

Seminar Leader

Dr. Mary-Ellen Rada, College Lecturer for Ocean County College, teaches Chemistry and Anatomy & Physiology. Dr. Rada authored the Study Abroad Science course for Italy, all ten of the Holistic Health and Wellness courses as well as two 2-credit science courses.

She is advisor of the Holistic Health and Wellness Club, Chair of the Academic Standards Committee, Director of the Jersey Shore Junior Science Symposium and the Director of the Ocean County College Holistic Health and Wellness Day.

Dr. Rada also regularly teaches a Continuing Education Credit course for the Garden State Chiropractic Society Convention and is an Adjunct Professor at Monmouth University.

Dr. Marilyn Kralik, Professor of Art History and Islamic Civilization at Ocean County College. This will be her eighth OCC travel seminar to Italy (she has also taken students to Morocco and Great Britain) and she is excited to explore the connections between Art and Science in Florence and Rome.
