POLICY

Students suspended for disciplinary reasons will be governed by the following:

1. Suspended students will not be permitted to complete make-up work.

2. Absences incurred during the period of disciplinary suspension will be considered part of the limit set by the instructor as defined in College policy #5162.

3. Should the number of absences exceed the limit allowed as a result of the disciplinary suspension, the student may not be dismissed. However, should a subsequent absence occur, the provisions of College policy #5162 will prevail.
