SUMMER CAMP CAMPS

KIDS & TEENS ON CAMPUS

SUMMER 2019 – JUNE–AUGUST • AGES 3-17

go.ocean.edu/cpe
Introduction
Welcome to OCC’s 2019 Kids on Campus Summer Camp programs!! We are excited to offer our community a variety of fun, imaginative, and creative camps. This year we have some AWESOME new additions to the schedule, including Crayola World of Design, NASA: Journey to Outer Space, eSports Apprentice - YouTube Streamers and Games, Secret Agent Lab and SUP Yoga!

Our entire team here at Continuing & Professional Education is dedicated to enriching the lives of our community’s kids and teens academically, socially, and emotionally. Our camp coordinators, instructors, and counselors embody the compassion and passion necessary to create an atmosphere of connectedness and comfortability so that each child’s individuality is nurtured and respected by all.

We are so grateful to all the families who continue to trust us with the hearts and minds of their children and welcome the new and upcoming families into our community with excitement and anticipation for our best Kids on Campus Summer Camp yet!

Warmly,
Kerry Holzschuh
Youth & Camp Coordinator

Kids on Campus Policies
The Kids on Campus programs are intended to be an educational, fun experience for children. To insure a healthy and happy summer, please adhere to the following parameters:

- Registration: A Health & Waiver form must be completed for children 17 & under. This form is available [here](#).
- Emergency Information: In the event of an emergency, it is imperative that the Kids & Teens Camps has current contact numbers. If your number changes, even where you will be for the day, please provide this information to the instructor when dropping off your child.
- All campers should pack a snack and a bottle of water.
- Daily Check In/Out Procedures: All campers must be dropped off and picked up at their classrooms. Students must be signed in and out of camp by a parent, legal guardian or legally designated adult. It is imperative that children are picked up promptly at the end of class.
- Plan to register early as class size is limited.

NEW  Camp STEAM Ages 9-12
Our Science, Technology, Engineering, Arts, and Math STEAM Camp engages campers in workshops that focus on fundamental skills they need to improve their critical thinking skills. Campers learn to define & clarify a problem, judge information related to a problem, and solve the problem as well as draw conclusions. Through activities focused on discovering answers, campers develop a point of view that improves their academic & social perspectives of the world. Our STEAM Camp encourages the discovery of new ideas & meanings using content-based assignments. Through the investigation and modeling of important critical thinking strategies campers improve reading, writing, listening, speaking and presenting skills. This skill-set helps them in their academic disciplines. Our goal is to move students from dependent learners to independent, self-motivated, life-long learners. Throughout the skills based and text-based instruction, campers gain a sense of empowerment & control over their learning.

**Our Living Shore Discovery: Hands-on Science Camp Southern Edition Ages 9-13**

Our Living Shore Camp is back again! One of our most popular OCC camps promises to be a fun-filled adventure for your child who loves science. CPE offers this wonderful camp opportunity centered on the NJ Science Standards. Campers take field trips 4 out of the 5 days and explore all science topics, combining history with language arts/writing skills. Study all areas of science including coastal geology, beach formation/composition, and the habitats of local marine life. Learn the value of wetlands, bird life, plants, and trees. First day focus is preparation for the field trips. Campers go to Cattus Island in Toms River for observation of shore birds. We visit a maritime forest and a marine ecosystem with a boat ride on the Barnegat Bay and a naturalist. We spend 2 days at Long Beach Island for a scavenger hunt, wave study, coastal geology, and sand sampling on both the bayside and ocean side. Next, it’s 1 day at Brigantine National Wildlife Refuge where we explore one of the most popular & growing hobbies in the US...birdwatching. Here, we observe backyard birds, shore birds/wading birds, hawks, and ospreys. Activities are subject to change due to severe weather conditions. REQUIRED: Bring a lunch, plenty of water, sunscreen, towel, camera, binoculars, hiking boots, water shoes, and money for souvenirs.

**eSports Apprentice: YouTube Streamers & Gamers Ages 8-14**

For the next pro gamer, streamer, or gamecaster, our camp teaches the basics to get started! No longer just a hobby, eSports is the fastest growing career for the next generation. Over 400 million people watched YouTube videos and Twitch streams of video game competitions this year alone! In our camp, campers develop competitive game-play skills in Black Rocket’s new eSports App, learn how to produce commentary for live tournaments, use professional streaming software, and most importantly, practice online safety. They gain full access to the eSports App and a video of their class tournament with commentary. We do not broadcast videos publicly, but they are shared with all campers in the class.

**NEW NASA: Journey to Outer Spaces Ages 7-11**

Mad Science has teamed up with NASA in a quest for exploration! We’ll take a voyage of discovery into the atmosphere and beyond as we explore planets, moons, and other space phenomena in our solar system. Things will heat up as we examine the sun and other stars and discover the difficulties of space travel! Campers get a firsthand experience of the challenges of living in space as they try to assemble a satellite while training to be an astronaut. They build their own Mad Science rocket and participate in a real NASA style rocket launch. Campers have many projects to make and many cool NASA take homes, including a gravity assisted launcher, a Shuttle Copter, and more! Mad Science is the ONLY organization licensed by NASA to use these activities for Summer Camps. Our Camp is Out of this World!
