required to travel to offsite laboratory locations. It is highly recommended that students enrolling in this course have completed high school biology and high school chemistry. Code 5 course fee.
ENV 154 Introduction to Oceanography 4 cr. (3+2)
An introduction to the study of Oceanography, the study of the major processes that control the world’s oceans. This course provides the basic concepts utilized in marine study: biology, chemistry, geology, and physics. Related topics include atmospheric science, microbiology, and meteorology. Field and laboratory study will include marine study along the shoreline. It is highly recommended that students taking this course have completed high school biology, chemistry, and advanced algebra or BIOL 114 and no remedial placement in algebra. Code 3 course fee.

ENV 159 Natural Resources Conservation 3 cr. (3+2)
Provides in-depth coverage on the importance of the natural environment and how to protect its many resources for future generations. Outlines many of the national and international environmental problems associated with resource management and conservation, and reviews legislative, technological and methodological solutions to these problems. Field trips to natural reserves and to other appropriate sites will be an integral component of this course. It is highly recommended that students enrolling in this course have taken high school biology, chemistry, and advanced algebra or BIOL 114 and no remedial placement in algebra. Code 3 course fee.

ENV 259 Field Experience/Practicum 2 cr. (1+4)
Required of all environmental science majors. This course is intended to provide an off-campus work-study experience that is planned and conducted under the supervision of an environmental science faculty member. Arrangements must be made well in advance before the course is to be taken. Prerequisite: Permission of the department dean.

FILM 190 World Cinema 3 cr.
The course is a survey of the historical, cultural, and social underpinnings of world cinema. Students will view and study films representing German Expressionism, Soviet Montage, Italian Neo-realism, and French New Wave, as well as Japanese, Latin American, Indian, Chinese, Middle Eastern, and Third World cinema. Students will engage in film analysis and develop skills for critically assessing films. Prerequisite(s): ENGL 151

FILM 192 Introduction to Film Genres 3 cr.
This course is a survey of film genres, including westerns, comedies, war films, musicals, mystery/suspense, film noir, horror, science fiction, family, and animation. Students will explore the historical and cultural roots and evolution of each genre as well as the elements that contribute to the distinctiveness of each genre. Prerequisite(s): ENGL 151

FILM 200 Understanding Film 3 cr.
This course will expose students to the genre of film as a contemporary form of literary expression. Course components will include studying the relation of film to literary texts, analyzing the elements of cinema, examining film archetypes and stereotypes, and exploring film’s realistic and expressionistic traditions. Prerequisite(s): ENGL 151.

FILM 202 From Literature to Film 3 cr.
The study of film technique, film production, and narrative fiction are combined in this course. Emphasis is placed on studying the process of adapting short stories, a play, and a novel to the screen by reading the original texts and viewing the films. Students will also adapt a brief excerpt of a piece of fiction to a short screenplay and have the option of developing this screenplay into a short film. Prerequisite(s): ENGL 151.

FIRE 151 Principles of Fire Protection 3 cr.
The student will describe, analyze and evaluate basic principles in the field of fire protection. Topics include fire behavior, codes and standards, safety, building design and construction, extinguishing agents and systems, alarm and detection devices and fire department organization and administration.

FIRE 152 Fire Service Construction Principles 3 cr.
The student will gain a knowledge of construction principles of basic concern to the fire service. Various types of building construction design criteria and material behavior will be related to expected outcomes in fire service operations. Prerequisite(s): FIRE 151 or permission of the instructor.

FIRE 153 Fire Dept. Organization & Management 3 cr.
The student will describe, analyze and evaluate basic management concepts as they apply to the structure and processes of the modern fire service organization. Emphasis will be placed upon fire service organizational structure, processes and behaviors, records, management information systems, communications, leadership, public relations and the planning, organizing, directing, coordinating and controlling functions. Prerequisite(s): FIRE 151.

FIRE 154 Fire Fighting Tactics & Strategy 3 cr.
The student will describe, analyze and evaluate fire fighting strategy and tactics. Topics to be covered include the action plan, control and coordination, company control considerations and systems planning. Prerequisite(s): FIRE 151 or permission of the instructor.

FIRE 155 Hazardous Materials Incident Analysis 3 cr.
The student will receive a basic foundation in the fundamentals of hazardous materials incident analysis as it relates to fire service operations. Students will be taught to recognize and to evaluate the hazardous potential of commonly used flammable, explosive and toxic hazardous materials and to apply their knowledge of catastrophic situation adjustment to fire fighting operations commonly used to hazardous materials incidents. Prerequisite(s): CHEM 180.

FIRE 251 Fire Service Hydraulics 3 cr.
The student will describe, evaluate and apply the basic principles of fire service hydraulics. Topics presented include fire pumps, velocity distribution systems, fire streams, friction loss, insulated devices, alarm systems and automatic sprinkler operations.

FIRE 254 Elements of Arson Investigation 3 cr.
The student will conduct a comprehensive examination of the field of arson investigation and evaluate its implications for the fire service. Topics include combustion processes, fuels and accelerants, pyrolysis, investigation procedures and the legal aspects of arson.

FIRE 255 Fire Prevention & Inspection I 3 cr.
The student will analyze, evaluate and apply methodology utilized in the field of fire prevention and inspection. Topics included are inspection procedures, common and special fire hazards, occupancy problems and life safety requirements. Students completing this course, which is recognized by the N.J. Bureau of Fire Safety, may obtain licensure as a Fire Official/Inspector. Prerequisite(s): FIRE 151.
FIRE 255 Fire Prevention & Inspection II 3 cr.
The student will identify, analyze, evaluate, and apply concepts utilized in the administration and enforcement of fire codes and related laws and ordinances. Students completing this course, which is recognized by the N.J. Bureau of Fire Safety, may obtain licensure as a Fire Official. Prerequisite(s): FIRE 151 and FIRE 255.

FIRE 257 Administration for Fire Officials 3 cr.
The New Jersey Department of Community Affairs (NJAC 3:18-7.72) requires this course for all fire officials to be certified. The course is a continuation of the Fire Science curriculum, and will prepare the student to be competent in the administrative portion of the Uniform Fire Code. The student will be able to manage a fire prevention and inspection unit. The student will be able to apply modern management principles and concepts required for managing a fire prevention unit.

FRENCH

FREN 191
Elementary French I 3 cr.
This course is designed for beginning students or students who have taken one or less of high school French.

FREN 192
Elementary French II 3 cr.
A continuation of FREN 191, stressing the use of conversational dialogues, a comprehensive study of grammar, and readings of French literature chosen to increase the student’s ability to read French. It is highly recommended that students enrolling in this course have taken two to three years of high school French if they cannot meet the prerequisite. Prerequisite(s): FREN 191.

FREN 291
Intermediate French I 3 cr.
This is an intermediate course designed to further the four basic skills of speaking, reading, writing, and listening begun in FREN 191 and FREN 192. It is highly recommended that students enrolling in this course have taken four years of high school French if they cannot meet the prerequisite. Prerequisite(s): FREN 192.

FREN 292
Intermediate French II 3 cr.
A continuation of FREN 291, and the advancement of the student's ability to read fluently from French literature and express him/herself clearly and concisely in both oral and written situations. Prerequisite(s): FREN 291.

GEOGRAPHY

GEOG 161 World Physical Geography 3 cr.
Students will gain an understanding of the physical processes which shape the earth's geographic landscape. Physical elements of the earth's systems to be studied include seasons, weather, climate, plant and animal distribution, and landforms and their formation. Effects of human activities on the environment will be stressed.

GEOG 162 Human Geography 3 cr.
Students will study the relationships between society and space, and the effects of these relationships on the surface of the earth. The goal is for the student to leave the classroom at the end of the semester with some understanding of why in the world things are where they are.

GERMAN

GRMN 191
Elementary German I 3 cr.
This course is for beginning students, for students who have taken one year or less of high school German, and for those wishing to refresh and further develop the four basic skills of speaking, listening, reading, and writing. Progressing from simple vocabulary and sentence structure, the student is encouraged to speak the language in simple conversational patterns. An introduction to German customs, including food and beverages, culture and civilization is a fringe benefit of the course. Prerequisite(s): GRMN 191.

GRMN 192
Elementary German II 3 cr.
This course is a continuation of oral practice combined with reading of interesting and thought-provoking texts. Additional exposure to the four language skills of speaking, listening, reading and writing will contribute to the student's overall confidence in handling a foreign language. Further exposure to German customs, culture, and civilization is part of the course. It is highly recommended that students enrolling in this course have taken two to three years of high school German if they cannot meet the prerequisite. Prerequisite(s): GRMN 191.

GRMN 291
Intermediate German I 3 cr.
The conversational approach to language learning is emphasized and coupled with the development of advanced language skills of speaking, listening, reading, and writing. The student is carefully guided through a structured review of elementary language skills achieved by means of explanation, conversation and group discussion based on current events and texts dealing with politics, sports, history, and literature. Selected texts and musical samples will enable the student to appreciate the time and life of Bach, Beethoven, Goethe and other features of German art and culture. It is highly recommended that students enrolling in this course have taken four years of high school German if they cannot meet the prerequisite. Prerequisite(s): GRMN 192.

GRMN 292
Intermediate German II 3 cr.
Continuation of a carefully guided and structured review of language skills acquired earlier with an emphasis on oral practice and written exercises. Material of increasing difficulty and covering areas of special interest will be used to fine-tune and refine advanced language skills. Prerequisite(s): GRMN 192.

GRAPHIC DESIGN

COCG 160 Introduction to Macintosh/Photo Retouching 2 cr. (1+3)
An introductory course which will familiarize students with basic MAC operations. This course also provides students with the fundamentals of Paintbox, photo retouching and image manipulation on the computer. No computer graphics experience is needed. Code 4 course fee.

COCG 161 Painter/Paintbox Applications 2 cr. (1+3)
This course is designed to explore the intricacies of, and to develop an expertise in the Painter program. The student will develop advanced computer graphic techniques for use in illustration, advertising, photo manipulation, animation and T.V. graphics. Prerequisite(s): COCG 160 or MAC proficiency. Code 3 course fee.

COCG 162 Design Fundamentals 3 cr. (1+4)
Fundamentals of layout and typography will be addressed through the use of appropriate software. The history of type, type as a design element and layout fundamentals will be emphasized. Non-Art majors should consult with the Dean of Humanities, Fine Arts, and Media Studies. Prerequisite(s): COCG 160 or MAC proficiency. Code 3 course fee.
COCG 163 Photoshop 3 cr. (1+4)
Image manipulation and applied illustrative techniques for the photographer/illustrator/designer will be explored in this course. The course stresses the compositional and aesthetic aspects of the digital artist through the use of electronic manipulation in the production of the artistic product. ARTS 184 recommended. Prerequisite(s): COCG 160. Code 3 course fee.

COCG 164 Adobe Illustrator 3 cr. (1+4)
An industry-level course to familiarize students with Adobe Illustrator, a PostScript drawing program used to generate and edit illustrations in various digital formats. Prerequisite(s): COCG 160 or MAC proficiency and COCG 161. Code 3 course fee.

COCG 165 Graphics Portfolio 3 cr. (1+4)
A course utilizing specific assignments from Design Fundamentals, Photoshop and Adobe Illustrator to create a complete presentation package for a potential client. The student will be responsible for the development of a project from initial client interview through roughs, comps, mechanicals and dummies. Assignments identified in previous classes will be incorporated into this class so the student will develop a sense of continuity and will become familiar with all the ramifications inherent to production graphics. Prerequisite(s): COCG 162, COCG 163 & COCG 164. Code 3 course fee.

**GREEK**

GREEK 100 Greek I 3 cr.
This course is an introduction to Greek with emphasis on listening, vocabulary, reading and pronunciation skills. The course also explores the Greek language roots and vocabulary in specialized fields of study, including history, science, English, art, psychology, and mathematics.

GREEK 102 Greek II 3 cr.
This course emphasizes essential skills of modern Greek: listening, reading, writing, pronunciation, grammar, vocabulary and translation. Also emphasized are the connection between Greek roots and college-level vocabulary in specialized fields and the history and culture of Greece. Prerequisite: GREEK 100.

**HEBREW**

HEBR 151 Elementary Modern Hebrew I 3 cr.
Through reading, writing, listening, and speaking, this beginner’s course introduces the basic elements of the Hebrew language and the acquisition of the rudimentary elements of the Hebrew alphabet, pronunciation, grammar, and syntax. No prior knowledge of Hebrew is required.

HEBR 152 Elementary Modern Hebrew II 3 cr.
This course is a continuation of Elementary Modern Hebrew I and builds upon and further develops the primary language skills introduced in the previous semester. Basic competence in the four areas of language (reading, writing, grammar, and speech) is acquired through extensive practice of grammar, reading various Hebrew and Israeli texts, and writing. Communication skills are enhanced through conversations based on everyday situations. Prerequisite(s): HEBR 151.

**HEALTH & HUMAN PERFORMANCE**

HEHP 100 Aerobic Conditioning 1 cr.
An aerobic conditioning program which utilizes jogging, power walking, stationary cycling, steppers, elliptical, treadmills, rhythmic exercise and calisthenics. Code 1 course fee.

HEHP 101 Weight Training & Body Building 1 cr.
This course is designed for students whose primary interest is learning the principles of strength body shaping. Code 1 course fee.

HEHP 102 Volleyball 1 cr.
A study of the fundamental rules and etiquette of play including the progression from simple to complex skills. Code 1 course fee.

HEHP 103 Track & Field 1 cr.
A study of the fundamental rules and etiquette of play, including the progression from simple to complex skills. Code 1 course fee.

HEHP 104 Badminton 1 cr.
A study of the fundamental rules and etiquette of play, including the progression from simple to complex skills. Code 1 course fee.

HEHP 105 Soccer 1 cr.
A study of the fundamental rules and etiquette of play, including the progression from simple to complex skills. Code 1 course fee.

HEHP 106 Basketball 1 cr.
A study of fundamental rules and etiquette of play, including the progression from simple to complex skills. Code 1 course fee.

HEHP 107 Softball 1 cr.
A study of the fundamental rules and etiquette of play including the progression from simple to complex skills. Code 1 course fee.

HEHP 108 Golf 1 cr.
A study of the fundamental rules and etiquette of play, including the progression from simple to complex skills. Code 1 course fee.

HEHP 109 Tennis 1 cr.
A study of the fundamental rules and etiquette of play, including the progression from simple to complex skills. Code 1 course fee.

HEHP 110 Applied Modern Health I 2 cr. (1+2)
This course fulfills the Health & Human Performance requirement for graduation. Please note that this is a 2 credit course. Similar topics are covered in HEHP 225 Contemporary Health. The major difference between this course and HEHP 225 is the physical element. Students will be required to either walk, jog, or swim. In addition, the fitness room circuit weight training and other forms of aerobic exercise are included. Health lectures include wellness, fitness, cardiovascular system, nutrition, weight control, cancer, sexuality, sexually transmitted infection, including HIV/AIDS. The measurement of blood pressure and body composition are provided. Code 2 course fee.

HEHP 111 Gymnastics 2 cr.
An introduction to basic gymnastic skills designated to develop the students’ skills and knowledge in gymnastics. Code 4 course fee.

HEHP 150 Swimming I 1 cr.
This course is for students who have no knowledge of swimming techniques. Designed to assist in overcoming the fear of water. An elective course designed to orient the student to the water and instruct in propulsion across and through the water. Instruction in elementary forms of rescue, flotation and buoyancy, body position, artificial respiration, pool orientation and safety, ocean swimming (tides, currents), lake and river swimming (polluted water, submerged objects, currents), care of eyes, ears and skin, diving and simple games. Code 2 course fee.
HEHP 151 Swimming II 1 cr.
Swimming II is an elective course for those students who have either completed Swimming I and/or have the skills of the American Red Cross Swimming Level 4 or higher. Students must be able to swim 25 yards of each of the 5 basic strokes: freestyle, backstroke, elementary backstroke, breaststroke and side stroke. This course will develop advanced techniques and endurance in swimming proper entries, starts and turns. Additional instruction in elementary forms of rescue and spinal injury management will be included. A Professional Rescuer CPR course will be part of the certification. Upon completion of the course students will receive an American Red Cross level 5 or 6 certificate. Student must come prepared to swim the first day of class. Code 1 course fee.

HEHP 152 Lifeguarding 2 cr. (1+2)
This course will teach individuals the skills and knowledge needed to prevent and respond to aquatic emergencies as set forth by the American Red Cross. The class will cover such topics to prepare them to recognize and respond quickly and effectively to emergencies and prevent drowning and injuries. This class will be a combination of swimming skills necessary to perform the job as well as classroom activities in recognition, CPR and First Aid. Students will receive American Red Cross certifications in Lifeguarding and First Aid for 3 years and a 1 year certification in CPR & AED for the Professional Rescuer upon successful completion of the course. STUDENTS MUST COME PREPARED TO TAKE THE PRECOURSE SWIM TEST THE FIRST DAY OF CLASS. Students should have completed either Swimming I concurrently or have American Red Cross level 4 or higher skills. Students should be able to swim the American Red Cross entry level test. The test includes swimming 300 yards of front crawl (freestyle) and breaststroke, swim 20 yards and retrieve a brick from 7 - 10 feet of water. Code 2 course fee.

HEHP 160 First Aid/CPR/AED for the Workplace, Schools and the Community 3 cr.
A elective course designed to prepare the student in basic First Aid care to the sick or injured. Classroom drills and practice will prepare the student to react properly in an accident situation, plan his/her actions and exercise good judgment in adapting his/her classroom training to the accident scene. Students who successfully complete the course will receive their American Red Cross Community First Aid/CPR/AED for schools and community certification. Certification is based on Red Cross requirements. Code 2 course fee.

HEHP 172 International Folk Dance I 1 cr.
Students enrolling in this course will learn and perform a variety of basic dance steps and folk dances from the Balkans, Macedonia, Greece, Israel, France, England, Scotland, Ireland, Russia, Poland, Bolivia, Turkey, South Africa, and the United States. Code 2 course fee.

HEHP 173 International Folk Dance II 1 cr.
International Folk Dance has become a popular and fun recreational activity. The dances included in this course were chosen because they are enjoyable, exotic, cultural, interesting and provide a variety of basic steps. They come from many countries, including The Balkans, Macedonia, Greece, Israel, France, England, Scotland, Ireland, Russia, Poland, Syria, Bolivia, Turkey, Africa and the United States. Code 2 course fee.

HEHP 186 Principles of Coaching 3 cr.
This course is a comprehensive introduction to the coaching profession with emphasis on coaching for high school and club-level sports as well as for youth, recreational, and intercollegiate sports programs. Students will learn concepts and techniques of coaching used in working with athletes. Upon successful completion of the course, students may take a comprehensive exam administered by the American Sport Education Program (ASEP). Students who already possess a standard teaching certificate or a county substitute teacher certificate and who pass this exam will fulfill the educational portion (one of several requirements) of the New Jersey State Interscholastic Athletic Association’s (NJSIAA) coaching certification regulations.

HEHP 188 Introduction to Nutrition 3 cr.
This course introduces students to the basic concepts of nutrition and provides information they can use in making dietary decisions. Topics covered include guidelines for a healthy diet; carbohydrates, fats, proteins, vitamins, and minerals; digestion; food safety; and world hunger. HEHP 188 may provide a foundation for the more advanced Nursing Nutrition course. However, students enrolling in the AAS in Nursing program cannot use this course to replace NURS 174: Nutrition.

HEHP 201 Karate I 2 cr. (1+2)
An elective course designed for students and adults of the community who wish to learn the mechanics and techniques of Karate as a means of developing new activity patterns for health, conditioning and self-defense. Code 2 course fee.

HEHP 225 Contemporary Health 3 cr.
Students will develop skills needed to meet challenges to their health and optimize their physical and psychological wellbeing. Topics to be examined include consumer education, fitness, family living, nutrition, mental health, dependency, substance abuse, and infectious and chronic diseases. The focus of the course will be on the importance of critical thinking emphasizing self-empowerment, prevention and understanding of the health impact on human diversity. Will fulfill General Education Requirements. Code 2 course fee.

HEHP 226 Women’s Health 3 cr.
An elective course designed to provide health information pertinent to Women’s Health and Wellness for the new century. It may also be transferable into the Exercise Science, Women’s Studies, and Nursing programs at four year institutions. Health care needs of women including promoting health, maintaining wellness, and common physical and psychological conditions pertinent to health are identified. Historical, political, economic and social influences will be examined for their impact on women as consumers and providers of health care. Strategies to empower women to change their outlook of how they deal with the present health care system will be explained. Code 2 course fee.

HEHP 227 Introduction to Public Health 3 cr.
This course introduces the student to the current issues in public health today from a local perspective to a global perspective. It includes such areas as community health problems, communicable disease control and the roles of public health professionals including nursing.

HEHP 228 Care & Prevention of Athletic Injuries 3 cr.
This is an introductory course designed to instruct the student in the prevention of athletic injuries. This course is essential for the future physical education teacher, coach or athletic trainer. Instruction in First Aid, taping techniques, hot and cold therapy, and situational practices will be included. Code 2 course fee.
HEHP 237  
Sports Officiating  3 cr.  
An elective course designed to teach students and adults of the community the rules and regulations for specific sports and how to apply them in games. Current rules changes will be reviewed and discussed. Some time will be spent on the psychology of officiating, responsibilities of the official, game control techniques, and issues faced by sports officials. Code 2 course fee.

HEHP 238  
Management & Rehabilitation of Athletic Injuries  3 cr.  
An elective course designed to present information and techniques in the use of therapeutic modalities and exercise. This information will be used to relate theory to practice in order to effectively rehabilitate the injured athlete. The student will not only participate in the classroom, but will also gain valuable field experience. Code 2 course fee.

HEHP 239  
Strength & Conditioning Physiology  3 cr.  
An elective course designed to present information and techniques associated with the physiological effects of movement and exercise on the human body. The student will also gain valuable knowledge in basic human anatomy, along with the movements that various musculature is responsible for. This information will be used to train athletes to reach their greatest level of fitness, as well as prevent athletic injury. Code 2 course fee.

HEHP 240  
Exercise Physiology  3 cr.  
An elective course intended for students interested in a career in exercise science; physiologists; physical educators; coaches; sports medicine/physical therapists. The student will gain knowledge in the theory and application of exercise physiology, cardiac rehabilitation, sports performance and fitness. In addition, this course will include information on training for improvements, exercise metabolism, neuromuscular function, and health related fitness. It is highly recommended that students enrolling in this course have taken high school biology or HEHP 239. Code 2 course fee.

HEHP 252  
Nutrition for Fitness & Sport  3 cr.  
This course is designed to improve fitness and sports abilities for individuals who are participating in exercise. Students will examine the significance of nutrition, fluid intake, and body composition and their relationship to physical performance, including special considerations based upon age and gender. Students enrolling in the AAS in Nursing program cannot use this course to replace NURS 174: Nutrition. Code 2 course fee.

HEHP 261  
American Red Cross & CPR Instructor  3 cr. (2+2)  
This is an elective course designed to prepare the students with the correct methods to administer and teach the proper CPR and First Aid techniques at both the Lay and Professional Rescuer levels. It is a methodology course which will include the Red Cross Fundamentals of Instructor Training (F.I.T.) designed to instruct students in the various techniques required to become an instructor and evaluator of Red Cross courses. Students will be eligible to receive the following American Red Cross certifications: CPR/AED for the professional Rescuer, First Aid and CPR/ AED for Schools and Workplace Instructor, and CPR/AED for the Professional Rescuer Instructor. Attendance is mandatory since this is a hands-on course. Upon successful completion, students will be able to conduct classes in the public and school sector. Prerequisite(s): HEHP 160 or the course equivalent. Code 2 course fee.

HEHP 265  
Kinesiology  3 cr.  
An overview of the study of human motion, structure and function. Principles governing movements related to the muscles, bones, and joints are emphasized. This information will be used to analyze performance and motor skills. Prerequisite(s): BIOL 130. Code 2 course fee.

HEHP 266  
Exercise & Health Counseling  3 cr.  
A personal trainer certification course designed to develop and enhance clinical and practical fitness assessment and performance skill. The student will learn to properly screen and evaluate individuals for safe participation in an exercise program; design and implement exercise prescriptions for multiple populations; and apply principles of exercise in a personal training environment. A personal training certification is available through the National Council of Strength and Fitness upon successful completion of course requirements. Corequisite: HEHP 160 & HEHP 239. Code 1 course fee.

HEHP 267  
Sports Management  3 cr.  
This course will provide students with an introduction to the planning, organizing and management of sports organizations and facilities. This course provides the student with an overview of the sports industry, as well as issues encountered by managers. The course will emphasize how management techniques can be applied to effectively address these issues.

HEHP 290  
Health & Human Performance Internship  3 cr.  
(0+0+9)  
This course offers students the opportunity to apply the academic knowledge gained in the classroom to a work environment. The 135-hour internship will be directly related to career goals in the areas of health, fitness, sports medicine, and sports management. By completing the internship, students will be involved in emerging workplace trends and enhance their employability. Students wishing to transfer their internship credits to a four-year baccalaureate program should consult the college or university to which they wish to transfer. Prerequisite(s): Applicants must attain a minimum of 2.5 cumulative grade point average. Applicants must have completed HEHP 160 and HEHP 239. Applicants must comply with the Ocean County College Internship Guidelines and complete an Internship Application.

HIST 100  
History of Civil Society in America  3 cr.  
This course examines the growth of values shaping American Society, with comparisons to cross-cultural case studies. It will also review the historical antecedents of modern America with special focus on the interrelationships between institutions and individuals that have shaped the idea of civil society in the United States. The course will also explore how the American experience contributes to an understanding of other historical contexts.

HIST 171  
Western Civilization I  3 cr.  
A survey of Western history from the earliest civilizations to the beginning of the modern era. Emphasis is placed on the changes through time in political, social and religious institutions as well as on intellectual and cultural achievements. The course is designed to help the student better understand self and society by becoming acquainted with the past history of the Western world.

HIST 172  
Western Civilization II  3 cr.  
The survey of Western history is continued from the early modern period to the present. The political, social and industrial revolutions of the 18th and 19th centuries are studied as a prelude to the military conflicts, social changes and intellectual currents of the twentieth century. The course is designed to help students understand the world of today by studying the recent history of their own society.

**Course Descriptions**

**HIST 173 United States History I (to 1877) 3 cr.**
A survey of the history of the United States from the discovery of the Western Hemisphere to the end of the Reconstruction period (1877). The course includes political, social and economic factors important in the foundation of America.

**HIST 174 United States History II (Since 1877) 3 cr.**
This course traces developments since the end of the Civil War with emphasis on reconstruction, the industrialization of America and her emergence as a world power, the two World Wars, and the post-World War II era to the present.

**HIST 175 History of New Jersey 3 cr.**
This course is designed to teach the development of New Jersey, from Lenape to the cultural pluralism of today. It will deal with all aspects of life in the state: social, religious, economic, educational and political.

**HIST 176 United States Military History (Colonial-1975) 3 cr.**
A study of the U.S. Military history from the Colonial times to the 20th Century. Special emphasis is placed on the causes and results of wars, leaders and battles, and the impact U.S. Military History has had in the world. U.S. History I and II and/or a comprehensive knowledge of America history are highly recommended for students enrolling in this course.

**HIST 179 America in the 1960s 3 cr.**
This course investigates one of the seminal decades in modern American history. In this ten-year period, events and movements of particular importance occurred which continue to impact in contemporary life. Some of the topics to be examined include the civil rights movement, the assassinations of several prominent leaders, the moon landing, the Vietnam War and the new significance of popular culture in American life.

**HIST 181 World Civilization I 3 cr.**
World Civilization I is an historical introduction to the major civilizations of the world from prehistory to approximately the 16th century. It includes the key chapters of the world’s societies, their contributions and the interaction between them: culturally, religiously, economically and politically.

**HIST 182 World Civilization II 3 cr.**
World Civilization II examines the patterns of global history as they emerge in various regions of the world from the mid-17th century to the present day. Students will gain a deeper understanding of cultural diversity and historical trends that have helped shape today’s world.

**HIST 268 History & Culture of the Jewish People 3 cr.**
Using an interdisciplinary approach, and topics that will vary semester to semester, this course will introduce students to Judaism with emphasis on the historical, social and cultural dimensions of Jewish life including customs and beliefs, music, art, film, and literature.

**HIST 272 History of Russia 3 cr.**
The course traces the evolution of Russian society and the Russian state from its inception more than one thousand years ago to the present. Special attention will be given to the abrupt and radical changes that mark the transition from one epoch to another, especially from the Kievan to the Tartar period, from the Moscovite to the Imperial and from the Imperial to the Soviet. Single out will also be the reforms in the Russian empire from the emancipation of the serfs to the First World War. In the Soviet period the course will stress the development of the Soviet state and the development of the international communist movement.

**HIST 275 History & Culture of China 3 cr.**
A survey of Chinese civilization from prehistoric times to the People’s Republic of China. This course covers the following aspects of Chinese culture: art, literature, religion, science and political, economic, social and intellectual history. The role of Confucianism in the development of Chinese culture will receive special emphasis.

**HIST 278 History of the Arab World Since World War I 3 cr.**
A survey of the modern political states in the Arab World, and of the social, cultural, and religious forces that have shaped these states since World War I. This course considers, among other issues, the geopolitical and economic significance of the area, on-going interstate and intrastate conflicts in the region, and the American interests and involvement within the Arab World. Prerequisite: Sophomore standing or permission of the instructor.

**HIST 282 Modern Israel 3 cr.**
An introduction to contemporary Israel from the inception of Zionism to the modern state, including historical, social, religious, military, diplomatic, and political developments.

**HLSC 170 Introduction to Homeland Security 3 cr.**
This course considers some of the challenges of maintaining the safety and security of citizens, key assets, and critical infrastructure in a democratic society. Analyses of past and present efforts to strike a balance between individual rights and the prevention and control of subversive acts and terrorism shall be undertaken.

**HLSC 171 Fundamentals of Emergency Management 3 cr.**
This course introduces issues pertaining to domestic preparedness and the management of an all-hazards approach to emergency operations. A primary focus of the course is to explain the importance of incident preparation and consequence management. The four aspects of emergency management (mitigation, preparedness, response, and recovery) will be emphasized. Other topics include agency interoperability, crisis, and consequence management.

**HLSC 172 Domestic & International Terrorism 3 cr.**
This course examines the origins of terrorism, its present status, and its implications for the future. It focuses on influences that lead to extremist views and terrorist activities and offers a dialog from which one may better understand, prevent, and survive terrorist behavior. The course also presents an overview of the nation’s attempt to meet the threats posed by other man-made and natural disasters and highlights the importance of the rapidly growing security industry as a possible field of employment.

**HLSC 173 Introduction to Security 3 cr.**
This course introduces students to the goals of security management. The historical and legal aspects of security will be examined within the framework of structural, electronic, informational, and human protection systems. Other topics presented in the course include: risk assessment, planning, program implementation and administration, intelligence gathering, investigations, and industrial and institutional security. The qualities and competencies of effective security leadership shall also be addressed with emphasis on the importance of ethical behavior and the need for professionalism.
Homeland Security  •  Honors  •  Humanities  •  Information Literacy  •  Human Services

HLSC 174 Introduction to the Intelligence Function  3 cr.
This course provides an overview of the intelligence process which is used to gather, interpret, analyze, and share information. It also explores the implications of collecting, storing, accessing and using such information in a democratic society. Students will explore the complexities of harnessing information and the constitutional limitations of intelligence gathering in a free and civil society.

HLSC 200 Risk Management & Analysis  3 cr.
This course considers the analytical approach to threat assessment and risk management and examines the challenges of balancing liberty and security in a free society. The course will culminate in students preparing a security survey. Prerequisite(s): HLSC 173

HLSC 201 Organizational Integration & Management  3 cr.
This course studies the inter-organizational contexts that are necessary to render efficient and effective government services and to provide safety and security to citizens on a day-to-day basis and during a crisis. Students will study critical relationships among various governmental agencies, NGOs, and private sector agencies.

HONORS

HONR 280 Honors Interdisciplinary Seminar  3 cr.
This course is organized thematically and is designed to cover a broad range of material from a variety of disciplines. Themes focus on questions arising in the arts and humanities, the social sciences, the natural sciences, and global issues. Experts from the fields of medicine, business, and community development may be invited to give guest lectures. Although this course is designed for students attempting to earn an Academic Honors Recognition (AHR) and permission of the AHR Coordinator is required, any student wishing to engage in interdisciplinary study and research may request permission to enroll. Prerequisite(s): HLSC 173, ENGL 151 & Instructor's Consent.

HONR 281 Honors Research Project  1 cr. (0+0+3)
Students pursuing the Academic Honors Recognition (AHR) will conduct an independent scholarly investigation of a topic particular area or areas of interest. Each student will work under the supervision of an Honors Research Project faculty mentor to produce a research-based original paper subject to the approval of the AHR Coordinator. Prerequisite(s): HONR 280.

HUMANITIES

HUMN 200 Humanities I: Modernism  3 cr.
The artistic movement known as Modernism produced the most comprehensive change in Western culture since Romanticism. This course enables the student to see connections among literature, art, and music from a Modernistic, multiculturally diverse perspective. Students will collaboratively study, discuss and make use of journals to write about a variety of modernist works. Prerequisite: ENGL 151.

HUMN 201 Humanities II: Postmodernism  3 cr.
This interdisciplinary course focuses on the connections among literature, art, and music during the postmodern era lasting from 1945 to the present. Students will study, discuss and write about a variety of works as they relate to historical events, societal change, and the rich diversity of this period. Prerequisite(s): ENGL 151

HUMN 297 Special Topics in the Humanities  3 cr.
This course is designed for Honors Students to study, in a seminar format, interdisciplinary topics in the Humanities. The course will vary in content, but will retain the consistent objective of integrating two or more Humanities disciplines (art, music, theater, literature, philosophy) in the analysis of culture and its artifacts. The course will be mindful of contemporary cultural theory in its approach to selected topics. Prerequisite(s): ENGL 151 and placement in the Honors program.

HUMAN SERVICES

HSRV 194 Interviewing & Communication Techniques  3 cr.
This course focuses on the development of personal insight into the process of human communications through examination of theory, discussions and experiential laboratory exercises. Its major goal is to develop an understanding of the processes of human communication and to provide an opportunity for each student to experiment with his or her own personal communicative behavior. The course will also include theories of interpersonal relationships, and verbal and nonverbal skills necessary for effectiveness in the human services field. Required course for Human Services Technician majors. Prerequisite(s): PSYC 172.

HSRV 200 Gerontology: The Study of Aging  3 cr.
An introduction to gerontology, including the socio-cultural, psychologic-biological factors in aging.

HSRV 291 Principles of Social Work  3 cr.
This course is designed to introduce the student to various practices and principles in the field of social work and the social work method. Generalist values and philosophy will be examined. The role of the social worker in relation to clients and the other helping professions and as an agency and societal representative will be considered. The helping process and specific intervention skills will be illustrated by materials drawn from case, managers, group work, community practice methods and from a variety of counseling theories. Prerequisite(s): HSRV 191 or permission of the instructor.

INFORMATION LITERACY

INFO 110 Library Research Skills & Information Literacy  3 cr.
In this course, students will learn researching skills using databases, computers, the Internet and electronic media along with traditional print information sources. Understanding the commonalities of how information is indexed and organized will allow students to develop a contextual framework vital to finding and evaluating relevant information for their research needs. Students will develop the ability to make ethical and legal choices in using the information they find.
INTERNSHIPS

INTR 290 Internship 3 cr. (O+O+9)
This course offers students the opportunity to apply academic knowledge gained from the classroom to various work environments. The 135-hour internship will be directly related to students’ career goals in their areas of study. By completing an internship, students will be involved in emerging workplace trends and enhance their employability. Students wishing to transfer their internship credits to a four-year baccalaureate program should consult the college or university to which they wish to transfer. Prerequisite(s): Applicants must also comply with the Ocean County College Internship Guidelines and complete an Internship Application, which are available in the Academic Affairs Office. Applicants must also have an overall GPA of 2.5.

ITALIAN

ITAL 100
Elementary Italian I 3 cr.
This is an elementary college-level course that focuses on the development of basic conversation, reading and writing skills. Equal attention will be given to grammar structures and to the development of a vocabulary that will enable students to have simple but useful everyday conversations. The course is designed for beginning students or students who have taken one year or less of high school Italian.

ITAL 102
Elementary Italian II 3 cr.
This is an elementary college-level course that focuses on the development of basic conversation, reading and writing skills. Equal attention will be given to grammar structures and to the development of a vocabulary that will enable students to have simple but useful everyday conversations. It is highly recommended that students enrolling in this course have taken four years of high school Italian if they cannot meet the prerequisite. Prerequisite(s): ITAL 100.

LATIN

LATN 100
Elementary Latin I 3 cr.
While the focus of the class is on the orations of Cicero against Catiline, translation of other authors are given equal weight. These relate to the politics, geography and culture of the Roman world and to later European cultures influenced by Latin. The 1st and the 4th orations against Catiline are also covered. This course is designed for beginning students or students who have taken one year or less of high school Latin.

LATN 102
Elementary Latin II 3 cr.
This course promotes the skill areas of translating, reading and scansion of Virgil. The complexities of translation and of the accurate pronunciation of Roman poetry in dactylic hexameter are emphasized. Special attention is paid to the life, art, genius and influence of the author of the Aeneid. The central themes of his book (such as love, suffering, patriotism, and duty) are studied closely, as are authors such as Homer, Lucretius, Catullus and Dante, who are related to an understanding of Virgil. It is highly recommended that students enrolling in this course have taken two to three years of high school Latin if they cannot meet the prerequisite. Prerequisite(s): LATN 100.

LATN 201
Intermediate Latin I 3 cr.
This course studies the works of Cicero and the prose writings of other Latin authors, including Pliny and Allust. It is highly recommended that students enrolling in this course have taken four years of high school Latin if they cannot meet the prerequisite. Prerequisite(s): LATN 102.

LATN 202
Intermediate Latin II 3 cr.
This course promotes the skill areas of translating, reading and scansion of Virgil. The complexities of translation and of the accurate pronunciation of Roman poetry in dactylic hexameter are emphasized. Special attention is paid to the influence of Virgil’s AENEID. Prerequisite(s): LATN 201.

LEGAL

LAAW 101
Introduction to Law & Legal Assisting 3 cr.
A survey of the philosophical and historical background of the Federal and State systems of jurisprudence. An introduction to the nature and functions of the agencies responsible for administration of the State law. Develops and examines the role of the paralegal in his relation to the supervising attorney both as to ethical and professional concerns.

LAAW 104
Introduction to Litigation 3 cr.
An analysis of the common types of litigation, premises of litigation, sources of law, the court systems, attorneys, types of suits, usual defenses, New Jersey civil procedure, discovery procedures, court procedures, trial, post-trial motion, appeal, enforcement of judgment. Particular attention to the role of the legal assistant in preparation of documents and assistance to attorneys in matters of litigation. Prerequisite(s): LAAW 101.

LAAW 105
Health Care & Elder Law 3 cr.
This course is designed for the legal assistant or health care professional who wants to understand the legal requirements and legal influence in the delivery of health care services, Regulatory law, statutory law, and case law will be presented and studied.

LAAW 106
Mediation & Conflict Resolution 3 cr.
A study of the emerging field of conflict resolution as it relates to the paralegal. The course emphasizes alternative methods of resolving legal conflicts. The philosophy of this course embodies the idea that alternative methods of conflict resolution improve the quality of decision making, develop a greater capacity for avoiding protracted disputes and create a culture of cooperation. These are skills necessary for the paralegal as the field of law evolves from confrontation to cooperation.

LAAW 108
Introduction to Employment Law 3 cr.
This course is for employers, employees, paralegals, and other interested parties. Students will study common principles, United States and New Jersey legislations and administrative regulations, and legal issues affecting employee selection, employee termination, equal employment, labor-management relations, and privacy. This course is not intended for transfer. It offers an opportunity for professional development for people currently employed in jobs related to law and human resources management.

LAAW 201
Legal Research & Writing for Paralegals 3 cr.
An introduction to legal research and writing designed for the legal assistant. The student will become familiar with the law library and the various legal reference material needed in determining the applicable law. Students will write memoranda presenting the results of the research. The course will contain several problems requiring legal research and memorandum writing utilizing statutes, case reports, citators, encyclopedias and other reference material. Prerequisite(s): LAAW 101 and ENGL 151.

LAAW 203
Law Office Management 3 cr.
A course designed to prepare the paralegal to understand, work within and manage a law office. The functions and skills of planning, organizing, controlling and directing a law office are explored along with the parameters and policies of the business of law which will provide a strong foundation upon which to build a legal career. Prerequisite(s): LAAW 101 or consent of instructor.
MATH 001 Basic Mathematics 3 cr.
For students who need to remediate their arithmetic deficiencies, MATH 001 reviews computations with whole numbers, fractions, decimals and percents. Emphasis is placed on practical applications requiring computational skills. This course cannot be used to satisfy degree requirements. Code 1 course fee.

MATH 011 Introduction to Algebra I 3 cr.
A course designed for those students who do not have the necessary background in basic algebra or are in need of a thorough review of basic algebra. Topics include: Operations with real numbers, solution of linear equations and linear inequalities with mathematical modeling of real life applications, graphing linear equations and inequalities, solving systems of linear equations with mathematical modeling of applications and operations with polynomials. This course cannot be used to satisfy degree requirements. Code 1 course fee.

MATH 012 Introduction to Algebra II 3 cr.
A continuation of MATH 011. Topics include factoring a polynomial, solving quadratic and cubic equations, rational expressions, equations of straight lines, radical expressions and the application of algebraic techniques to problem solving. This course cannot be used to satisfy degree requirements. Prerequisite(s): MATH 011 minimum grade "C". Code 1 course fee.

MATH 147 Business Mathematics I 3 cr.
Topics include simple interest, bank discount, depreciation, amortization, and annuities with applications. Prerequisite(s): MATH 012 minimum grade "C".

MATH 149 Mathematics of Finance 3 cr.
The mathematics related to loans and investments are presented in depth. Topics discussed include simple and compound interest, annuities and perpetuities, amortization and sinking funds, stocks and bonds, and life insurance. Prerequisite(s): MATH 012 (minimum grade "C") or algebra placement requiring no remediation. Code 1 course fee.

MATH 151 A Survey of Mathematics 3 cr.
A mathematical course for liberal arts students. Topics include: sets, probability, logic systems of numeration, groups, and mathematical systems. This course is not a substitute for MATH 191 or MATH 192. Topics will include the following concepts necessary for MATH 191 and 192: sets, operations with sets, the natural numbers and their arithmetic, the integers, the rational numbers, the real numbers, number theory, and probability. Prerequisite(s): MATH 012 (minimum grade "C") or algebra placement requiring no remediation. Code 1 course fee.

MATH 156 Introduction to Statistics 3 cr.
This introductory level course introduces general concepts of basic statistical tools including descriptive statistics, frequency distributions, probability, probability distribution, sampling theory, sampling techniques, inferential statistics, analysis of variance, correlation, and simple regression. Excel data analysis and/or one major statistical software package is introduced to aid calculations required for many of the techniques used in the course. Students are expected to do one or more writing assignments in an applied field and complete a data-based project as part of the course requirements. Prerequisite(s): MATH 012 or algebra placement of no remediation. Students must complete all required reading remediation before enrolling in this course. Code 2 course fee.

MATH 161 College Algebra for Science, Mathematics, Computer Science, & Engineering Majors 6 cr.
This course is for Science, Mathematics, Computer Science and Engineering majors only. The course will cover functions, equation solving, mathematical modeling and problem solving, polynomial, rational and irrational expressions, systems of equations, conic sections, parametric equations and complex numbers. Technology will be used throughout the course. The course is specifically designed as an accelerated sequence and when combined with MATH 195 (a course that combines Precalculus I and II) will enable a serious Science, Mathematics, Computer Science, or Engineering student to start calculus at the beginning of the sophomore year. Students cannot earn graduation credits for both MATH 161 and MATH 165. Code 1 course fee. Prerequisite(s): MATH 011 (minimum grade "C") or algebra placement of MATH 012 and permission of an advisor or instructor. Code 1 course fee.

MATH 165 College Algebra 5 cr.
This course will provide a thorough understanding of the more difficult algebraic concepts necessary for MATH 191 and MATH 192. Topics will include the following presented beyond the elementary level: polynomials, linear and quadratic equations and inequalities, rational expressions and equations, exponents and radicals, graphing techniques; systems of equations, conic sections, relations and functions. This course may also be offered on a home study basis. Students cannot earn graduation credits for both MATH 161 and MATH 165. Code 1 course fee. Prerequisite(s): MATH 012 (minimum grade "C") or algebra placement requiring no remediation. Code 1 course fee.

MATH 168 Basic Technical Mathematics 3 cr.
This course is for students in technology careers, including civil engineering and aviation. It covers basic algebraic functions and graphs, basic concepts for geometry, right angle trigonometry, and vectors. This course is not a substitute for MATH 165 (College Algebra) and it is not a prerequisite for MATH 265 (Calculus I). Prerequisites: MATH 012 Introduction to Algebra II or placement score of no remediation needed. Code 2 course fee.
MATH 171
Finite Mathematics 3 cr.
A mathematics course for liberal arts students. The topics covered are linear graphing, matrices with applications, and linear programming including the Simplex Method. Computers and graphing calculators will be utilized by the students. Prerequisite(s): MATH 012 (minimum grade "C") or algebra placement of no remediation. Successful completion of required developmental reading courses is strongly recommended. Code 2 course fee.

MATH 181 Introduction to Probability 3 cr.
A mathematics course for liberal arts students. Topics presented are selected from set theory, probability, binomial distributions, Markov chains, game theory, graphs and trees. Prerequisite(s): MATH 012 (minimum grade "C") or algebra placement of no remediation. Successful completion of required developmental reading courses is strongly recommended.

MATH 191 Precalculus I 3 cr.
Polynomial, rational, exponential and logarithmic functions are studied from an algebraic, analytic and graphical perspective. Functions, the Fundamental Theorem of Algebra, complex numbers, mathematical modeling and other algebraic concepts are studied. Students cannot earn more than a total of six (6) graduation credits for any combination of MATH 191, MATH 192 and MATH 195. Prerequisite: MATH 165 or MATH 161 or appropriate placement score. Prerequisite(s): MATH 165 or MATH 161 or appropriate placement score.

MATH 192 Precalculus II 3 cr.
This course is a continuation of MATH 191. It includes the study of trigonometric functions and their inverses, trigonometric identities and equations and complex numbers from an algebraic, analytical, and graphical perspective. Additional topics include determinants, sequences and series, analytic geometry and mathematical induction. Prerequisite(s): MATH 191 or appropriate placement score.

MATH 195 Precalculus I & II for Science, Mathematics, Computer Science, & Engineering Majors 6 cr.
This accelerated course is designed for Mathematics, Science, Computer Science and/or Engineering majors or any student who wishes to be ready for Calculus I in one semester. It will cover equations and inequalities including absolute value, polynomial rational, radical, trigonometric, inverse trigonometric, logarithmic and exponential functions, analytic trigonometry, analytic geometry, polar coordinates and parametric equations. It cannot be combined with MATH 191 and/or MATH 192. Prerequisite(s): MATH 165 or MATH 161 or appropriate placement score. Code 1 course fee.

MATH 201
Precalculus Techniques & Applications 4 cr.
This is an accelerated review of algebraic, geometric, and trigonometric topics for the highly motivated student. Critical thinking skills will be developed through the study of polynomial, rational, trigonometric, logarithmic, and exponential functions and their graphs from algebraic, analytic, and geometric perspectives. Other topics to be studied are system of equations and inequalities, matrices and determinants, sequences and series, and mathematical induction. Technology and mathematical modeling will be utilized throughout the course. Prerequisite: Appropriate placement score.

MATH 240
Business Calculus 4 cr.
The topics of limits, continuity, derivatives, antiderivatives, definite and indefinite integrals, and area between curves will be discussed with applications of these topics to business concepts. Technology will be used with applications, and interpretations will be emphasized. This course is designed to fulfill the calculus requirements for a BS in Business and is not a substitute for MATH-265. Prerequisite(s): MATH 191 or appropriate placement score. Code 2 course fee.

MATH 265 Calculus I 4 cr.
A study of limits and continuity, differentiation formulas for algebraic trigonometric, inverse trigonometric, exponential and logarithmic functions, higher order derivatives, mean value theorem, applications of the derivative including related rates, maximum-minimum; graphing L'Hospital's Rule; antiderivatives; the definite integral; integration using substitution; applications of the integral to evaluation of area; alternate definition of the natural logarithmic function. Prerequisite: MATH 192 or MATH 195 or MATH 201, or appropriate placement score and four years of high school algebra including trigonometry (with a minimum grade of B)

MATH 266 Calculus II 4 cr.
A study of applications of the integral including area, volume, arc length, surface area, work; techniques of integration; improper integrals; infinite sequences and series; Taylor and Maclaurin series with applications; parametric equations; polar coordinates. Prerequisite(s): MATH 265.

MATH 267 Calculus III 4 cr.
A study of three-dimensional analytic geometry, vectors and vector functions; derivatives with applications; multiple integrals with applications; vector calculus including Greens Theorem and Stokes Theorem. Prerequisite(s): MATH 266.

MATH 270
Discrete Mathematics 3 cr.
This course is recommended for computer science and Mathematics majors. The topics include: sets, logic, mathematical induction, recursion, combinations, probability, graph theory and Boolean algebra. Prerequisite(s): MATH 265 and corequisite MATH 266 or permission of the instructor. Corequisite: MATH-266.

MATH 275 Linear Algebra 3 cr.
This course covers topics in linear algebra, including systems of linear equations, Gaussian Elimination, matrices and determinants, vector spaces, linear transformations, eigenvalues, eigenvectors, and computer applications. Prerequisite(s): MATH 266.

MATH 280 Differential Equations 3 cr.
Topics include modeling and solving first-order differential equations, modeling and solving higher-order differential equations, both linear and non-linear, solution of differential equations by power series and Laplace transforms, matrices and determinants. Technology will be utilized. Prerequisite(s): MATH 267.

MUSIC
MUSC 120 Applied Music I
MUSC 121 Applied Music II
MUSC 220 Applied Music III
MUSC 221 Applied Music IV 2 cr. (1+0+3)
Beginning or intermediate students receive one-on-one instruction in the technical and interpretive aspects of music performance as it relates to their instrument or voice with emphasis on tone production and intonation, expression, technique, and interpretation. Students are expected to devote a minimum of three hours per week of work outside class on assigned warm-ups, exercises, and appropriate repertoire. Weekly lesson times are arranged between instructors and students and approved by the dean/assistant dean. Code 3 course fee.

MUSC 131 Introduction to Guitar Instruction I 3 cr. (2+2)
This course is designed as an introduction to guitar playing for students with no prior music experience. In addition to sight-reading, transposition and improvisation, this is a practical way of introducing the materials of music to students who plan to study music further or just play for their own enjoyment. Students are required to provide their own guitar (acoustic, or electric with amplifier). Code 3 course fee.
MUSC 132 Introduction to Guitar Instruction II 3 cr. (2+2)
This course is designed for students who have basic knowledge in guitar playing. The course is a practical way of introducing the materials of music to students who wish to play for their own enjoyment. Prerequisite(s): MUSC 131. Code 2 course fee.

MUSC 142 Jazz Band I
MUSC 143 Jazz Band II
MUSC 242 Jazz Band III
MUSC 243 Jazz Band IV 1 cr. (O+2)
This course is designed to give students experience in playing jazz in a large group setting. Emphasis will be placed on the fundamentals of jazz style, listening, and performance in a collaborative environment. This course will allow students to develop skills in sight-reading, rehearsal techniques, and improvisation within the big band format. Possession of the appropriate musical instrument and audition is required. Concurrent enrollment in Concert Band is desirable. Code 2 course fee.

MUSC 150 Introduction to Keyboard Instruction I 3 cr. (2+2)
This course is designed as an introduction to piano playing for students with no prior music experience. In addition to sight reading, transposition and improvisation, this is a very practical way of introducing the materials of music to students who plan to study music further or just play for their own enjoyment. Code 3 course fee.

MUSC 151 Introduction to Keyboard Instruction II 3 cr. (2+2)
This course is designed for students who have a basic knowledge of piano playing. In addition to continuing and expanding the topics of MUSC 150, the course will enable students to learn harmonization of tunes and basic elements of interpretation. Forms and styles of traditional music will be presented and supplemented with examples of students and instructor. Prerequisite(s): MUSC 150. Code 2 course fee.

MUSC 160 College Choir I 1 cr.
The aim of the choir is to develop and perpetuate a high standard of choral-ensemble singing. Open on a non-credit basis to interested students and others who do not wish to take the course for credit. (Tone test required.)

MUSC 161 College Choir II 1 cr.
The aim of the choir is to develop and perpetuate a high standard of choral-ensemble singing. Open on a non-credit basis to interested students and others who do not wish to take the course for credit. (Tone test required.)

MUSC 164 Group Voice I 2 cr. (1+2)
This course is designed to develop the range and quality of the singing voice. Fundamentals of vocal technique and introduction to vocal repertory are emphasized. The ability to read music would be helpful.

MUSC 165 Group Voice II 2 cr. (1+2)
This course is designed to develop the range and quality of the singing voice. Fundamentals of vocal technique and introduction to vocal repertory are emphasized. The ability to read music would be helpful.

MUSC 173 Concert Band I
MUSC 174 Concert Band II
MUSC 273 Concert Band III
MUSC 274 Concert Band IV 1 cr. (O+2)
For music students who wish to perform in innovative instrumental performing groups and develop their practical musicianship. Students will demonstrate further proficiency on their instruments and in ensemble performance. Code 3 course fee.

MUSC 181 Theory of Music I 3 cr.
An introduction to the theory of music including ear training, dictation and sight reading.

MUSC 182 Theory of Music II 3 cr.
A continuation of MUSC 181 with instruction in musical analysis, techniques of composition and student projects of a creative nature. Prerequisite(s): MUSC 181.

MUSC 183 Beginning Jazz Theory & Improvisation 2 cr. (1+2)
This course will provide students with the basic skills required to create an improvisation. By understanding the basics of jazz theory and how to apply techniques in practice, students will learn how to practice and develop improvisational skills. No experience in playing jazz is required. Prerequisite(s): MUSC 182

MUSC 185 Introduction to Jazz History 3 cr.
This course is a survey of jazz music from its origins to the present. It focuses on historical as well as musical developments in jazz in the United States and on those musicians who have led in shaping the musical, cultural, social, and political significance of jazz. The course helps students develop the critical listening skills needed to identify the music's defining elements and leading figures. In addition to fundamental aspects of the music (form, rhythm, harmony, style, aesthetics, and dance), this course also emphasizes the meanings that jazz music has in various social, political, and historical contexts.

MUSC 190 Introduction to Music Appreciation 3 cr.
This course is planned primarily for students without previous musical training. The most important styles and types of music will be studied through the examination of representative examples drawn from the different eras of music history. Recorded and visual materials will be utilized to stimulate a discriminating understanding and enjoyment of the various styles and types of music.

MUSC 194 Music of the World's Peoples 3 cr.
This course is primarily for students without previous musical training. Through case studies, the music of various cultures is studied in the context of human life. Recorded visual materials and a student-selected "field study" stimulate understanding and appreciation for various types of music in our world.

MUSC 250 Intermediate Keyboard Instruction I 3 cr. (2+2)
This course is for students with a background in the fundamentals of music and basic keyboard skills. Improvisation and creating accompaniments for melodies are taught as well as works from the standard keyboard repertoire. Prerequisite(s): MUSC 151. Code 2 course fee.

MUSC 251 Intermediate Keyboard Instruction II 3 cr. (2+2)
A continuation of MUSC 250 with instruction in accompanying, choral and instrumental score reading and contemporary idioms. Prerequisite(s): MUSC 250. Code 2 course fee.

MUSC 260 College Choir III 1 cr.
The aim of the choir is to develop and perpetuate a high standard of choral-ensemble singing. Open on a non-credit basis to interested students and others who do not wish to take the course for credit. (Tone test required.)

MUSC 261 College Choir IV 1 cr.
The aim of the choir is to develop and perpetuate a high standard of choral-ensemble singing. Open on a non-credit basis to interested students and others who do not wish to take the course for credit. (Tone test required.)

MUSC 264 Group Voice III 2 cr. (1+2)
This course is designed to develop the range and quality of the singing voice. Fundamentals of vocal technique and introduction to vocal repertory are emphasized. The ability to read music would be helpful, but is not required.
MUSC 265
Group Voice IV 2 cr. (1+2)
This course is designed to develop the range and quality of the singing voice. Fundamentals of vocal technique and introduction to vocal repertory are emphasized. The ability to read music would be helpful, but is not required.

NURSING
NURS 174 Nutrition 3 cr.
The application of principles of nutrition and fluid balance in the care of patients of all ages utilizing the framework of the nursing process in multiple settings. The effect of nutrition and diet on the wellness-illness continuum is discussed with the integration of cultural influences. Prerequisite(s): BIOL130 with a grade of “C” or better. BIOL131 with a grade of “C” or better. Corequisite(s): NURS 176. Code 3 course fee.

NURS 175 Nursing I 9 cr. (6+9)
The student is introduced to nursing as a profession and practice discipline. The role of the Associate Degree nurse is explored as provider of care, manager of care, and member of the discipline of nursing. The core components of nursing practice are introduced as an organizing framework with the focus on provider of care and introduction to critical thinking. Categories reflecting human needs and the nursing process formulate a holistic patient assessment incorporating therapeutic, caring interventions for patients across the lifespan. Prerequisite(s): All accompanying requirements listed in the Nursing Student Handbook (such as health requirements and CPR certification). Corequisite(s):Courses as listed in the main portion of the catalog. General education courses may be taken prior to entering the nursing program. Code 8 course fee.

NURS 176 Nursing II 9 cr. (6+9)
The student investigates health alterations that affect the essential activities of daily living and human needs. The course focuses on the application of the nursing process to the care of individuals across the age span experiencing alterations in physical and mental health. Concepts of growth and development of children, and young, middle and older adult are discussed. Topics related to cognitive decline and chronic illness and death are explored as are general topics related to mental health/illness. Mental disorders and disorders of the endocrine, gastrointestinal and musculoskeletal systems are presented. Prerequisite(s): NURS 175 and BIOL 131. Corequisite(s): NURS 174. Code 8 course fee.

NURS 273 Nursing III 9 cr. (6+9)
The student addresses the health care needs of childbearing and childrearing families and investigates health alterations that affect essential activities of daily living and human needs. Concepts of growth and development in the care of childbearing and child rearing families are explored. Discussion focuses on the application of the nursing process to the care of adults with disorders of the respiratory, hematological, immunological, reproductive systems and neoplastic disorders. Prerequisite(s): NURS 174 and NURS 176. Corequisite(s): BIOL 232. Code 8 course fee.

NURS 274 Nursing IV 10 cr. (5+9+6)
The student addresses application of the nursing process to the care of patients with disorders of the cardiovascular, renal/urinary, and neurosensory systems as well as clients with complex health care needs. The roles of the nurse as provider of care, as manager of care and as leader of the health care team are also emphasized. Beginning management/leadership concepts are introduced and implemented in the clinical setting. The student will be teamed with an experienced RN mentor to work a concentrated clinical rotation for the preceptorship experience. Students are required to follow the RN mentor schedule for 7 days typically working a 12 hour shift during the last 3 weeks of the semester. Prerequisite(s): NURS 273 and BIOL 232. Corequisite(s): NURS 275. Code 8 course fee.

NURS 275 Contemporary Nursing 2 cr.
The student examines and analyzes issues facing the nursing professional in today’s health care environment with emphasis on transition to practice. The course focuses on the application of previously learned nursing knowledge including the analysis of the relationship between the nursing process and the client’s needs and NCLEX-RN readiness. Prerequisite(s): NURS 273. Corequisite(s): NURS 274. Code 3 course fee.

PHARMACY
PHAR 101 Pharmacology Principles & Calculations 3 cr.
This course will introduce the pharmacological approach to medication dosage and calculations. The course will introduce how to interpret doctors’ orders, and the student will obtain formulas to analyze and successfully calculate medication orders. The importance of application and safe medication administration will be stressed throughout the course. Prerequisite: MATH 156 with a grade of “C” or better.

PHILOSOPHY
PHIL 190 Introduction to Critical Thinking 3 cr.
This course presents critical thinking as a set of conceptual tools and analytical skills used for better understanding and evaluating the world around us. Classroom time is divided between (1) the development of basic concepts and evaluative frameworks used in critical thinking and (2) practice in applying these concepts and frameworks. Topics covered include distinction between belief and knowledge, the nature of argument, inductive and deductive reasoning, the function of language and rhetoric in writing and speaking, and informal fallacies.

PHIL 191 Introduction to Philosophy 3 cr.
This course is an introduction to Western philosophy through exploration of major topic areas within philosophy: metaphysics, theory of knowledge, ethics, political philosophy and philosophy of religion. Within each topic area, an assortment of continuing philosophical problems will be presented and discussed, such as the problems of mind/body, personal identity, free will/determinism, the possibility and nature of knowledge, the foundation for moral and ethical judgment, the nature of justice, the existence of God, and the problem of evil. For each topic area and problem selected, philosophical perspectives will be presented from several different periods from the history of significant philosophy: Ancient, Medieval, Modern, Enlightenment, 19th Century, and Contemporary. Attention may also be given to non-Western philosophy. The relevance of philosophy will be shown to current conditions and contemporary problems by encouraging students to think and write critically, be creative, and develop their own philosophical perspective and world view.

PHIL 192 Contemporary Ethical Issues 3 cr.
This course introduces students to traditional ethical theories from a multicultural perspective and to the nature of ethical thinking. It also considers some major unresolved ethical issues of our time. Possible contemporary ethical issues covered include socially sanctioned taking of human life; sexual behavior and its broader social implications; equality; discrimination and reverse discrimination; violence; social, environmental and political effects of globalization; economic justice and welfare; pornography and censorship; the values of a business society; alienation in the modern world; bioethics of cloning, genetic engineering, stem cell research; and/or contemporary issues of concern drawn from today’s headline news.
PHIL 193 World Religions 3 cr.
The course examines the historical evolution, fundamental doctrines, beliefs, and practices of religious traditions. The course has an emphasis on some essential differences and similarities which exist among religious traditions. The major religions covered are tribal/oral traditions, Hinduism, Buddhism, Confucianism, Taoism, Judaism, Christianity and Islam.

PHIL 198 Introduction to Business Ethics 3 cr.
This course explores major ethical issues facing the business community today, such as job security, privacy, health care, whistle blowing, environmental, employee rights, businesses’ social responsibility, affirmative action programs and the political responsibility of multinational. The emphasis of this course will be on teaching students to use critical thinking to arrive at informed moral judgments.

PHIL 290 Biomedical Ethics 3 cr.
This course analyzes major ethical issues facing the medical community today, such as medical paternalism and patient autonomy, informed consent, right to refuse treatment, euthanasia and physician assisted suicide, the mortality of abortion, reproductive technologies, stem cell research, cloning, medical allocation policy and the right to health care. The emphasis of this course will be on teaching students to use critical thinking to arrive at informed moral judgments. It is recommended that students taking this course have already completed PHIL 191.

PHIL 293 Religious Experiences 3 cr.
This course is a study of the varieties of religious experience that individuals and groups use to transform their lives from a problematic state of existence to an existence that is shaped by values based in religious belief. Specific topics include multi-religious views of the absolute, arguments for the existence of god, the nature of evil and human suffering, religion and its relation to moral conduct, the relation of faith and reason, and the relation of religion and science. The world's major religious beliefs permeate the course, i.e. Hinduism, Buddhism, Confucianism, Taoism, Shintoism, Judaism, Christianity and Islam. Prerequisite(s): PHIL 193

PHOTOGRAPHY

COPH 181 Basic Digital Photography 3 cr. (2+2)
This course teaches students the fundamentals of photography, including the use and handling of various digital cameras and specialized instruments. Students will study the history of photography, photo composition, and photographic aesthetics and learn to digitally process their images, make proof sheets, and enlarge photographic prints creatively and effectively. Students will create and organize a portfolio of photographic works. Code 5 course fee.

COPH 187 Experimental Digital Photography 3 cr. (2+2)
Students will explore various digital picture-taking techniques in an endeavor to change, manipulate, vary, and abstract the photographic image. Students will explore a variety of black and white and color photographic approaches and use special effect lenses, high speed and time-lapse photography, and special lighting techniques. Students will create and organize a portfolio of photographic works demonstrating competence in these techniques. Prerequisite(s): COPH 181. Code 5 course fee.

COPH 188 Intermediate Digital Photography 3 cr. (2+2)
This course is a continuation of Basic Digital Photography COPH 181. Students will learn advanced techniques in camera handling and picture taking while exploring sophisticated methods in digital communication. The course will further encourage the development of creative expression within the student. Using the photography medium, the student will explore the photographic image as design, communication, advertising and art. Digital portfolios are produced by each student. Prerequisite(s): COPH 181. Code 5 course fee.

COPH 207 Digital Journalism & Picture Editing 3 cr. (2+2)
Photojournalism is designed to teach the principles of photographic reportage and documentation. Students will be given a historic background of photojournalism with special emphasis on the impact photography has had on the reporting of world, state and local events. Students will further develop basic skills in researching information pertaining to a current news event, collecting information for appropriate caption writing, picture editing and editorial layout. The course stresses the ability to reach the proper location, take the photographs, process the files, and process the image within time constraints which duplicate the expected performance on a daily newspaper, magazine or broader media coverage and print publication. A Digital SLR camera with built-in metering system is required for this course or a hand-held light meter. An electronic flash unit for the camera is also required. Prerequisite(s): COPH 181. Code 3 course fee.

COPH 280 Advanced Digital Photography 3 cr. (2+2)
This course is intended to introduce the student to the use of various types of digital cameras and related photographic equipment. Included in the course study is the use and handling of assorted types of digital cameras in a variety of picture taking applications. Further, students will learn to download the images for computer enhancement in a broad range of both commercial and fine art work exploring the full potential of this image making photographic medium. Emphasis in the course will be placed on both field and studio work involving but not limited to advertising, portraiture, product and fine art photography. Students will ultimately gain a working knowledge within the full range of digital still photography and the computer applications in the manipulation and computer enhancement of the still digital photographic image. Portfolios of individualized student work will be created by each student enrolled in the course. Prerequisite(s): COPH 181. Code 3 course fee.
PHYSICS

PHYS 171 Physics I 4 cr. (3+2)
A laboratory course dealing with the major areas of physics. These include measurement, mechanics, heat and sound. The basic principles of these topics are studied in terms of their applications. High school physics not required. Corequisite: MATH 161 or higher. Code 5 course fee.

PHYS 172 Physics II 4 cr. (3+2)
Continuation of PHYS 171. This includes a study of electricity and magnetism, sound, light and modern physics. Prerequisite(s): PHYS 171. Code 5 course fee.

PHYS 180 Introduction to Astronomy 4 cr. (3+2)
A one-semester course concerned with the investigative tools of the astronomer and the implications of modern astronomical findings. The course begins by examining the nature of the scientific method and by applying that method to a number of key problems from the history of astronomy. It then proceeds to cover the most recent findings as to the nature, origin, and evolution of the planets, stars, galaxies, and the Universe itself. Laboratory work includes observations with the unaided eye and the telescope, and analysis of more complex observations. This course may not be used to complete the following sequence: PHYS 181 Astronomy I: The Solar System and PHYS 182 Astronomy II: Stars and Galaxies. High School algebra or MATH1011 recommended. Code 2 course fee.

PHYS 181 Astronomy I - The Solar System 4 cr. (3+2)
The nature of the solar system: the Sun, planets, moons, and other bodies orbiting the Sun. The tools and methods of astronomy. The nature of the scientific methods as applied to a number of key problems from the history of astronomy. The motions of the sky. Recent findings as to the nature, origin, and evolution of the planets. Laboratory work includes observations with the unaided eye and analysis of more complex observations. Prerequisite: High School algebra. Code 3 course fee.

PHYS 182 Astronomy II - Stars & Galaxies 4 cr. (3+2)
This course builds upon the concepts presented in PHYS 181. Covers the most recent findings as to the nature, origin, and evolution of the stars, galaxies, and the Universe itself. Distances and motions of the stars. Life cycles of stars. Latest findings about the cosmos. Laboratory work includes observations with the unaided eye and the telescope, and analysis of more complex observations. Prerequisite(s): PHYS 181. Code 3 course fee.

PHYS 281 General Physics I 4 cr. (3+2)
Deals with composition of vectors, linear motion, kinematics, Newton’s laws, work and energy, momentum, rotational motion, gravitation, simple harmonic motion, waves, and fluids. This course is recommended for students planning to transfer to four-year institutions as engineering, physical science, pre-med, and computer science majors. Four years of high school mathematics and one year of high school physics are highly recommended for students enrolling in this course. Corequisite: MATH 265 or higher. Code 5 course fee.

PHYS 282 General Physics II 4 cr. (3+2)
A continuation of PHYS 281 dealing with thermodynamics, electric fields, electric potential, capacitance, AC and DC circuits, magnetic fields, induction, electromagnetic waves and Maxwell’s Equations, geometric optics, and interference and diffraction. This course is required for all students planning to transfer to four-year institutions as engineering, physical science, pre-med, and computer science majors. Prerequisite(s): PHYS 281 and MATH 265. Code 5 course fee.

PHYS 283 General Physics III 4 cr. (3+2)
A continuation of calculus-based PHYS 281/PHYS 282 (General Physics I and II) dealing with modern physics. Topics covered include relativity, quantum mechanics, and atomic, nuclear, and particle physics. This course is highly recommended for all students planning to transfer to four-year institutions as engineering or physical science majors and is also recommended for pre-med and computer science majors. Prerequisite(s): PHYS 282 and MATH 266. Co-requisite: MATH 267. Corequisite: MATH 267. Code 5 course fee.

POLITICAL SCIENCE

POLI 161 American Federal Government 3 cr.
A survey of the origins and development of our national government and political system in theory and practice.

POLI 162 American State & Local Government 3 cr.
A study of the common features of state and local governments in the United States under existing and ideal conditions. Some attention is given to New Jersey and local areas.

POLI 183 Introduction to Political Science 3 cr.
A survey of the foundations of political theory and its relationship to government, political parties and pressure groups and modern political thought.

POLI 185 Principles of Public Administration 3 cr.
A survey of the principle philosophic and operational factors of public administration with emphasis on the major concepts involved in the science and art of government. The course considers such topics as organizational theory and practice, decision making, executive leadership and the political aspects of administration.

POLI 263 Introduction to International Relations 3 cr.
Students will examine the international political system, analyze the causes of war and the various approaches to world peace through a study of balance of power theories, disarmament, diplomacy, and international organizations. Also, students will examine economic forms of power and the increasing importance of international political economy.

POLI 268 Women & American Politics 3 cr.
The course examines the role of women in American politics in relation to: (1) gender and the history of American politics, (2) the emergence of women as political players as voters, candidates and officeholders and (3) public policies that directly affect women.

PSYCHOLOGY

PSYC 171 Child Rearing 3 cr.
This is a course about living with children in the day-to-day world. It will help you communicate more effectively with your children and learn to present discipline in a context of love and support. Creating an atmosphere of cooperation is therapeutic for the whole family. Issues involving divorce, single parenting and blended families will be explored, as well as some typical problems in infancy, toddlerhood, preschool, school years and adolescence.

PSYC 172 General Psychology 3 cr.
A study of the behavior of the individual in terms of maturation, learning, emotion, motivation, perception, thinking and individual differences; basic to all other courses in psychology.

PSYC 173 Child Psychology 3 cr.
The emphasis of the course will be the intellectual, emotional, social and physiological development of the human being. Child development will be followed from the preconception period through young adulthood. Research methods will be stressed and reading from anthropology, psychology, genetics, sociology and physiology will be required. Prerequisite(s): PSYC 172.
PSYC 174 Personality Theory 3 cr.
A study of adult personality focusing on representative theories from the major schools of personality theory (psychoanalytic, social learning, humanistic, and cognitive) and methods of studying personality (e.g., case studies, personality tests, empirical research, etc.) Prerequisite(s): PSYC 172.

PSYC 175 Cross-Cultural Psychology 3 cr.
The course deals with a cross-cultural study of human behavior based on research findings of the world's culturally heterogeneous population. The goal is to discover how culture and individual behaviors are related, based on the more than 200 definitions of culture in the social science literature. Prerequisite(s): PSYC 172.

PSYC 270 Psychology of Gender 3 cr.
This course will present current theory and research on gender differences in the physiological, cognitive and social domains. An analysis of the implications for developmental patterns, role evolution and differential treatment of men and women will include consideration of the social and biological roots of gender and the contribution of both individual and gender differences. Prerequisite(s): PSYC 172.

PSYC 271 Abnormal Psychology 3 cr.
The study of abnormal behavior from five different major theoretical approaches: physiological, psychoanalytic, behavioral, cognitive and humanistic/existential. Students will learn the descriptions (symptoms), causes (etiology) and various types of treatments of disorders. Prerequisite(s): PSYC 172.

PSYC 273 Adolescent Psychology 3 cr.
This course presents an in-depth study of human development between the ages 11 and 25, stressing growth in cognitive and personality processes and the social changes experienced by adolescents. Students will also explore the diversity of adolescence in individual or group projects. Prerequisite(s): PSYC 172.

PSYC 274 Social Psychology 3 cr.
A study of how social forces impact on individual attitudes and behavior. The course will include topics such as social cognition and attribution theory, interpersonal relationships, group dynamics, social influence, and prejudice. Research and methodology will be stressed. Prerequisite(s): PSYC 172.

PSYC 275 Educational Psychology 3 cr.
A course designed for social science and education students interested in educational processes. The course investigates research findings, theories, concepts and principles as they apply to various learning situations. Ten hours of classroom observation of students preschool through secondary school age is a requirement of the course. Prerequisite(s): PSYC 172.

PSYC 278 Life Span Development 3 cr.
This course examines the biological, cognitive, social and personality influences on development from birth to death. The incremental influence of each stage on the succeeding stages will be explored. Prerequisite(s): PSYC 172.

For Public Speaking courses, see Communications/Public Speaking pg. 69

RUSSIAN

RUSS 101 Elementary Russian I 3 cr.
This course is for students who have no previous knowledge of the language, or who are familiar with basic grammatical concepts and vocabulary, or who have varying backgrounds in Russian, including those who were born in Russian speaking families, but have had no formal education in the language. This course is designed to provide the student with a basic foundation in the Russian language, to assist the beginner in the gradual and harmonious development of all language skills. The course also explores contemporary Russian societal behavioral norms and current Russian-American relations.

RUSS 102 Elementary Russian II 3 cr.
The course is intended for students who have completed initial coursework in Russian or who are familiar with basic grammatical concepts and vocabulary. Russian 101 provides a balanced communicative approach to Russian language and culture, integrating modern and useful vocabulary with functionally based grammatical concepts. Prerequisite(s): RUSS 101.

SCIENCE

SCIE 105 Forensic Science 4 cr. (3+2)
This introductory course in forensic science is for criminal justice students and others interested in learning how to apply basic scientific principles of biology, chemistry, and physics to the investigation of crime. In the laboratory, students will explore many types of evidence that require chemical and physical analysis using a microscope, gas chromatography, and drug and toxicological analysis. Fundamental topics include evidence identification, collection, and analysis; experimental measurements; physical and chemical properties of materials; rates of chemical reactions; and electrochemistry. Code 5 course fee.

For BIOL courses, see Biology pg. 65
For CHEM courses, see Chemistry pg. 68
For ENVI courses, see Environmental Science pg. 77
For PHYS courses, see Physics pg. 91

SOCIOLOGY

SOCI 181 Introduction to Sociology 3 cr.
This course presents the fundamental concepts, perspectives, and methods of sociology. Course topics include culture and society, socialization and the life cycle, social interaction and everyday life, social power and inequality, work and economic life, marriage and the family, gender and sexuality, social change and social movements, and the natural environment and our ecological fate.

SOCI 182 Death & Dying: Challenge & Change 3 cr.
This course is designed to examine the phenomena of death and dying from the historical, cultural, psychological and ethical perspectives. It investigates the research and literature regarding attitudes toward death, past and present, changing definitions of death and their ethical implications, the process of grief and grief therapy and new ways of dealing with the dying and death.

This course examines women's place in society from historical, legal and social perspectives. Included for consideration are theories of social change, recent laws relating to women, contemporary issues (such as domestic violence, employment, education, politics, sexual assault) and agencies for change.
SOCI 231 Social Problems 3 cr.
This course explores the ways that some situations are defined as social problems, and it looks at some of the consequences of those definitions. Students will identify and analyze a wide range of social problems, and they will develop tentative solutions to those problems. A typical list of problems addressed would include power, economy, and social class, our natural environment, race, poverty, gender and sexuality, media, the criminal justice system, illness and health care, war and other international conflicts.
Prerequisite(s): SOCI 181.

SOCI 238 Race & Ethnicity 3 cr.
This course will deal with the major concepts and issues of race and ethnic relations: race, racism, ethnicity, group inequality, prejudice, discrimination, assimilation and pluralism. The major focus will be on the United States, but the course will also examine other multi-ethnic societies as a way of situating American ethnic patterns within a comparative framework.
Prerequisite(s): SOCI 181.

SOCI 282 Sociology of the Family 3 cr.
This course is an introduction to the sociological literature on the family. The course explores the changing expectations and practices of contemporary American family life, and it places these changes in historical, cultural, ethnic, and racial contexts. Course topics include the American tradition of family diversity, theories of the family, and globalization and American families.
Prerequisite(s): SOCI 181.

SOCI 285 Drugs & Society 3 cr.
An introduction to the social scientific literature on drugs, drug use and drug policy. The course seeks to dispel myths and misinformation surrounding drugs - from the definition of the term to the extent and nature of drug use in the United States. Topics of discussion will include the history of drug use and the role politics has played historically in the use and control of drugs worldwide. Proposed and implemented solutions and legislation will also be discussed.
Prerequisite(s): SOCI 181 or PSYC 172.

SPANISH

SPAN 151 Elementary Spanish I 3 cr.
The conversational approach to language learning is used to develop the beginning skills. Students are provided with a basic vocabulary to enable them to enjoy simple conversational exchanges. Audio as well as computer-based material is used to reinforce and expand the skills program in the classroom.
This course is for beginning students or students who have taken one year or less of high school Spanish.

SPAN 152 Elementary Spanish II 3 cr.
The second semester of Spanish is designed to continue building the student’s Spanish language proficiency based on listening and reading comprehension, speaking and writing. Students continue leaning basic vocabulary and grammar. The vocabulary component covers the vocabulary that enables students to keep communication on an elementary level. Audio as well as computer based material is used to reinforce and expand the skills program in the classroom. It is highly recommended that students enrolling in this course have taken two to three years of high school Spanish if they cannot meet the prerequisite.
Prerequisite(s): SPAN 151.

SPAN 251 Intermediate Spanish I 3 cr.
The conversational approach continues to be stressed. The course emphasizes the review of structure while providing the material to develop the four basic skills. Review is achieved by the use of drills, explanation, conversation, reading and graded writing activities. Culture and civilization are briefly explored through reading, lecture and non-print media.
Prerequisite(s): SPAN 152.

SPAN 252 Intermediate Spanish II 3 cr.
SPAN 252 is the second level, second semester Spanish course. Study will include the development of the language skills through conversation, composition, and reading. Opportunities for advanced levels of communication are provided.
Prerequisite(s): SPAN 251.

THEATRE

THTR 189 Musical Theatre Workshop 3 cr. (2+2)
A performance class to assist the student in understanding the acting, singing, and dancing skills required of a musical theatre artist. Through involvement in lecture/demonstration and application, students will synthesize basic music, dance, and acting skills required to participate in a musical theatre production. Recommended for students interested in drama, music, or speech.
Code 3 course fee.

THTR 190 Children’s Theatre Performance 3 cr. (0+0+9)
This course provides students with practical experience in staging, rehearsing, performing and striking a theatre production for young audience members. Students will apply acting, singing, and dancing skills to a fully costumed, technically complete production. By participating in all phases of the production, students will gain an understanding of the complexities unique to a children’s theatre show. Students must participate in all rehearsals, load-in, performances and strike. Productions will be performed at on-campus and off-campus locations.
Code 2 course fee.

THTR 193 Introduction to Acting I 3 cr.
A basic course in improvisation and movement. Experiences and imagination in creating character and situations will be the primary focus of this course.
Code 3 course fee.

THTR 194 Intro. to Acting II 3 cr.
A basic course in character and scene study. Student actors develop and create a wide variety of roles from current and classical drama. Emphasis is on gaining experience in becoming a character. Student actors analyze and act out scenes from a variety of plays establishing character relationships and physical action in production.
Prerequisite(s): THTR 193.
Code 3 course fee.

THTR 195 Intro. to Theatre 3 cr.
This course introduces students to the history and development of theatre from its origin in Greece to the current day.
Code 3 course fee.

THTR 196 Contemporary Theatre 3 cr.
A study of the current trends in the Broadway, off-Broadway, regional European and underground theatre. This course is designed to help the student investigate, evaluate and appreciate these trends and to spur a desire for current theatre. Field trips to Broadway, off-Broadway, and off-off-Broadway productions will be an important part of the course.
THTR 197
Stagecraft I 3 cr. (2+2)
This course covers basic theory and practice of building, painting, rigging and shifting scenery. Code 2 course fee.

THTR 198
Stagecraft II 3 cr. (2+2)
This course covers basic theory and practice of lighting and its control, as well as lighting design. Code 2 course fee.

THTR 199
Theatre Workshop 1 cr. (0+2)
Theatre Workshop is a learning-by-doing process; there is no formalized classroom instruction. Students must participate in forty (40) hours of theatrical production. These hours may be applied in any area the student elects, be it technical, acting (providing the student is cast), or business. May be taken four times for credit.

THTR 296
Theatre in London 3 cr.
Theatre in London is rich and varied. From the experimental Fringe (comparable to the U.S. Off-Broadway) on through to the major productions of The National Theatre and The Royal Shakespeare Company, the diversity and quality provide both a provoking and entertaining selection of one of the world's most exciting theatrical centers. Participants in the course will spend two weeks seeing and discussing plays presented by the National Theatre, The Royal Shakespeare Company (both at the new Barbican in London and The Royal Shakespeare Theatre at Stratford-Upon-Avon), several West End theatres and some of the experimental companies on the Fringe. Participants will also meet in seminar and have the opportunity to discuss productions with guests from these companies: directors, actors, playwrights, designers.

For Visual Communication courses, see Communication, pg. 68 & Electronic Media Technology, pg. 73
### ADMINISTRATIVE, PROFESSIONAL STAFF & FULL-TIME FACULTY

- **Karen Albrecht**, Human Resources Specialist - Recruiting; A.A., Ocean County College; B.A., Rutgers University
- **Maureen E. Alexander**, Assistant to the Dean, The School of Social Science & Human Services; B.S., Excelsior College
- **Bernadette Amato**, Career Coordinator; B.A., Kutztown State University; M.A., The College of New Jersey
- **Torris Andersen, Jr.**, Reference Services Librarian/Associate Professor; B.A., Richard Stockton College of New Jersey; M.L.S., J.D., Rutgers University
- **Judith A. Angona**, Professor, English/Reading; Coordinator of English; B.A., William Paterson College; M.A., New York University; M.A., Monmouth College
- **Eric Antonelli**, Assistant Professor, Science; B.S., Kutztown University; M.S., Georgian Court College
- **Lindsay Antoniuc**, Human Resources Specialist; B.A., Ramapo College of New Jersey; M.S., Rutgers University
- **Robert Austin**, Instructor, Criminal Justice; B.A., West Virginia University; M.Ed., Seton Hall University
- **Richard X. Bailey**, Assistant Professor, ESL; B.A., University of Montana; M.F.A., Bowling Green State University
- **Daniel G. Baker**, Professor, Philosophy; B.A., California State University; Ph.D., Pennsylvania State University
- **Nat Bard**, Instructor, Visual Arts; B.A., Albright College; M.F.A., Tufts University
- **Kathleen M. Basilotto**, Assistant Professor, American Sign Language; B.A., Thomas Edison State College; M.Ed., Northeastern University
- **Edward Baynes**, Varsity Coach, Cross Country; B.A., Iona College; M.B.A., LaSalle University
- **Kevin Beirne**, Varsity Coach, Golf; B.A., Salisbury State University
- **Connie Bello**, Executive Assistant to the President; Taylor Business Institute
- **Ralph M. Bertini**, Television Production Director; B.A., San Francisco State University
- **Norma Betz**, Assistant Vice President of Enrollment Management; B.A., Salisbury State University; M.A., University of Evansville; D. Litt., Drew University
- **Maryann Birdsall**, Professor, Mathematics; B.A., Montclair State University; M.A., New Jersey City University
- **Karen Blayskal**, Senior Human Resources Associate; B.Ed., University of Miami; M.S., Rutgers University
- **David J. Bordelon**, Associate Professor, English; B.A., University of New Orleans; M.A., Hunter College (CUNY); Ph.D., Graduate School of CUNY
- **Alice Botein-Furrevig**, Assistant Professor, English; B.A., Brooklyn College; M.A., CUNY College of Staten Island; Ph.D., Greenwich University
- **Christopher D. Bottomley**, College Lecturer II, Business; B.S., SUNY College Oneonta; M.B.A., SUNY Binghamton
- **Marcia D. Bradley**, Professor, Science; B.A., Caldwell College; M.S., Ph.D., New Mexico State University
- **Kevin Braendly**, Video Operations Manager; A.A.S., DeVry Institute; B.S., College of Staten Island
- **Lisa Braunwell**, Instructor of Nursing and Allied Health; B.S., Franklin University; M.S., Seton Hall University
- **Elizabeth M. Brierley**, Associate Professor, Speech & Theater/Public Speaking; B.A., Rutgers University; M.A., Montclair State University; D. Litt., Drew University
- **Sandy S. Broughton**, Executive Director of OCC Foundation; B.A., Rutgers University, Douglas College; M.A.S., Fairleigh Dickinson University
- **James W. Brown**, Associate Professor, Science; A.B., Rutgers College; M.S., Jersey City State College; M.S., Ph.D., Rutgers University and University of Medicine & Dentistry of New Jersey
- **Sandra Brown**, Professor, Reading/English; B.A., M.Ed., Ed.D., Rutgers University
- **Valerie J. Brownrigg**, Assistant Professor, Reading; A.A. Ocean County College, B.A., M.A., Georgian Court College
- **Lisa Bruder**, Instructor of Nursing; B.S.N., M.S.N., Kean University
- **Scott Bruinooge**, Coordinator of Publications; B.A., Trenton State College
- **Michael Bruno**, Associate Director of Facilities Planning & Construction; B.S., Lehig University
- **Eileen P. Buckle**, Director of Financial Aid; B.A., Georgian Court College; M.P.A., Walden University
- **Eileen A. Burdge**, Community Services Specialist; A.S., Ocean County College; B.A., The Richard Stockton College of New Jersey; M.S., Capella University
- **Linda Burke**, Assistant Professor, Science; B.S., Rutgers University; M.S., Northeastern University
- **Mary A. Burke**, Associate Professor, Computer Studies; B.A., Regis College; M.S., Stevens Institute of Technology
- **Paul R. Butler**, Associate Professor, Engineering Studies; A.A., Ocean County College; B.S.E., Ed.S., M.Ed., University of Florida; M.S., State University of New York
- **Ann Kathryn Byrnes**, Professor, Nursing; B.S., The Richard Stockton College of New Jersey; B.S.N., Trenton State College; M.A., Georgian Court College; M.S.N., Seton Hall University
- **Angel Camilo**, Interim Dean of Adjunct Faculty; Instituto Tecnologico de Santo Domingo; Universidad Autonoma de Santo Domingo
- **Krista R. Camilo**, Instructor, Mathematics; B.A., M.A., Georgian Court University
- **Donna Carbone**, Manager of Accounts Payable and Cash Management; B.S., College of Saint Elizabeth; M.S., Thomas A. Edison State College
- **Kathryn Caro**, Administrator of Nursing & Allied Health; B.A., College of New Jersey
- **Mary Ellen T. Carr**, Professor, English; B.A., M.A., St. Bonaventure University; Ph.D., Indiana University of Pennsylvania
- **Benny Castillo**, Assistant Professor, Social Science; B.A., The Richard Stockton College of New Jersey; M.A., Seton Hall University
- **Lisa K. Cecere**, Assistant Professor, Ceramics; B.A., Rutgers University; M.A., Eastern Illinois University; M.F.A., Southern Illinois University
- **Nicole A. Ciocher**, Assistant Varsity Coach, Women’s Basketball; B.A., Richard Stockton College of New Jersey
- **Antoinette M. Clay**, Assistant Vice President for Instructional Support Services, Academic Affairs; B.A., Montclair State University; M.S.Ed., Monmouth University; Ed.D., Nova Southeastern University
- **Terence Cleary**, Library Circulation Manager; A.A.S., Ocean County College; B.A., Richard Stockton College of New Jersey

ADVISORY COMMITTEES
ADDICTIONS & HUMAN SERVICES ADVISORY COMMITTEE

Wendy S. Berk, Brain Injury Association of New Jersey, Inc.
Kathleen J. Fisher, President/CEO, Family Planning Center of Ocean County
Nina L. Charlton-Hagen, Director of Social and Rehabilitative Services Ocean County Jail
John A. Harz, Chief Talent Officer and Vice President of Human Resources, Visiting Nurse Association of Central Jersey
Dr. Thomas H Jordan, Jr., School Psychologist, Pt Pleasant Schools
Dean LaBollita, College Lecturer, Ocean County College
Patricia B. Leahey, Coordinator, Ocean County Workforce Investment Board
Lynn F. Miller, Human Services Consultant, Ferrante Miller Consulting
Sandra J. Mueller, Chief of Corrections, Ocean County Department of Corrections
Carolyn F. Nixon, Retired Faculty, Ocean County College
Daniel E. Regenye, Public Health Coordinator, Ocean County Health Department
Dr. Sandra G. Williams, College Lecturer, Ocean County College

ADMInISTRATIVE OFFICE MANAGEMENT ADVISORY COMMITTEE

Katherine Dillon, Faculty, Ocean County College
Michael Forcella, Adjunct Faculty, Ocean County College
Wendy Giarratana, Administrative Assistant, Ocean County College
Edward Kissling, Faculty, Ocean County College
John Knight, College Lecturer, Ocean County College
Marilyn Knight, Tuition Grant Coordinator, National Council on Aging Healthcare
Carol Larres, Vice President of Financial Membership, YMCA of Western Monmouth County
Barbara Napolitano, Faculty, Ocean County College
Ellie Younger, Managerial Technician, Ocean County College

BUSINESS ADVISORY COMMITTEE

Mr. Paul Brush, CPA, Certified Public Accountant
James DeAngelis, Director of Community Relations, Lakewood Blue Claws
Katherine Dillon, Faculty, Ocean County College
Kenneth Fitzpatrick, Financial Advisor, Raymond James Financial Services
Dean LaBollita, College Lecturer, Ocean County College
Terry Moncrief, CPA, Withum Smith Brown
Barbara Napolitano, Faculty, Ocean County College
Geraldine Oliverie, Manager/Owner, Oliverie Funeral Home
Sharon Pastras, Senior V.P. & Regional Executive, Sovereign Bank

COMPUTER STUDIES ADVISORY COMMITTEE

Mary A Burke, Faculty, Ocean County College
Dr. Yehia Elmogahzy, Dean, School of Math Science and Technology, Ocean County College
Dr. William Eventoff, President, ESTM Associates, Inc.
Lorraine Figueroa, Principle Member of Technical Staff, AT&T Labs
Nicholas L. Gattuso, Jr., Teacher – AP Computer Science, Point Pleasant Borough High School
Theodore Hall, Senior Solutions Architect, ONX Corp
Dr. Patricia A Morreale, Chair, Dept of Computer Science, Kean University
Jenni-Marie Pollen (Tucci), MIS Director, Preferred Behavioral Health
James B Priestly, III, Technical Solution Professional, Microsoft
Janice Thiers Rohn, Computer Science Department, Monmouth University
Lori Young, Curriculum Supervisor, Ocean County Vocational Technical School

CRIMInAL JUSTICE ADVISORY COMMITTEE

Robert S. Austin, Faculty, Ocean County College
Benny Castillo, Faculty, Ocean County College
Terrence P. Farley, Adjunct Faculty, Ocean County College
Lynch Ford, Prosecutor, Ocean County Prosecutor’s Office
Theodore J. Hutler Jr., Warden/Director, Ocean County Department of Corrections
Joseph Kirchhofer, Faculty, Ocean County College
Michael Mastronardy, Chief of Police, Toms River Police Department
Stuart Martinsen, Senior Probation Officer, New Jersey Judiciary
Sandra J. Mueller, Chief of Corrections, Ocean County Department of Corrections
Eric R. Muniz, Criminal Division Manager, Ocean County Court
Brendon J. Toner, Family Division Manager, Superior Court of New Jersey, Ocean County
EDUCATION ADVISORY COMMITTEE

Irene Benn, Adjunct Faculty, Ocean County College
Kevin Burger, Manchester Township Schools
Bronwyn A. Chartier, Adjunct Faculty, Kean University and Ocean County College
Dr. Vanessa P. Clark, Assistant Superintendent, Lacey Township School District
Robert V. Colangelo, Academic Education Specialist for Kean-Ocean, Kean University
Dr. Judith DeStefano-Anen, Superintendent Stafford Township School District
Lynn Kenneally, Faculty, Ocean County College
Dr. Alfred Longo, Faculty, Ocean County College
Joseph A. Pizza, Interim Assistant Superintendent, Toms River Regional Schools
Dr. Walter Uszenski, Superintendent of Schools, Brick Township Schools
Joseph H. Vicari, Freeholder, Ocean County Board of Chosen Freeholders

ENGINEERING ADVISORY COMMITTEE

Robert C. Burdick, Principal RC Burdick, PE PP PC
Paul Butler, Faculty, Ocean County College
Dr. Yehia Elmogahzy, Dean, School of Math, Science, and Technology, Ocean County College
John Fraterrigo, Adjunct Faculty, Ocean County College
Michael Giuliano, Division Operating Officer, Birdsall Services Group
Noel Leifer, Adjunct Faculty, Ocean County College
Timothy Rioux, Vice President-Construction Services, Birdsall Services Group, Inc
Neil Schiller, Faculty, Ocean County College
Michael A Testa, Principal Engineer, Ocean County Engineering Office

ENVIRONMENTAL SCIENCE ADVISORY COMMITTEE

Joseph Amoroso, Adjunct Faculty, Ocean County College
Robert Artz, Adjunct Faculty, Ocean County College
Dr. Manuel Berberian, Adjunct Faculty, Ocean County College
Dr. Angel Camilo, Interim Dean of Adjunct Faculty, Ocean County College
Christopher Claus, Chief Park Naturalist, Ocean County Department of Parks and Recreation
Dr. Yehia Elmogahzy, Dean, School of Math, Science, and Technology, Ocean County College
Dr. Thomas Fikslin, Adjunct Faculty, Ocean County College

Jan O’Malley
Jack Packenham
Julius Raichele, Assistant Director of Physical Plant, Ocean County College
Pamela Rew
Buzz Reynolds, President, Croll-Reynolds Clean Air Technologies
Fred Rosenfeld
Drew F. Seibert, DDS
Mitchell Shivers
Mike Spark
Bill Warner
Roy Wilkins, Director of Sailing Program, Ocean County College
David Wintrode
The focal point of the college campus, which embraces 275 acres of gently rising wooded land, is a pedestrian mall 900 feet in length. Designed in the form of an arc, it serves as the main artery of traffic between the present campus buildings.

Close observation of the natural beauty of the campus has been made possible by a two-mile nature trail that runs through the woods behind the entrance lake. The area contains many items of botanical interest, including some species that have become almost extinct. The nature trail was developed by students under a professor's guidance, as was the nearby amphitheater.

The major buildings are as follows:

**Administration Building • 1974**
Offices of the President and the Vice Presidents of Academic Affairs, Student Affairs, and Business and Finance are housed in the Administration Building.

**Arts & Community Center • 1972**
(Expanded 2009)
The Fine Arts Center houses a 425 seat theatre, necessary backstage activity areas, a music rehearsal room, ceramics, sculpture and painting studios, galleries, classrooms, offices and a black box theatre.

**College Center • 1967**
(Expanded 1970 & 1992)
Student Life activities are housed in the College Center that includes a cafeteria with a display area, snack bar, student lounge, recreation area, faculty dining room, administrative and student government offices, and meeting rooms. The College Center is also the location of the college bookstore.

**Facilities Maintenance Building • 2005**
At the front of the maintenance complex stands the 15,000 square foot Facilities Maintenance Building which houses offices and college-wide storage rooms.

**Health Sciences Building • 1970**
Between the Library and the Instructional Building is the one-story Nursing Arts Building that contains offices, storage, classrooms, and various labs (skills, computer and multimedia). It is connected to the Instructional Building by an arcade.

**Health & Physical Education Center • 1967**
(Expanded 1974)
The Health and Physical Education Center, providing instructional areas for men and women, contains a regulation intercollegiate basketball court, a six-lane swimming pool, a small multi-purpose room, classrooms, and offices. Shower and locker facilities and outdoor athletic fields permit the inclusion of a complete health and physical education program in the curriculum.

**Instructional Building • 1967**
A three-story structure, the Instructional Building, embraces 62,000 square feet of space for classrooms and faculty offices.

**Instructional Computer Center • 1982**
Next to OIT is the Instructional Computer Center, which contains classrooms, and a computer laboratory. This building is the instructional base for the college's computer studies program.

**John C. Bartlett, Jr. Hall • 2009**
The John C. Bartlett, Jr. Hall is the newest facility on-campus with an opening of Fall 2009. This 32,000 square foot building houses a 72 seat classroom, 15-34 seat classrooms, three computer laboratories, faculty offices, administrative space, employee and student lounges with wireless computer connections, adjacent faculty office space and supporting storage rooms and mechanical rooms.

**Gateway Building • 2013**
A five-story, 74,000-square foot structure, the Gateway Building on Ocean County College’s new upper campus is shared by OCC and its partner Kean University. The building houses a 200-seat lecture hall, 26 classrooms, four specialty labs, offices for 54 faculty, a conference room, a fifth-floor meeting and event area, a student lounge, coffee kiosk, and the Kean University’s administrative offices. The environmentally sensitive, Leeds Silver certified, facility is heated and cooled by a Geothermal well field and offers panoramic views of the lower campus, Barnegat Bay, the Barrier Island, and Hanger #1 on the Lakehurst Naval Air Engineering Station (Joint Base McGuire-Dix-Lakehurst), and is supported by two parking lots containing 192 spaces. In the not too distant future, OCC will introduce a new exit that will run from the upper campus to Bay Avenue.

**Library • 1967**
(Expanded & renovated 1995)
The Library now houses various collections, reading areas and study rooms, a personal computer lab, a media viewing area, a reference collection and government documents as well as office areas for the college's Human Resources, Academic Support Services, Disability Resource Center, Testing Center, ESL Laboratory, Ocean County Tech Prep Program, and the main Switchboard/Reception area.

A special feature of the library is the Harry D. Susnna Carillon Tower. The 100-foot tall carillon tower contains expansive reading areas, large windows providing far-reaching views of the campus, and two clocks.

**Maintenance Building • 1971**
(Expanded 1981)
In a wooded area to the east of College Drive directly behind the Facilities Management Building and the Purchasing Building is a one-story Maintenance Building. This 5,500 square foot building has storage rooms and physical plant offices and locker facilities, in addition to painting, plumbing, carpentry, electrical, and auto repair shops.

**O.C.E.A.N., Inc. Kids Child Development Center • 2007**
The Ocean Community Economic Now’s childcare center (located next to the tennis courts) provides quality child care with an early childhood development curriculum and Head Start for the Ocean County community.

**Office of Information Technology • 1971**
(Expanded 2010)
West of the TV Studio is the OIT, which houses computer and related equipment and staff that service the college’s administrative functions.

**Robert J. Novins Planetarium • 1974**
(Renovated 2010)
The Robert J. Novins Planetarium, made possible through the interest and generosity of the Novins family, provides seating for 100 beneath a dome 40 feet in diameter. At the center of the theatre is a Spitz and a digital theater system projector. The building also contains a classroom, offices and workrooms.

**Security Welcome Center • 1972**
The building is located in the rear of parking lot 1. It houses the Security Department and is open 24 hours a day, 7 days a week. Students may obtain their College ID card at this location.

**Southern Education Center • 2000**
The Southern Education Center is located at 195 Cedar Bridge Road in Manahawkin. Credit and Continuing and Professional Education courses are held in this building, which has five classrooms, a computer classroom, four offices and a student lounge.

**Technology Building • 2004**
The two-story Technology Building located behind the Russell Building is a 27,000 square foot structure which houses five teaching computer labs, Media Services, two computer graphics labs, an ITV classroom, a video post-production studio, a 72-seat stepped seminar room, an executive conference room, and faculty and support staff offices.

**TV Studio • 2005**
To the north of the Instructional Building is a one-story TV Studio with a high tech classroom for 35. It is equipped with a projection system and screen as well as audio-visual aids.

**W. Kable Russell Academic Building • 1990**
The two-story W. Kable Russell Academic Building is located between the Lecture Hall and the College Center. Its 27,000 square feet are devoted to classrooms, laboratories, faculty offices, seminar rooms, a faculty lounge, conference room, and storage and media rooms.

**William T. Hiering Science Building • 2000**
Built into the hillside near the College Center, this building houses state-of-the-art science laboratories, lecture halls, classrooms and offices.
COLLEGE POLICIES

AFFIRMATIVE ACTION POLICY
Ocean County College is an Affirmative Action/Equal Opportunity/ADA institution and employer dedicated to equality of opportunity for all persons in all areas of its operations. The college is committed to nondiscrimination and has in effect an Affirmative Action Program, including compliance with provision of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

The Affirmative Action Program at Ocean County College has been assigned to the Department of Human Resources and the Director of Human Resources has been designated College Compliance Officer. The Director of Human Resources is located on the ground floor of the Administration Building. While the Director of Human Resources will provide college-wide supervision over Affirmative Action, the Vice President of Student Affairs will be primarily responsible for Affirmative Action compliance in all matters pertaining to students and student life. The Vice President of Student Affairs is located on the first floor of the Administration Building.

The Affirmative Action Program and related policy statements are available for review by any interested person during regular office hours in the Department of Human Resources located on the ground floor of the Administration Building.

SEXUAL HARASSMENT POLICY
Ocean County College will not tolerate any unwanted or unwelcome attention of a sexual nature, whether verbal or physical, of any employee or student. Any student who believes he/she has been subject to possible harassment on the basis of sex should contact the Director of College Health Services, Room A106, who will put the student in contact with a facilitator. A student may file a formal complaint with the Vice President of Student Affairs after or instead of utilizing this informal procedure.

GRIEVANCE POLICY
Any student who believes he or she has been subject to possible discriminatory treatment on the basis of race, handicap, etc., may file a complaint through the Vice President of Student Affairs. All complaints will be handled in accordance with the college’s Grievance Policy, #5230, available in the Office of the Vice President of Student Affairs. In conducting any investigation or review, the right to confidentiality, both of the complainant and the accused, will be respected. The review will be conducted as quickly as possible.

DRUG POLICY
Ocean County College is an educational institution committed to maintaining an environment which allows students to enjoy the full benefits of their learning experience and to understand the negative consequences of the illicit use of alcohol and drugs on their lives. In accordance with Policy #5246.1, approved by the Board of Trustees of Ocean County College, and in accordance with Public Law 101-226, the college declares that it will make every effort to provide its students with an environment that is free of the problems associated with the unauthorized use and abuse of alcohol and illegal drugs.

The college is committed to promoting the wellness and positive self-development of its students. The unauthorized use and abuse of alcohol and the illegal use and abuse of drugs inhibit students from attaining the benefit of their learning experience, expose them to serious illnesses and health risks, and therefore are prohibited. Counseling Services and Health Services Office provide direct assistance and confidential referral services for students seeking help with a substance abuse problem. Copies of the policy are available from the Student Health Office, Counseling Services, The Advising Center and the Office of the Vice President of Student Affairs.

STUDENT OBLIGATION TO KNOW
All Ocean County College students have the responsibility for being fully aware of college policies and regulations affecting students. In addition to this catalog, students should consult the Student Handbook and the Ocean County College policy book (a copy is kept in the Vice President of Student Affairs Office) for current policies and practices of the college.

THE FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA) OF 1974
The Family Educational Rights and Privacy Act of 1974 sets out requirements designed to protect the privacy of students. Specifically, the statute governs (1) access to records and (2) the release of such records.

Ocean County College has developed policies and procedures which comply fully with the intent of this legislation, thereby ensuring students access to their educational records and protecting such individuals’ rights to privacy by limiting the transferability of their records without their consent.

The other major aspect of the Privacy Act of 1974 refers to the release of information concerning students. Other than the information listed below, hereafter referred to as “directory information”, the written consent of the student must be obtained before data can be released about that student. This applies to potential employers, schools where students may wish to transfer, reference checks, etc. “Directory information,” on the other hand, is information which may be released by the college unless a student notifies the Records Office that such information in part or in whole is not to be released.

“Directory information” includes the following: student’s name; student’s address; student’s telephone listing; date and place of birth; major field of study; participation in officially recognized activities and sports; weight and height, if a member of an athletic team; dates of attendance; degrees and awards received; and most recent previous educational agency or institution attended by the student.

It is the student’s responsibility to notify the Records Office if he or she does not wish to have any or all of the above information released.

All inquiries regarding established policy and procedures relative to this act should be directed to the Office of Registration & Records, located on the mall level of the Administration Building.

Additionally the following information is available for the privileged use of the members of the Vice President of Student Affairs’ staff and the faculty of Ocean County College. This information may not be released to any other parties without the written consent of the student and is considered confidential.

1. Test results (standardized intelligence tests, aptitude tests, interest inventory tests, etc.)
2. Health data
3. Faculty evaluations including mid-term reports and attendance reports
4. Counseling reports and evaluations
5. Disciplinary reports, including disciplinary actions
6. Any and all information maintained in a student’s permanent education record
