1. Arrange an appointment with the Assistant Director of Student Life to discuss your organization.

2. Submit a list to the Assistant Director of Student Life of the prospective members and officer candidates.

3. Select a faculty advisor(s). Every official student organization must have an advisor who will act as the representative of the College. An advisor is usually a full-time faculty member or an administrative officer of the College. The advisor is chosen, usually by the student organization, after consultation with the Assistant Director of Student Life in order to avoid duplication of invitations and the overloading of an individual's schedule.

4. Establish a permanent time and place for meetings.

5. Construct your budget. It will be necessary for all new official student organizations to submit a budget applicable until the end of the academic year at the time of initial approval. Thereafter, the treasurer of the organization should prepare a budget for the following academic year and submit it to the Assistant Director of Student Life no later than April 1.

6. Formulate your constitution. To become operative on campus, all student organizations must have a constitution compatible with the philosophy of the College and with Local, State, and Federal laws.

7. After your membership list, faculty advisor, and constitution are filed in the Life Office, your organization will be eligible to be officially recognized by the Associated Students of Ocean County College (Student Senate.)
